

Its Time Right Now to Think of Easter

BY GENERAL CONSENT, EASTER IS THE DAY FOR STARTING OFF THE NEW SEASON WITH "THE BEST FOOT FOREMOST." NEW CLOTHES DO HELP THE FEELING OF CONFIDENCE AND OPTIMISM WHICH IS CHARACTERISTIC OF THE EASTER SEASON.

THE USUAL NUMBER OF EARLY BUYERS HAVE ALREADY BEEN IN, MAKING THEIR SELECTIONS FOR EASTER. ITS A PRETTY SENSIBLE PLAN TO GET IN BEFORE THE RUSH, FOR EVEN THE BIGGEST STOCKS WILL SHOW SIGNS OF PICKING OVER IF YOU WAIT TOO LONG.

T. P. W. Suits are More Popular Than Ever

Men who have looked over our new suits, just in, have all remarked about their real snap and style. And they are "classy," too.

Any man wearing one of these garments will appear in the height of fashion. The stock is fresh and every suit is a work of the master tailor.

All summed up, it means that the big bulk of the spring clothing business is going to come our way. You'd better come in and make your selection early. The latest styles and best fabrics are always found here—\$15.00 to \$52.50.

The Prettiest Silk Dresses We've Ever Shown

You will agree with us when you see them that for chic style and unusual "smartness" our assortment is in a class by itself. Taffeta is the material most prominently used but in addition the new flowered foulards, gingham, checked taffetas, all Georgette, all satin or combinations of these materials are shown.

Tight bodices, puffs or ruffles on the hip are displayed in models best suited for slender figures while larger women can be dressed most becomingly in models that feature long lines. The prices range from \$16.50 upwards.

RED CROSS FALLS FOR VOLUNTEER NURSES

WASHINGTON, March 6.—The American Red Cross wants able-bodied American women to go to France as nurses.

The present enrollment of 1000 nurses a month the Red Cross announced has become insufficient. Recruiting must be immediately stimulated. Between 30,000 and 40,000 nurses will be required for the American army alone, "within a short time" it was stated. Furthermore, "the allies are depending on us to supplement their own nursing services."

There are approximately 90,000 registered nurses in the United States today of these 16,500 are enrolled Red Cross nurses, of whom a majority are in active service, ready for mobilization or prepared for specific service, it was stated.

Already the Red Cross has equipped and sent abroad 1730 nurses for service with the army and navy nurse corps, has provided about 2500 nurses

for home service with the army and navy corps in camp and cantonment hospitals and has over 2000 nurses organized into units ready for mobilization.

Besides these, 54 Red Cross Public Health nurses are on duty in the sanitary zones surrounding cantonments; 89 serving directly under the American Red Cross in France; 12 in Romania; three in Greece; and one in Serbia.

Army estimates are for 30,000 nurses for each 1,000,000 men in the field.

Red Cross age limits—lowered since the war started—are from 21 to 40 years. In special cases, these restrictions are waived.

Red Cross nurses on duty are entitled to the same government war risk insurance as are soldiers and sailors.
