At The ALTA MOTION PICTURE THEATRES

Alta Today
The title of the new World Picture ready-made coming to the Alta theatre today is "Shall We Forgive Her," the screen dramatization of the famous stage play by Charles Sarver. June Elvidge and Arthur Ashley are the stars of the production and the story deals with the West and the East and the trials and tribulations of a young girl who trusts too fully to the young man whom she has loved as a child. Fast intense action is the predominate feature of this remarkable picture. Things move at a rapid rate from start to finish and the plot is logical and consistent and as the characters are clearly defined and the story mighty entertaining, "Shall We Forgive Her" makes splendid entertainment.

Cosy Today
Vester Pegg, who never killed anybody in his life, and who before Harry Carey picked him for a villain, was a peaceful cowboy without a thought of fame as an outlaw and decided that man would not be able to get a job on any ranch west of the Rockies if he should go back to the old life. Though his name has not as yet been entered in the blue book of bad men he has played a succession of heavy roles culminating in "The Phantom Riders," which will be seen at the Cosy theater on today, which should earn him a certificate cum laude Harry Carey, star of "The Phantom Riders," made Pegg a bad man, and a bad man he has remained.

About Constipation.
 Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea and boiled milk. On the other hand raw fruits, especially apples and bananas, also graham bread and whole wheat bread promote a movement of the bowels. When the bowels are badly constipated, however, the sure way is to take one or two of Chamberlain's Tablets immediately after supper.

Popular Gurdane Couple Are Wedded

ONA McLAUGHLIN AND SARAH DAUGHTERY MARRIED AT HEPPNER.

GURDANE, Feb. 21.—Several inches of snow fell again the first of the week and the ground has been covered all week until Saturday a strong wind blew the snow in drifts again. Those who have stock left here are beginning to feed again. Word was received here that Ona McLaughlin, who has spent the past year at Charles McDevitt's, and Sarah C. Daughtery of Black Horse country were married at Heppner, February 12. Both parties are well known in this vicinity and have a host of friends who extend congratulations and wish them a long life of happiness. Grover Goff has returned from a visit with friends in and around Milton.

Mrs. Core McLaughlin and Sarah Daughtery of Butter Creek, went to Heppner last week to attend the McLaughlin and Daughtery wedding. Mrs. Myrtle Wehring and son arrived here to spend the remainder of the winter with her sister, Mrs. Charles Elvidge. Charles McDevitt made a trip to Echo last week to look after his cattle which he is wintering at the Ed Hammer place at Echo. The chinook a week ago dried the ground so several of the farmers were plowing and seeding until the snow fell as there was no frost in the ground.

Grover Goff lost a big horse last week. Mr. Goff recently purchased the team from Roy Montgomery. John French was a visitor at John Broshorn's over Sunday.

The Red Cross met at the home of Mrs. D. Hileman's last Monday and while there were only six ladies that attended they succeeded in cutting two bolts of flannel which will keep all busy for awhile and several more members are taking up the work to help the boys at the front. Mr. and Mrs. Dillard French and son Jesse, went to Pendleton last week where Mrs. French took Jesse on to Portland for medical treatment. Mrs. Will Selby and son was a visitor at Charles McDevitt's Monday evening.

Mr. and Mrs. Tom Enright were down from the Hollister ranch Tuesday.

Marion Rhinehart of Alba came out to Frank Chapman's place on Butter creek Wednesday.

Grover Goff was a visitor over night Monday at Charles McDevitt's. William Corley is feeding a bunch of cattle at Frank Jones place.

WHAT MEN DEMAND MORE—
 WASHINGTON, Feb. 20.—Members of the Wheat Growers' association here demanding that the government raise the price of wheat from \$2 to \$2.75 per bushel, held a meeting last night with congressmen from 19 western states and told them at the present time wheat is being fed to hogs because it is cheaper than corn and that unless the price of wheat is raised the farmers will find it financially impossible to raise it this spring. They said under present conditions wheat this week will take the place of wheatless days during the coming months of the war.

INSURANCE COMPANY ELECTS OFFICERS

Directors and Trustees of New World Life Insurance Company Hold Annual Meeting at Spokane.

The annual meeting of the directors of the New World Life Insurance Company was held in Spokane on February 14th and the following officers were elected for the ensuing year. John J. Cadigan, president; John D. Carmody, vice-president; E. J. O'Shea, secretary-treasurer; R. C. Burton, actuary and assistant secretary, with J. P. Fordyce as agency manager and Graves, Kiser & Graves as general counsel. Commenting on the condition of the company's officials as shown by the sworn-to report of the year's operation, Mr. Richard Shales, the Company's General Agent for Northern Oregon, who makes his home in Pendleton, expresses much pride and satisfaction. In discussing the matter with an E. O. representative he stated the company had written more business in 1917 than during any year in its history, that in spite of the upset conditions brought about by the war, that the assets of the company increased during this time from \$1,918,926 to \$2,225,857—a gain of nearly three-quarters of a million, and that the amount of insurance in force was increased to over \$17,000,000. The company is very proud of its following and numbers among its policy holders and investment clients many of the most prominent banking institutions, farmers, etc. of the Northwest. "Although," Mr. Shales says, "we are operating in nine states, my company has always favored the Northwest for the investment of its assets and current income and confines its activity in this line to Washington, Oregon, Montana and Idaho. In fact at least 75 per cent of our assets, totaling over 1-1/4 million of dollars, consists of first mortgages on choice, well improved farm lands in these states, and that these investments have been carefully selected by best evidenced by the fact that the current earnings of these mortgages averaged for the past year 7-2/10 per cent, interest losses of less than one-third of
