NEWS OF FARM AND RANGE

ATHENA FARMERS TO SOON BUILD ELEVATOR

ESTABLISHMENT WILL HAVE A CAPACITY OF 125,000 BUSHELS.

Farmers at Athena to Build Elevator.—About 25 prominent farmers of Athena are about to let the contract for a wheat elevator to be constructed in Athens on one of several sites, near the railroad that has been offered. This elevator will have a capacity of 125,000 bushels. It is to be built entirely of concrete and equipped with all the modern improvements, including a cleaner and smelter. The entire plant when completed will cost in the neighborhood of \$35,000.

The men who are interested will organize a stock company. With each farmer subscribing stock in proportion to his estimated crop, which will be about 32c per bushel for each stockholder who subscribes. This will enable these farmers to handle their own wheat in bulk and to do their own cleaning and grading before shipping. The plant is assured by practically all the stock is now subscribed. Work on the structure will be started at a very early date.

Makes Hens Pay.—D. C. McFadden the White Leghorn poultry breeder of Athena is deriving a good revenue this winter from his flock of hens in spite of the high cost of feed. Mr. McFadden has nothing but White Leghorns, all from the best laying strains in America. This flock of hens are, and have for the last four months set a record of 35 per cent egg production.—That is, a little better than one-third of his hens have been laying each day throughout the winter. He states that one day in December he received an egg from the 400 that comprise the flock. His eggs have averaged

high throughout the winter about 50c a dozen, although they are somewhat cheaper now.

Vern Bannister Loses Two Dressed Hogs.—A few days ago Vern Bannister, butchered 8 fat hogs at his hog yard about a mile west of Athena and as he hung his usual custom left them hanging over night, planning to take them away the next morning. But on returning to haul them away the next morning he found two were missing. Some one had come during the night and relieved him of two that weighed about 275 pounds each. No clue or trace of the thief or thieves have as yet been found. Vern figures that he is out about \$100, figuring the present price of dressed pork.

Complete Slaughter House.—Ed Liesegang, proprietor of the Echo market, has just completed the building of a new slaughter house out at the edge of town. The building is 16x24 with a killing room, hide room, rendering room, besides several smaller buildings. Also a concrete reservoir has been built near the building to contain water for scalding and irrigation purposes. Mr. Liesegang has been in Echo the past three years and is one of Echo's most progressive business men.

First Robins Appear.—Some say that robins are the harbinger of spring, if that is the case we may expect spring early this year, as they are appearing in large numbers around Weston and Athena, living in the orchards and subjecting an apples that were left hanging in the trees from the previous fall.

Has Leg Amputated.—Lawson Booher, son of Sam Booher of Athena, had one of his legs amputated in a Portland hospital a few days ago. Young Booher, who was a high school student, received his injuries playing basketball about a year ago. The bone of his leg recently began to decay which made amputation necessary. Lawson, who graduated this year,

DRAFT BOARDS WILL BE PAID 30C A MAN

SWEETING CHANGE MADE IN COMPENSATING MEMBERS LOCAL BOARDS.

Instead of Being Paid \$1 An Hour, Members Will Hereafter Get 20 Cents for Every Man Classified.

PORTLAND, Jan. 14.—A sweeping change in the method of compensating members of local draft boards for their work in connection with the selective service law has just been ordered by the provost marshal general at Washington.

Instead of being paid for their work at the rate of \$1 per hour, as has been the case, they are to be paid on an unit basis. That is, at a certain specified rate for every man to whom a classification has been set by the board and whose final classification has been made.

Thirty cents per man classified for each board has been fixed as the rate of compensation.

In ordering this change in the method of compensation, the provost marshal general has emphasized particularly the fact that many board members, and in many cases entire boards, are giving their services to the government without any compensation whatsoever.

To these patriotic officials the government has expressed its deep appreciation of their services.

But unfortunately, it is explained, other board members have turned in claims that are felt to be extravagant. So high are these claims to the aggregate that they total more money than congress could be expected to appropriate, or the people to approve, for that purpose.

The decision to change the method of compensation by placing it on a unit basis of 30 cents per man classified for each board was largely influenced, the provost marshal general explains, by the urgent suggestions of many board members themselves who felt keenly the erroneous

Any board member who desires to give his services to the government may still do so under the new regulation. Furthermore, it is provided that any board may, by unanimous vote, arrange that one member, or two members of the board, may receive the compensation, though in such case no two members may receive more than 25 cents per man classified, or if only one member is to be compensated, he shall not receive more than 15 cents per man classified.

War time cooks are now singing the praises of orange peel as food. Dr. Gray wrote about it in The Daily News long ago.

Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise, and indulge a natural disposition to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly. It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with prepared oil in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA.

Grandmothers, lent her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it cures so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears—after another application of two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

STOP PAIN! RUB NEURALGIA AWAY

INSTANT RELIEF FROM NERVE TORTURE AND MISERY WITH OLD ST. JACOBS LINIMENT.

