those Club which was to have been held Friday with Mrs. E. J. Sommerville has been indefinitely postponed.

The Red Cross Surgical Dressing class under the direction of Mrs. H. E. Bickers will meet tomorrow afternoon at two o'clock at the Federal building. An invitation is extended to any Volunteers.

Mr. and Mrs. Hoy G. Attebury of Echo were up from their home yesterday.

The Business Women's Surgical Dressing class meets at 7 o'clock tonight in the Federal building. It is under the direction of Mrs. J. C. Woodworth and an invitation is extended to all interested.

Lester Goff was in from Holdman yesterday.

George C. Sperry of Heppner is a guest of the St. George.

Mrs. Sabina Morton of Athena is a Pendleton visitor.

J. C. Martin of Stanfield is making Pendleton a visit.

Charles Nelson is in today from his Buttey Creek ranch.

Mr. and Mrs. F. D. Watts of Weston are in the city today.

Dr. Alex Reid of Hermiston spent last night in Pendleton.

Nellie C. Walker of Irrigon is registered at the Pendleton.

Joseph Cunha of Echo came up yesterday from his home.

John R. Vinson of Freeewater was at the Golden Rule last night.

Paul Sheridan, Buttey Creek stockman, is in the city today.

Mrs. Z. M. Lockwood of Athena is spending the day in the city.

Harry Geise of Hermiston was up from the project town yesterday.

Mr. and Mrs. Charles Adams of Nolin spent yesterday in Pendleton.

Eugene L. Forest and family of Athena came down yesterday from their home.

Mrs. George Gillette and Miss Birch of Hinkle were Pendleton visitors yesterday.

James Campbell of Stanfield was among the visitors from the west end of the county yesterday.

Roy Simpson of Milton was here last night enroute to La Grande. He has been in the lumber camps near Evaldton for several months.

A. A. Baumman, representing the Portland Knitting Company, is paying Pendleton a visit to introduce the company's knitted garments here.

The Hawthorne Parent-Teacher Circle will hold its March meeting Friday afternoon at 2:30 o'clock at the Hawthorne school. Matters of interest to the circle are to be discussed and a good attendance is desired.

A large attendance marked the meeting of the Knitting Clubs yesterday afternoon in the library. There was a vocal solo, "Joan of Arc," by Miss Jane Murphy; an instrumental solo by Miss Marie Temple and a violin duet by Miss Paloma Bowman and Richard Raymond, accompanied by Miss Katherine Wilcox. A total of 25 sweaters and nine pair of socks were turned in. Mr. J. S. Smith of Riverdale having completed his third sweater, Mr. George Talmann his second and little Miss Margaret Bloom her second garment.

Mrs. J. C. Woodworth's class in surgical dressing will meet tomorrow afternoon at 2 o'clock in the Federal building.

The meeting of the Current Literature Club members will meet Thursday with Mrs. J. H. Riley at her home on College street.

Mr. Stanley G. Jewett and little

GOOD DEMAND FOR FEEDER CATTLE

PORTLAND, Feb. 28.—Aside from the breeding and feeder stock in the yards, there was little of interest in the livestock trade during the day. A couple of cars of breed ewes came in from California during the day, in charge of L. D. Bolins, the local commission man. Demand for breed ewes is keen, but the business is confined to small lots, although the aggregate is good.

Practically all the business is with small farmers who are taking a few ewes to breed. This means that the sheep and lamb supply of the future will come from the small farms, and not from the range, as up to this time.

General sheep and lamb trade is quiet at former prices.

General sheep and lamb range. Western lambs 15.00 @ 15.50. Valley lambs 14.50 @ 15.00. Yearlings 13.00 @ 13.50. Wethers 12.50 @ 13.00. Ewes 10.00 @ 11.00.

Shorn sheep 2 1/2 to 3c under quotations.

Feed Cattle in Good Call. Eleven loads of California feeder cattle came into the local yards all in a bunch over night.

For feeder stuff the call at North Portland is very liberal, in fact far more so than offerings up to this time.

In general the killer division of the market is steady, with practically no change indicated in value.

son, Stanley, Jr., arrived last evening from Portland to join Mr. Jewett, whose headquarters are here. They have taken apartments in Hamilton court.

