ANNA LEHR AGAIN IN TRIANGLE PLAYS
 Is featured in Allan Dwan production, "The Grafters," with Jack Devereaux.

Anna Lehr, who was introduced to Triangle patrons some time ago in "Civilization's Child," returns to the program in "The Grafters," the latest Triangle production to be made under the supervision of Allan Dwan.

It is as an emotional actress that Anna Lehr has won distinction in the motion picture world. She has appeared in a number of large productions, and each time invested her roles with that peculiar, electric force of her personality. Her characterization has a certain eloquence that appeals to the imagination.

Miss Lehr was born in Austria, but came to America when a child. Since then, she has played on both sides of

the water, supporting some of the leading actors of the day.

In "The Grafters" she is seen as a confederate of a gang of crooks, and is placed on the trial of a young fellow who has just fallen heir to several millions. Unconsciously she grows to care for him, but the power of the gang is to great for her to resist and she is compelled to continue with the blackmail plot. The boy finally learns of the game she is playing. Nevertheless, he remains loyal to her, eventually succeeding in turning the tables on the grafters.

The retreat of the Germans at the Battle of Arras the sensational official British War Picture comes to the Alta today, these pictures are shown in conjunction with the regular Fox program of which the picture for today is Madam Sonia Markova in "A Heart's Desire" being an expose of intrigue in Washington society life. The war pictures are very interesting showing as it does the wanton waste laid by the Germans in the retreat following the Battle of the Arras. Whole villages were leveled to the ground, every vestige of crops were destroyed and what was once a fertile country was made so barren that one of our western horny toads would starve to death in a week. The Alta is presenting these pictures along with the regular pictures and vaudeville and at no raise in the admission. The management figures that the additional people these pictures will draw will more than pay for them. A percentage of the money paid for these pictures goes to the British War Relief.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

IF CROSS, FEVERISH, SICK, BILIOUS, CLEAN LITTLE LIVER AND BOWELS.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailments, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleaning" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."