Rub this soothing, penetrating liniment right into the sore, inflamed nerves, and like magic—neuralgia disappears. "St. Jacobs Liniment" cures neuralgia. It is a harmless "neuralgia relief" which doesn't burn or discolor the skin. Don't suffer! It's so needless. Go a small trial bottle from any drug store and gently rub the "aching nerves" and in just a moment you will be absolutely free from pain and suffering. No difference whether your pain or neuralgia is in the face, head or any part of the body, you get instant relief with this old-time, honest pain destroyer—it can not injure.

motored to the county seat Thursday. The Knights of Pythias gave their supper Wednesday night. A good crowd was present and a short program was given. The program included a reading by Mrs. I. C. Eggers, duet, "Goodbye, Good Love and God Bless You," by Miss Jessie Chesnut and Mrs. Chas. Bunch, readings, Ralph Wallin, Dan McIntyre, and Sullivan Bremer. All enjoyed a pleasant evening. The evening was spent in playing games and cards. Refreshments were served at a late hour, consisting of sandwiches, cake, pickles and coffee.

Mr. and Mrs. J. C. Chesnut were visitors at the county seat Wednesday.

Mrs. Charles Schatz was a visitor at the county seat Thursday.

Mr. and Mrs. J. W. Spencer and Miss Beulah Spencer returned some Thursday from Portland where they were visiting relatives for a few days.

Mr. and Mrs. S. B. Hunter and daughter Della motored to the county seat Saturday.

Ralph Wallin motored to the county seat Friday.

Harley Hathcock was in Adams Tuesday.

ARIZONA DROTH IS BROKEN.

TUCSON, Ariz., Jan. 11.—A record-breaking droth for Tucson and southern Arizona was broken this afternoon when rain began falling. This is the first rainfall since September 10 and cattle ranges have been badly burned.

ATTRACTIVE RIDING COSTUME, THIS

Part of the wise woman's war work is to keep herself physically fit in order to perform the duties which war brings. Exercise, therefore is as popular and as necessary as ever, and with the smart set, horseback riding is the chosen form for winter mornings in the park. This attractive habit is designed for the young woman rider. It is constructed of oxford riding. It is constructed of oxford riding. It is constructed of oxford riding. It is constructed of oxford riding.

THE THEATRES

"THE WOMAN GOD FORGOT" NIGHT PHOTOGRAPHY SEEN IN METRO PLAY

Pastime Sunday and Monday When the Arctics in the time of Montezuma decided that woven feather cloaks were to be the sign of the nobility, they did not reckon for the trouble they were to cause future generations who wish to immortalize the early days of North America on the never fading film.

Gerardine Farrar, who so wonderfully and vividly immortalized Joan of Arc in the great production of "Joan the Woman," was selected by Cecil de Mille to perpetuate the career of "Joan," Montezuma's daughter, who for love sold her city to the conquering Spaniards under Cortes. It is upon this that Jennie MacArthur's story the Arctics spectacle, "The Woman God Forgot," at the Pastime Theatre Sunday and Monday was founded.

For three months before the actual filming of the picture, Director Cecil de Mille's research department was at work in libraries and museums and even invaded Mexico itself, to photograph the ruins of the ancient Aztec palaces.

SUPERB CAST CHOSEN FOR PATRIOTIC PLAY

Emily Stevens Has Powerful Support in Metro's "The Slacker."

"The Slacker," Metro's great, special patriotic production, due to which the gifted star, Emily Stevens, appears, has been given a cast of unusual distinction by its author-director, William Christy Cabanne.

The part of "The Slacker" has been entrusted to that sterling actor, Wallace Miller. Mr. Miller was associated with Mr. Cabanne on the Pacific coast under the Griffith banner. He has had valuable experience in both stage and screen work. His motion picture experience has included feature productions with the Biograph, Fox and Universal companies.

Leo Delaney has the important role of John Harding. Mr. Delaney is one of the most valuable players known to the screen world. Among his recent pictures are "Sue Snowflake" and "The Vital Question." Before going into the stock work which comprised his first stage experience, Mr. Delaney was a successful lawyer. He is a native of Vermont.

Ernest Jordan who plays the part of the sailor lad in "The Slacker," is also a graduate of stock work on the speaking stage. "Haunting Shadows," a World production, is one of his best known pictures.

SEEKS WORST BOY IN U. S.

Chicago Brotherhood Says He Will Be Good in Six Months.

CHICAGO, Jan. 12.—The meanest boy in the United States is sought by the Chicago Boys' Brotherhood Republic to be used as an experiment to prove that bad boys are the products of society and environment. A committee plans to leave here February 1 on a tour of twelve of the largest cities in search of the 100 per cent bad boy, when he will be brought to Chicago to live with members of the organization.

"In six months we'll turn him into a 100 per cent good boy," said one member. Resolutions adopted last night authorizing the plan, described the boy as follows: "He must be the meanest, the fourest, the most unscrupulous, the most dishonest, the most evil, vicious, wicked—in fact the worst boy morally that a human being can be."
