THE AERIAL TROLLEY ROUTE TO THE HOSPITAL

It's a long trip from the heights in the Trentino to the hospital—on the ground. But the Italians have solved this by making a carriage for wounded soldiers which can be used on the aerial trolleys built for moving big guns and other war supplies. It's short work, by use of this trolley, to get a badly wounded soldier into the hospital.

aims and with our justification for war have had an effect upon the German people.

Lloyd George's statement Saturday will also help out the situation, particularly in Russia and Germany. The allies have a case they can afford to exploit in the fullest possible manner and they should do it.

Frankness as to the allied war aims makes friends for our cause and at the same time nullifies slanders propagated against us by the enemy.

THE ONLY WAY

AS in the past it may be expected that any practical plan for governmental development of water power on a basis of serving the public will be bitterly contested by the power interests, their lawyers, politicians and the ultra conservative press. It may be expected that the old bogey of state rights will be brought forth and used for all it is worth and then some.

Nevertheless we will never settle the water power question right until development is arranged for on a federal basis. Federal development will mean full development. The government can do things entirely beyond the reach of private capital. Take for instance the power at Celilo falls and other places along the Columbia. Private capital could never master the task of bringing that power into the best use. Private development calls for the least possible development and the highest price obtainable for electricity. Governmental development calls for thorough development, regardless of cost, and for selling electricity at the lowest possible price consistent with a policy of meeting expenses.

Those opposing thoroughgoing federal development of water power oppose the only plan whereby power resources may be developed on a basis of real public service.

FARM TRACTORS TO FRANCE

TO increase France's crops and to lighten the burden of toil on her old men, women and children, the United States Food Administration will ship 1,500 farm tractors to that country. The first hundred are already on the way, and the whole number will be in France by March, in time for the spring plowing. They are expected not only to be of immense service to France, but to release added tonnage for the allies and American troops by increasing the amount of food produced there thus decreasing the amount of food that must be shipped from America.

The idea originated with former American Ambassador to Turkey Henry Morgenthau and his son, Henry Morgenthau, jr. The Food Administrator approved the idea. Deck space was provided for the first shipment of tractors aboard a naval transport through the efforts of Assistant Secretary of the Navy Franklin Roosevelt and Pay-

master General McGowan. The Food Administrator designated Henry Morgenthau, jr., to follow the machines to France and put them in operation. He will organize schools of instruction for French operators and will assist the French minister of agriculture in distributing the tractors and operating them economically.

Having gotten a good first hand glimpse of the German trap the Russian bear may be a little more wary hereafter.

Tom O'Brien is now in a class with Tom Tweedy though as yet he gets no pension for Indian fighting.

Every time Lloyd George speaks he puts the kaiser in bad with the civilized world.

Just now they are taking time out on the western front.

There may be plenty of fruit jars for the coming crop.

28 YEARS AGO

(From East Oregonian, Jan. 7, 1899)
Born: On Jan. 6, 1899, to the wife of Frank B. Clifton, a daughter.

Born: Near Pendleton, Oregon, Sunday, Jan. 5, to the wife of Frank Brown a bouncing boy.

The following appears on the Villard House register: "J. H. Turner, La Grippe." We always thought the gentleman was from Missouri.

The Umatilla river is almost frozen over, and fine skating ponds are found along the edges.

A skating party had a jolly time last evening near the Main street bridge.

A horse belonging to a ranch hand fell down a well 44 feet deep on John Summerville's ranch Sunday. A derrick was procured, a man lowered into the well, and a noose placed about the horse's neck. It was then brought to the surface, placed on terra firma and found to be alive.

Feminists allege that "the father is only a casual parent." It is gratifying to find the poor wretch listed, if only casually.

War compels efficiency — which constitutes for fathers one of the notorious horrors of war.

IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus quelling bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

The Weakly Bulldogger

MONDAY, JANUARY 7, 1918.

Requiescat in Pace, Kernel.

Inasmuch as the grand jury is in session, the editor of the Bulldogger has seen fit to leave for Portland on a vacation. Not that there is any connection between our departure and the session of the grand jury but we mention the two together because if we didn't Kernel Wood, Lett we should forget the kernel during our absence. We will make a daily trip to the Portland city museum where there are other fossils to be seen.

Si's a Hair-raiser, Not a Hair-raiser. Since bulldogging an automobile thief, Si Reetz has achieved considerable renown as a daredevil and it is reported that Helen Holmes, the thrill maker of moviedom, has wired him an offer of \$100 a week to perform before the camera with her. Si makes little of his heroic performance. Being a barber by trade, he says he has grown quite familiar with close shaves. In fact he says his life has been just one scrape after another.

Warz EB.

Here is one that has been going the rounds of the papers and which should appeal to all patriots: My Tuesday's are meatless, My Wednesday's are wheatless, And I'm growing more catless each day. My home it is heatless, My bed it is sheetless, They were sent to the Y. M. C. A., My coffee is sweetless, The barnrooms are troutless, Each day I grow older and wiser, My socks they are festless, My trousers are seatless, My God, how I do hate the kaiser.

So The People May Know.

Mr. Bulldogger: Why is it that you never leave any more to say about Judge Marsh? I used to so love to read about him. Sincerely,
MISS FITT.

Dear Miss Fitt: We promised Judge Marsh immunity from mention if he would get married. He called our bluff and went and did it. We not only feel like we should fulfill our promise but, being a married man myself and knowing too well his troubles in those

THEY ARE BUT MASKS.

The Parsee knelt to the Golden Sun,
"Thou art the God of Life," said he,
The sun went down when the day was done,
And the Parsee said "It cannot be."

"O! Silver Moon with thy starry host,
Thou art the God of Life," said he,
The moon grew wan like a pallid ghost,
And the Parsee said "It cannot be."

It cannot be. In vain we pray
To suns and moons. They cease to shine.
They are but masks that shall fade away
From the features of the Face Divine.
—From Early Verses by Edwin A. Grozier.

POLITICAL BOMBING IS EFFECTIVE

THE success of the war calls for considerable work in the direction of political offensive as well as work of a military nature. The Russian problem is largely a political one. The Germans carried on political propaganda in that country with such success it might be classed as having brought greater results than did the Mackenzen armies. The work, cleverly carried out, was responsible for getting Russia out of the war and for thus imposing great additional burdens upon the allies.

In view of the importance of the political end of the game it is gratifying to see the allied leaders awake to the possibilities open to them along this line. President Wilson has always been alive to the situation and unquestionably his messages dealing with America's

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now, instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

ARMAND'S

The only NEW face powder in the past 50 years

Oh yes, there are many, many kinds of powders on the market, but this one is absolutely different from any you have ever had. The price is reasonable, too—

50 cents
KOEPPEN'S
Have It.

CONSTIPATION IS A PENALTY OF AGE

Nothing is so essential to health in advancing age as freedom and normal activity of the bowels. It makes one feel younger and fresher, and forestalls colds, fevers, and other dependent ills.

Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative, recommended by physicians and thousands who have used it, is far preferable. This is the combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle; a trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

THE UNIVERSAL CAR

A little extra attention to your Ford car, a little adjusting now and then, will help to keep it in prime condition and add to its ability to serve you. Bring your Ford car here. Why take any chances? Let those who know how, those who use genuine Ford parts, take care of your car. To be sure of getting the best service from your Ford car let skilled Ford men care for it. Prompt attention assured.
