#### PASSED BY THE CENSOR.

France, Jan'y 7th, 1918.

TO  
 Franklin Motor Car Co.,  
 Syracuse, N. Y., U. S. A.

FROM  
 Officer Commanding,  
 Vosges and Jura Groups,  
 Canadians, France.

Dear Sirs:—

Will you please send us a couple of your catalogs? This zero weather is supplying us with a steady stream of frozen water-jackets, and both our own and the French Transport Officers have arrived at a keen appreciation of the many good qualities of the Air-Cooled Car.

I have owned two Franklins, and expect to buy another if I last to finish this job. The French appear keenly interested in that machine of yours. I believe that if a Franklin demonstrator were attached to one of the armies, you could sell all the cars you can make.

Yours truly,

(Signed) LT.-COL. GEO. H. JOHNSON,  
 Officer Commanding,

Vosges and Jura Groups, Canadians, B. E. F., France.

### COMPLETE ALIBI IS ESTABLISHED FOR MAIN

#### FRIENDS OF ACCUSED MAN ACCOUNT FOR ALL HIS ACTIONS.

State's Case Fragured: Witnesses Testify Defendant Acted Normally; End Is In Sight.

CHEHALIS, Wash., March 8.—Witnesses for Oscar Main, Napavine business man on trial here for the murder of his closest friend, Fred Swayne, merchant at Napavine, January 6, today spun a complete and convincing alibi for Mr. Main.

Not only were Mr. Main's activities sketched continuously during the half-hour in which the crime was shown by the state to have been committed, but the state's contentions as to the motive for the crime were completely knocked out and the actions of Mr. Main before and after the crime were shown to have been without the least sign of nervousness, excitement or anything out of the ordinary.

Defendant's Character Lauded. Character witnesses, including A. H. Lundin, Seattle's prosecuting attorney; Superior Judge Frater of King county; H. M. Caldwell, corporation counsel of Seattle; Dr. W. A. Major, a Presbyterian minister, of Seattle and others, all told of the excellent reputation Mr. Main always had had. The state, in presenting its case, fixed by C. P. Lloyd the time of the crime, Mr. Lloyd having passed there at 5:30 o'clock without seeing a light. He said he also saw Main in his (Main's) office between 5 and 5:10 o'clock.

No Nervousness Noticeable. W. P. Jones, a farmer living near Napavine, testified today that he went to Mr. Main's office with Mr. Lloyd at about 5:05 and found Mr. Main there and left a box with him for safe keeping. He said Main was not in the least nervous. Main's office is about 800 feet from the Swayne store.

Walter Mason testified that he was in a pool hall next door to Main's office and that Main came in there a little after 5 o'clock and remained several minutes, leaving just before a passenger train pulled into the Napavine station near the office at 5:20 o'clock.

Miller Ashton, who conducts the pool hall, told of having entered the hall through a back door as Main was leaving through the front door a few seconds before 5:20.

### LA GRANDE HOME GUARD IS CALLED OUT FOR SERVICE

LA GRANDE, March 8.—While the citizenship of La Grande serenely slept last night, picked sections of the La Grande Home Guard battalion stood faithful watch over the city's water reservoir, and patrolled the George Palmer Lumber company yards and mills. The guard was called out upon the discovery of a clue that might have meant a catastrophe to the city and might have meant nothing.

After due deliberation of the evidence in hand, Sheriff Warnick and Major Coolidge decided to adopt precautionary measures and said the word that brought out the needed 32 men and the officers of the battalion. This order was given to the company commanders, A. W. Nelson and J. E. Paine, at 11:30 last evening, and by 1 o'clock the supply company under Lieutenant Skill had issued guns and ammunition and provided automobile transportation and the men were patrolling their beats. The system of calls previously drafted and adopted worked out nicely, due in a large measure to the vigilance of the operators at the Home Independent Telephone company and the alacrity with which the men responded.

Three reliefs were posted on the Palmer mill property and two at the reservoir.

The nature of the suspected attack was largely incendiary and the sheriff and officials of the Home Guard immediately threw the question about the water supply that it be not destroyed before the match was applied, if such action was contemplated as set out in a letter found on the street last evening. The epistle was addressed to Seattle, saying the firing was to commence last evening, and it asked for further instructions. It intimated therein that the writers were camped in a nearby canyon, but the Home Guard found no trace of them. It was signed by the name "Busch."

Don't be too self-important. There are other men, just as small as you are.

HUNS DEPORTING BOYS. WASHINGTON, March 7.—Germany is now deporting boys from 13 to 15 from Belgium, according to the Belgian legation. About three hundred are reported sent to Germany from the Mons district. The destruction of industries and removal of all rail supplies continues.

ANDERSON FILES CANDIDACY. SALEM, March 7.—Dr. J. E. Anderson, of The Dalles filed today his declaration of candidacy for the republican gubernatorial nomination. His slogan is "Bone dry, win the war, develop Oregon." He introduced the bone dry amendment in the legislature. He is the first candidacy filed.

No, Buffalo, there is nothing cunning about the toothache, even if it is acute pain.
