French Is Harder to Speak Than It Looks Says Corporal Morgan

It gives one a headache to try to say anything unless you speak French and French is harder to speak than it looks, writes Corporal George A. Morgan, Co. E, 116th Engineer, "Somewhere in France" to his father, Edward Morgan, of this city. He is located near a French village and is well housed and cared for.

Learning in primary school, spelling and physical exercises keep him fit in body and mind and all of his boys from Pendleton are in good shape, he writes. He writes that next to letters he and the other boys like to get American tobacco. The home papers, writing paper and envelopes. Paper is very high and hard to get, by states.

Lester Norman, Pendleton boy who is with the same company, had just returned from the hospital where he had been suffering from muscular rheumatism. Ed Normans is also back after an attack of pleurisy.

If properly classified, about 20 per cent of the novelists are druggists.

Billie Burke
Held for Manslaughter.

PORTLAND, Feb. 7.—El E. Lyons, the Silverton plumber whose automobile struck and killed Oregon wife Emma Louise Graham, aged 4 years, and injured her sister, Pauline, 2 1/2, and also Miss Margaret Graham, stands charged with manslaughter and is held under bail of \$150. He has been unable to furnish this and is in jail.

Customer Smith will hold on longest tonight. The children, who are daughters of W. A. Graham of Dallas whose wife disappeared September last, were being taken to Hood River by their aunt.

Astorian takes an unconsciously long time to climb off.

Mat. Title at Stake.

DES MOINES, Ia., Feb. 8.—The heavy-weight wrestling championship barrels may change hands—ne faith heads have tonight. Earl Caddock, title holder and now a private in the ranks at Camp Dodge, will try to keep Whadock Zoyzako, the giant Pole, from teasing him to the west at the Coliseum.

Caddock, being a native son and because of his "thousand holds" is favorite in the betting among the crowd of local fans. He and other New Yorkers with the Pole brought in quite a bunch of Zoyzako money.

The Nation's Welfare

Every woman should do her duty in rearing a strong, vigorous and healthy generation. For three generations, women awaiting childbirth have used the safe, external preparation—"Mother's Friend". The strain upon the abdomen is made easier, the tissues expand with ease when baby is born and the inflammation of breast glands and other organs is avoided. The tendency to nursing sickly

Why Not Drive Poison Out?

Do you realize that the kidneys never have a moment's rest? They work all the time, day and night, year in and year out, filtering out of the blood the poisonous waste products from the blood. Is it any wonder the kidneys get out of order, weak, or too tired to keep the blood stream clear of impurities?

When the kidneys falter, trouble begins. The waste matter accumulates in different parts of the system, and backache, swollen joints, aching muscles, pains inside, biliousness, blurred vision, puffiness under eyes, or rheumatic pains result.

Foley Kidney Pills

Help weak, tired, disordered kidneys to do their work. They strengthen and heal the kidneys, make and regulate the bladder and have a beneficial tonic action on the liver.

Mr. Louis Flint, 182 S. Jefferson Ave., Battle Creek, Mich., writes: "For years I suffered intense pain. The doctors told me it was my kidneys and gave me medicine which did me no good. I tried several other pills but in a few weeks was feeling much better. Inside of a year I was well and a permanent cure. I am now 76 years old, a veteran of the Civil War, so my feet are heavy a day. I feel ten hours a day."

You can help your kidneys keep your system clear of poisons by taking Foley Kidney Pills. Two sizes, 50c and \$1.00.

MUCH ENTERTAINING DONE AT HERMISTON

BUT SOCIAL ACTIVITIES DO NOT INTERFERE WITH RED CROSS WORK.

Mrs. Thomas Campbell and Mrs. F. H. Taylor entertained at the Lavender Club at the residence of Mrs. Campbell in the southern part of town on Wednesday afternoon.

Among those present were Messrs. J. F. McNaught, Bryant Honing, Johnson, O. P. Brigham, A. W. Parry, C. S. McNaught, H. T. Frazer, H. C. Todd, H. St. Crain and the two hostesses.

The place cards were embellished with little bouquets of lavender in token of the club name. After luncheon was served the afternoon was spent at bridge whist.

Today was one of the regular work days of Hermiston auxiliary of the Red Cross Chapter of the local chapter. The room was well filled all day and especially in the afternoon. The Hermiston Auxiliary is endeavoring to do its share of Red Cross work as promptly as possible. With the energy displayed by Mrs. J. H. Strohm in arranging the details of the work and the desire of members to do their share at the machines they are turning out a quantity of work of the highest quality, among some of the items in finished garments sent to Pendleton today were 4 dozen coats, 30 pairs of drawers, six sweaters besides numerous wristlets, socks, etc.

The ladies are also preparing to make bandages in the near future.

Mrs. Carl Kaven of Irigoin is visiting her parents Mr. and Mrs. F. A. Phelps.

Henry Notz who has been making Hermiston and vicinity his home for several years was registered by Postmaster Young as an enemy alien. Notz had taken out his first papers but had never completed the process of becoming an American citizen.

F. A. Phelps has been confined to his residence by illness but is reported better today.

Harry M. Straw of the Inland Empire Lumber Co. is away on an extended business trip.