D. P. Cochran of Colfax is a guest of the Golden Rule.

Fred Heft was up from Nolin last night.

Mrs. Ray Hinkle of Pilot Rock, is a visitor here today.

J. L. Smith came down yesterday from his home at Weston.

H. E. Bartholomew, Stanfield sheepman, is in the city today.

Omar Reilmann and Charles Read of Jone are Pendleton visitors.

E. B. Lester, Pilot Rock lumberman, spent last night in the city.

Ezra Hazen and Ivan Dunning were here yesterday from Stanfield.

John Kilkenny and John J. Kelly of Heppner are at the Pendleton.

Harold Moore, prominent Buttey Creek stockman, is in the city today.

Mrs. Jas. Thompson, who has been visiting in Portland, arrived home yesterday.

Mr. and Mrs. P. H. Buchholz, of Stanfield were overnight visitors in the city.

Mrs. Edgar Thompson expects to leave tomorrow for Portland to spend two weeks as the guest of Mrs. Jack Gibson.

Mrs. Herbert Stophin of Hermiston, who represents that town on the Red Cross directorate, came up yesterday to attend a meeting of that body.

Home I. Watts, mayor of Athena, and chairman for the Athena district of the Umattila War Drives Committee, was in the city yesterday afternoon.

Mr. and Mrs. F. E. Judd have returned from Portland where they went to bid goodbye to their son, Henry Judd, who is leaving with his company for another camp.

Clayton Strain, son of Mr. and Mrs. C. P. Strain and now a young farmer near Cambridge, Idaho, arrived in this city this morning enroute to Spokane where on March 9 he is to be married to Miss Edythe Crockett, a former Pendleton girl.

About Constipation. Certain articles of diet tend to check movement of the bowels. The most common of these are cheese, tea and boiled milk. On the other hand raw fruits especially apples and bananas, also graham bread and whole wheat bread promote a movement of the bowels.

When the bowels are badly constipated, however, the sure way is to take one or two of Chamberlain's Tablets immediately after supper.—Adv.

BUY NORTHERN MONTANA LANDS

But First Look Before You Leap.

It will soon be time now for you to come to Montana and look up your new location. I have been here eight years, and am still here with no intention of leaving. I have my engine plow outfit, and you will find my outfit saving wheat, flax and oats this spring, just as busy as any of you will be. I practice what I preach. I advise you and preach to you to come over here and buy land, but let me have a little talk with you before you come. I have been listing land now for two months and have something like 50 320-acre farms listed. This is listed just as cheap from the homesteader as I could get it down to. Now I have worked faithful to get this list of land, and I have some of the finest buys on earth. You people know how your wheat land has advanced, and you know this land is going to do the same over here. This country here has had 7 crops, and out of that seven we have had five good crops, paying crops, big paying crops. You people know this land is not going to stay down to 25 to 30c per acre. I know as well as you do that land here this fall closed 20 to 25c per acre, and you know that land that now can be bought for \$45 to \$50 per acre. I mean good land close in to town. Land out 10 to 15 miles that I can sell now for \$22.50 to \$25 per acre is going to readily advance \$12 to \$15 per acre by this fall should we have a bumper crop here. Now I live right here at Ruddyard, where most of the Pendleton people are buying land during 1917. 950 acres of the Chris Breeding land corners with me, 1120 acres of the land that Mr. Peebler bought is right across the road from my home section and my residence. I can throw a rock off my porch on to the Peebler land, most beautiful land on earth. Now I have only one thing to say to you people that come over here to buy land, you must act as your own agent, and I know your land here you do not know if you can do any better through any other land firm or not, the results are that after you buy without looking around, that you find that it would have paid you from \$7.50 to \$15 per acre by looking around a little. I have no agents, I have no partners, I have my list of lands, you buy the land from the farmer, and I merely act as his agent. I know them all as I have lived here eight years, seen Ruddyard when it was but a side track, grow to a nice little town of four elevators, bank and every line of commercial industry represented. I have in my land business absolutely no overhead expense, and why should I not sell land \$10 to 15 per acre cheaper than a firm that is operating right along side of me with an army of workers. Just to convince you that I have some of the best land buys in the country, I will prove it, in a few of my sample bargains here below:

