

If you want the best for the price, there's just one place in Pendleton where you can get it--The Peoples Warehouse

Our Showing of New Sweaters is Most Attractive

This season the Sweaters are more beautiful than ever. Those made of brilliantly colored yarns such as rose, turquoise, gold and purple, are made in the new slip-over styles, peried at the waistline to fit snugly. There are cute little breast pockets and large sailor collars and cuffs trimmed with stripes in contrasting colors or with solid colors in angora wool.

Silk Sweaters will be as popular as ever. One sleeveless model in the new color, burnished gold, is bound around the V-neck and armholes and has an unusual belt in peacock green.

Other models are of the regulation coat type with large collar and sash. Moderately priced.

HAVE YOU SEEN OUR NEW "BONNIE LASSIE" APRON DRESSES?

They are the house dresses "De Luxe." Their crisp freshness helps to make house work a pleasure. Their bright plaids, stripes and checks, dainty pinks, blues and tans fairly radiate cheerfulness. While large pockets, unique belts and pretty collars are especially designed for women who insist on being as attractively dressed at their work as they are in society. "Bonnie Lassie" Apron Dresses are priced from \$1.25 to \$5.00.

LET A GOSSARD CORSET BE THE FOUNDATION OF YOUR NEW SPRING DRESSES AND SUITS.

The success of your appearance this spring will depend more than ever on the correct corsetting of your figure, as the lines in the new suits and dresses are more form revealing than in the past.

Those women who have worn Gossard Corsets know the figure improvement they make, and to those who have not had this satisfaction we offer the services of our expert corsetiere and selection of our large and varied stock.

The new spring Gossard Corsets are all here, with improvements that make the already famous Gossard back closely rivaled by the new Gossard front.

GOSSARD (FRONT LACE) CORSETS
FROM \$2.50 TO \$8.50.

We are also exclusive Pendleton agents for the celebrated Royal Worcester and Bon Ton Corsets.

PERSONAL

Mrs. Harry Leedy and her son, Oliver, are in Walla Walla for a visit at the home of Mrs. Leedy's parents, Mr. and Mrs. C. B. Oliver.

Members of the Research Club enjoyed an exceptionally delightful program at the regular meeting held yesterday with Mrs. H. E. McLean as hostess and Mrs. C. H. Norris as leader. "Mother of Mine" (Kipling) read by Mrs. Raymond Hatch, opened the meeting, followed by a paper, "Advice to Mothers," by Mrs. J. T. Richardson, a paper, "Mothers of Famous Men in Art," Mrs. Clara T. Lyle, and a vocal solo, "Mother McCree," by Mrs. Theodore Rembolt. The response to call roll was also in the form of mother's maxims. At the business session held during the afternoon it was decided to dispense with the outline of study and any and all refreshments and instead the meetings will be devoted to relief work for the Relief League. Yesterday's assembly was concluded with the serving of delicious refreshments.

The Civic Club will meet at 3 o'clock tomorrow afternoon in the club room of the library.

The Young Ladies' Knitting Club of the First Christian Church, under the direction of Miss Lucile Spooner and Miss Dorothy Lewis, will meet at the home of Miss Morton, 512 E. Railroad street. All girls are urged to be present.

Tomorrow is Volunteer Day at Red Cross headquarters and a call is made for helpers in the surgical dressing class. The equipment needed is a white apron and head covering.

A splendidly interesting and entertaining meeting of the Spinnepink Club was enjoyed yesterday with Mrs. J. H. Haley as hostess at her home on College Street. Only club members were in attendance and the afternoon was devoted to knitting and crocheting with a contest lending added interest. Mrs. T. J. Tweedy and Mrs. E. T. Aylson were the fortunate contestants and received as a reward a lovely bouquet of pink sweet peas and ferns. The next meeting of the club will be held with Mrs. Mary Boyden as hostess.

Complimenting Mrs. H. H. Hattery who is leaving soon for Portland, Northside Bridge Club members will entertain with an informal dinner tomorrow evening in her honor at the home of Mrs. E. T. Wade on Jackson street.

Mr. and Mrs. Harold Barnett, who have recently returned from their wedding tour, are located in apartments at 409 East Main—Walla Walla Bulletin.

The Old Degree Team of the Rebekah Lodge will hold initiation ceremonies tonight and a large attendance is anticipated.

The home of Mr. and Mrs. Robert Jones, three miles north of this city, was the scene of a delightful surprise dancing party last evening. About 35 of their young friends gathered out to their home, taking along dainty refreshments and also the musicians. Mr. and Mrs. Jones extended generous hospitality and a most enjoyable evening was spent by all.

Thursday Afternoon Club members met yesterday with Mrs. W. D. McNary at her attractive home and enjoyed an afternoon of Red Cross work interspersed with a number of delightful readings and musical numbers. Dainty Hoover refreshments concluded the afternoon. Mrs. A. J. Owen presiding at the coffee urn.

