## SAYS ROOSEVELT IS MOST POTENT AGENT OF GERMAN KAISER

WASHINGTON, Jan. 21.—Senator Stone in addressing the senate denounced Theodore Roosevelt as the "most potent agent of the Kaiser, the most sedulous man of consequence in America." During his speech scathingly denouncing those "making politics out of the war" he demanded the same rule be applied to Roosevelt's writings and utterances as was applied to the private citizen who reported to a minor degree what Roosevelt had written. He said the man was arrested.

"The heart of Roosevelt is aflame with ambition and he runs amuck. On my responsibility as a senator, I charge that since our entrance into the war, Roosevelt has been a menace and obstruction to the successful prosecution of the war. His chief thought has not been to help the government solve the mighty problems but always of Roosevelt."

## PERSHING LIFTS PHOTO BAN

WITH THE AMERICAN ARMY IN FRANCE, Jan. 21.—Accredited correspondents attached to the American army in France are again permitted to carry cameras and take photographs of troops in training in action. An order to this effect has been issued by Gen. Pershing. Fifteen weeks ago orders from Washington made photographing a monopoly of the signal corps with the result that pictorial publicity was seriously reduced.

Though unrestricted photographing of troops and equipment is looked upon as dangerous in that it may give military information of value to the enemy, Gen. Pershing took a position against an arbitrary order stopping everybody from using cameras. Correspondents will have to submit the photographs they take to censorship as they do written articles sent by cable or mail.