First before I mention some of my land buys, I want to have a word to say about the different localities here. You do not know really which of the land is best. To the eye it looks level and all alike, but let me tell you my good friend it is not all alike. Did you ever see any country but that it was spotted, so it is the same here. Now, where is the best land? It lies from 2 1/2 miles west of Joplin, Montana to Kremlin, Montana. Some places you can't get water at a stranger's well, look at the well of water in Gildford, Hingham, Ruryard, Inverness and Joplin. Why do I know? Because I located 350 of these homesteaders in this country in 1910. These are the fellows mostly you are buying out. Lots of water in the Gildford country and in the town of Gildford, although this is not the choicest land as this district of tributaries to the creek and is of a sandy nature which does not hold the moisture, that the country around Hingham, Ruddyard, Inverness and Joplin; lots of water all over the town of Hingham and tributary to it. Then comes Ruddyard, the center of the best land over here; to prove it, Chris Breeding says so, by buying six sections of land here, tributary to Ruddyard creek, and Peeler of Pendleton bought seven quarters, and many others, such men as Jack B. Kasari, 640 acres directly 8 miles straight south of Ruddyard, there is some rocks around in.

1280 acres from 7 1/2 to 12 miles south of Ruddyard, in the heart of the Ruddyard country, and near Jack B. Kasari, and near Chris Breeding Clover leaf farm will average you about \$26 per acre. Jack Kasari paid \$35. Mr. Breeding paid \$37.50. If I can save you \$10 per acre, good terms, is that worth anything to you? 540 acres adjoining the town of Ruddyard, absolutely the Star Section of Northern Montana, price \$45.50 per acre. This 640 acres is only one fourth of a mile from Ruddyard, has two fine wells, and all fenced and cross fenced. Then adjoining this 640 acres is a 400 acre farm, 200 acres is broken, 200 acres is good. This year with 1-3 of the crop goes with the place. 1040 acres adjoining the town of Ruddyard. Every foot is level engine plow land, and no rocks and no gumbo, and has already produced 25 to 40 bushels per acre. The last 400 acres is \$45 per acre with a \$2500 five room house, and good barn and best well in county, 9 feet deep, can't be pumped dry.

320 acres raw land 7 1/2 miles of Ruddyard, all engine plow land. Price only \$22.50 per acre, other companies operating along side of me, would ask you \$35 per acre for this same land; \$3500 cash, balance 5 years at 7 per cent.

480 acres 4 1/2 miles of Joplin on main graded highway, telephone in house, a new \$2500 nine room house, 487 acres broke, rural route at door; the improvements would cost \$7,000. 350 acres will be in crop, of which 1/2 of the crop goes with the place, this farm's thresh bill was \$900 in 1916. If this 350 acres in crop you should get half of it, that would be 175 acres yours, at 30 bu. per acre which is under normal, that would be 5250 bushels of wheat to you at \$2.00 per bushel, and I am pretty sure it will be \$2.50 per bushel, that would be \$13,500 to you inside of four months after you bought it. I am not asking no \$65 per acre for this beautiful farm, with its \$2500 9 room house and two barns, and well and wind mill and two granaries and etc., but only \$50 per acre, \$11,000 cash, will handle, 1280 acres, inside of 8 miles of Joplin, price \$27.50 per acre, just as level as a floor and no rock and no gumbo. Don't forget to look me up when you come over here. I can't do you any harm but a lot of good. Let me prove every thing I have said in this article. Very truly,

CLAUDE G. WATSON, Ruddyard, Montana.

CALL MADE FOR OLD WOOLEN UNDERWEAR

Material is Needed in Making Layettees for French and Belgian Babies.

Wanted—Old wool underwear, color no bar; also parts of old garments. The parent-teacher council of this city, which has assumed charge of the layette work for French babies, is asking for donations of the above-named material.

The girls of the Honor Guard have offered financial aid as well as labor, in the making of these layettes. The need for them is great and immediate. Dr. Esther Pohl Lovejoy of Portland, who has been doing work along this line in France, writes that many babies are being born to French mothers and there are not even blankets to wrap them in. Many of these babies have German soldier parentage and are being cared for in a big French hospital.