The following interesting program will be presented tonight at the meeting of the Washington school parent-teacher circle. Talk by Judge G. W. Phelps on the "Junior Red Cross"; talk by Mrs. W. D. McNary on "Layette Work"; instrumental solo, Miss Wattenburger; vocal solo, Miss Jacobs, and instrumental solo, Miss Marie Temple. A collection will be taken.

Charles Hynd is down from his home at Ukiah.

Frank James of Umatilla is spending the day in Pendleton.

W. R. Hickey of Echo was up from his home last evening.

P. M. Horner of Pilot Rock was among the visitors in the city yesterday.

Ralph G. Walpole and Frances Walpole of Irrigon are registered at the St. George.

The greater use that is made of the results of the work being carried on by the government, the greater will be the benefit to the people. The geological survey is doing its bit in this work by freely supplying the data it obtains, and until the edition of Bulletin 371 is exhausted a copy will be sent on request to the Director of the Survey at Washington, D. C.

The survey will also be glad to supply, on request, a small index map showing the published maps covering parts of Kansas and listing the publications that are available on the geology, mineral resources, and water resources of the state.

Congressmen Discuss Legislative Authority Requested by Heney

WASHINGTON, March 1.—Francis Heney has precipitated a lively discussion in congressional circles as a result of his request for legislative authority setting aside the power of writs to stay the government's hands in seeking evidence. Congressmen say that they must be convinced of the need for broader powers for the federal trade commission. Several say it won't do to open the door too wide, and the authority, if granted at all, must be hedged with safeguards.

Owners of Ford Cars

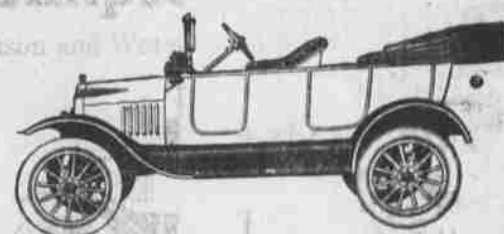

are advised to beware of "counterfeit parts." If your car needs adjustment bring it here where you will find reliable service with the complete mechanical equipment to give the highest quality of Ford service obtainable. All the Ford parts used are supplied by the Ford Motor Company. You can not expect your Ford car to give the service and endurance you demand unless you have it cared for by men experienced in Ford methods.

OVERLAND LIGHT FOUR

In these times of national emergency it behooves us to economize. To economize does not mean to be miserly, but to spend wisely.

In buying a motor car we should spend wisely. We should buy a car that will give us all the advantages of a motor car at a consistent price. The price can be too low as well as too high.

With but one exception the Overland factory builds more automobiles than any other factory in the world. It is for this reason that you can buy an Overland at the lowest possible price consistent with quality.

Call and see this car. The light four Overland is an example of such a car. It is a completely equipped quality car at a quality price.

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took 12 boxes of Lydia E. Pinkham's Vegetable Compound, but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."
Mrs. JOSEPHINE KIMBLE, 335 West Race St., Portland, Ind.

Thousands of American women give this famous root and herb remedy the credit for health restored as did Mrs. Kimble.

For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

Kansas thus far determined and marked by the United States Geological Survey, department of the Interior, is about 12 miles southwest of Syracuse and is 3522 feet above mean sea level. A still higher point, however, established by the United States coast and Geodetic Survey, is on the Kansas-Colorado State line, just north of the Union Pacific Railroad track, its elevation is 3476 feet. The absolutely exact elevations of these points and about 600 others, marked by bench marks, are shown in the survey's bulletin 571, which contains the results of the work of spirit leveling in Kansas from 1896 to 1913, inclusive.

This bulletin is one of a series of similar reports published by the geological survey and should be of great value to surveyors and engineers who have occasion to use bench-mark elevations in laying out railroad or other lines, where accuracy of elevation is necessary. The report is, in fact, a guide to the bench marks that have been set by the government engineers, for while the numbers stamped on the bench marks repre-

sent the elevations to the nearest foot as determined by the levelmen, the bulletin gives the exact elevation of each point so marked to thousandths of a foot. The highest point in Kansas not marked is shown on the Cheyenne Wells topographic map. It is in latitude 38 degrees 42 minutes longitude 102 degrees 2 minutes, and its elevation above mean sea level is about 4125 feet.

The greater use that is made of the results of the work being carried on by the government, the greater will be the benefit to the people. The geological survey is doing its bit in this work by freely supplying the data it obtains, and until the edition of Bulletin 371 is exhausted a copy will be sent on request to the Director of the Survey at Washington, D. C.

The survey will also be glad to supply, on request, a small index map showing the published maps covering parts of Kansas and listing the publications that are available on the geology, mineral resources, and water resources of the state.