Mr. and Mrs. J. H. Strohm have returned from several days' stay in Pendleton.

C. S. McNaught was a Willa Walla visitor this week.

Thrift Stamp Sales Record Is Held By An 8 Year Old Girl

Little Irene Swanson, eight year old daughter of Mr. and Mrs. C. A. Swanson, 211 West Webb street and a pupil of the fourth grade of the Field school, has made probably the best record of all the pupils engaged in the Thrift Stamp campaign. She has come beyond the mark, qualifying her for the honor roll, her sales totaling \$40.50. She made the sales by a house to house canvass.

She sold \$4.00 worth of stamps to each of the following: La Verne Terjeson, Ralph Terjeson, David Swanson, Orville Swanson, C. A. Swanson, Marie Mikoski, Mrs. C. Carlson, Rev. B. R. Cleveland, Donald Spruell, La Verne Pearson and Charles Bond, \$5 worth to R. F. Kirkpatrick and \$6 worth to Mr. McPeck and \$2.50 worth in small amounts.

Convalescence after pneumonia, typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid, there is no other tonic so highly to be recommended as Hood's Sarsaparilla. Thousands testify. Take Hood's.

STUMEZE

ENDS SIX YEARS OF STOMACH MISERY

"For six years I suffered with catarrh of the stomach, indigestion, sourness, gases, headache, and sometimes felt as though my stomach was being eaten up. I decided to try STUMEZE. In two days I was feeling relieved of my suffering. I now have a good appetite and can eat anything I like without suffering in the least. I ask you who are suffering from stomach trouble to give this great remedy a trial and be made well, as I have been." Howard L. Bolan, 718 N. Second St., Tacoma, Washington. STUMEZE is for sale on all druggists.

DRAFT CONVENTION EXPECTED TO SPEED BRITISH RECRUITING

That the Allied Draft Convention between Great Britain and the United States will intensify rather than retard British recruiting in this country is the opinion of General White, head of the British and Canadian Recruiting Mission in America. "The main point" said General White today "is that the British or Canadian subject in this country cannot possibly escape liability to service in the war. Instead of being exempt from conscription of any sort, he now comes much more liable to service than the American. The age limit for conscription in his case extends from 20 to 49. This is a perfectly fair arrangement for it compels every man who claims British citizenship to place himself on practically the same footing as his fellow countrymen at home; and surely citizenship should carry with it obligations as well as advantages. British subjects will, of course, have the same chances of exemption on application to the ambassador as British citizens have at home. For the first time British citizens are placed on a footing of equality with the world over, and the Britisher has ample opportunity to serve in the forces of his own country for he will have sixty days after congress passes the necessary legislation to enlist in the British or Canadian forces. And he will be doing better work by enlisting at once rather than waiting sixty days. What we need at present is man power. If the Britisher enlists with us he can get quickly to Europe and be made effective much sooner than if he waits a few weeks longer for the draft. I don't know what the actual addition to the American draft on account of this convention will be. Some reports show that there are 200,000 Britishers in America of draft age. If twenty-five per cent of that number, having failed to enlist, or get exemption, are taken in the draft, there is an addition of 50,000 men to the American draft, but a real increase of allied man power. Since these Britishers will simply take the place of an equal number of Americans. If on the contrary these men enlist in the British or Canadian armies that means an immediate and positive increase of man power. Therefore it is quite clear that the Britisher in this country of military age cannot do his full duty by waiting to be drafted. The convention is very helpful in bringing home to him that if he is to fight he must either enlist or be drafted, but I consider it important to point out to him that his duty is still to enlist rather than to wait for the draft. He can join either the British or Canadian forces by coming up to the nearest office of the British and Canadian Recruiting Mission; there is a branch in every big center in the United States. Every man is needed and needed now."

The office of the British and Canadian Recruiting Mission in Portland is at the corner of Third and Oak streets.

YOU'RE BILIOUS! LET "CASCARETS" LIVE LIVER AND BOWELS

Don't stay headachy, constipated, sick, with breath bad and stomach sour.

Get a 10-cent box now. You men and women who can't get feeling right—who have headachy, coated tongue, bad taste and foul breath, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold. Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? Cascarets work while you sleep, cleanse the stomach, remove the sour, undigested, fermenting food and flat gases; take the excess bile from the liver and carry out of the system all the complicated waste matter and poison in the bowels.

A cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

Step Lively! Corns Quit with "Gets-It"

The Great Corn-Loosener of the Age. Never Fails. Painless.

Watch my step! What's the use of a go-along "right side up" without "Gets-It"? The painless, off-the-shelf, unadorned corn remover. I tried other ways galore, until I was blue in the face and red in the toes. No more for me. The "Gets-It" never fails to touch my corn or callus with two drops of "Gets-It" and "Gets-It" does the rest. It's a relief to be able to stop walking on the "gets-its" without wrapping them up like packages and using sticky tape and solvers. It removes any corn clear and clean, leaves the toe as smooth as your palm. You can wear those new shoes without pain, dance and be frisky on your feet. It's great to use "Gets-It" (you need pay no more than 25 cents a bottle), or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.