Helix Pastor Goes To Attend "Men and Millions Movement"

(East Oregonian Special.) HELIX, Feb. 19.—Rev. F. Grant Hamm left Monday to attend the "men and millions movement" being held in Portland and will return via Pasco to meet his family returning from a two month's visit with relatives in Minneapolis.

Mrs. W. H. Albee has returned home from Baker where she attended the C. E. convention, delegate from Helix.

The Christian church Sunday elected H. E. Rose and Mrs. E. J. Saunders, delegates to the school of methods, to be held in Portland February 25 to March 1st, comprising church, Sunday school and Christian Endeavor work.

Rev. F. Grant Hamm preached Sunday evening to a large audience the first sermon of a series on Prophecy, with blackboard illustrations.

Miss Kate Salling of Portland will lecture on missionary work at the Baptist church February 25, with stereopticon views. Miss Salling is touring the country before leaving for Geneva, Switzerland.

G. Kurlle is making improvements for his meat market, also having new fencing and buildings for caring for stock fattening for the block.

Grand Master Trefern, I. O. F. and others, visited the Helix and Evangelical Rebekah lodges Monday evening. Supper was served at 7. Hooverizing a feature.

E. E. Geist, H. E. Rose and many other Knights of Pythias members, attended the anniversary meeting at Pendleton Monday evening.

Fred Mills, brother of Mrs. T. H. Ghormley, is in a San Diego hospital with bronchitis.

Mrs. Catherine Stanton is home from Walla Walla.

Glady's Grover is staying at the O. F. Piper home and will attend the remaining three months of school.

From Wednesday's Daily

Mr. and Mrs. H. S. Rudd were hosts Monday at a delightful evening of cards, the guests being the members of a four table auction club organized last fall and which is con-

FRIEND OF "ALF," THE KING OF SPAIN

EDOUARD ROUSSELET

Did you know King Alfonso of Spain signs his name "ALF." to his intimates, that he is just as chummy as Bill Jones or Jim Smith? Well, Edouard Rousselet, former telephone boy at \$15 per week, dropped letters about the Hotel Waldorf-Astoria purporting to come from the King, most were written in intimate terms and him in one of the gorgeous uniforms worn to dazzle his new and glib friends.

Clarence Wilkins came in from the Wyrick ranch at Cayuse yesterday for physical examination. He was accepted as fit to serve in the army.

From Wednesday's Daily

Twentieth Engineers Now Has Men Enough

PORTLAND, Feb. 29.—District Forester Geo. H. Cecil, Portland, has discontinued issuing recruiting cards for voluntary enlistment in the 20th Engineers (Forest) and is no longer seeking applications from registrants under the draft law for induction into this regiment. This is in accordance with advice received from the Forester. Enough men have been enlisted or furnished induction papers to complete the ten battalions of mill, woods and logging railroad workers for the 20th Engineers (Forest), the largest regiment in the world. The Forest Service cooperated with the war department in securing for this regiment woodsmen, lumbermen, foresters, and others skilled in some line of woods or mill work. The regiment's full quota will contain 10 battalions, of 550 men each.

Another Wheat Price Fixing Board Is To Be Named, is Reported

Information being received from the west indicates farmers have good prospects of obtaining more than \$2 per bushel for their wheat this year. The senate agricultural committee yesterday reported favorably on Gore's bill setting a price of \$2.20 for wheat this year. The bill may not pass, but even if it does not there is prospect of higher price for northwest farmers. A. A. Elmore, farmers union president for Washington, now at Washington, D. C. has wired that concessions have been secured that will place western terminals on the same basis as Chicago this year. There is also promise, he says, of another price fixing commission with a northwest man upon the board.

IS HE LOOKING FOR THE ENEMY?

ANXIOUS TIMES FOR THE ADMIRAL

NOT MUCH! A REAL FRIEND - THE ORDERLY WITH OUR SUPPLY OF W-B CUT.

PRINT PAPER UNDER A BLANKET LICENSE

WASHINGTON, Feb. 29.—Responding to appeals from publishers of the United States, the war board has instructed all Canadian border customs agents to pass print paper across automatically. A blanket license has been issued covering it.

YES—AND IF HE DOESN'T HURRY I'LL GIVE HIM A WEEK IN THE BRIG!
