SPRING ARRIVES IN VICINITY OF UKIAH

MISS ESTHER MARK WILL TEACH SCHOOL IN BLACKBURN DISTRICT.

Monroe Taylor III with Lumbago; School Will Start Junior Red Cross; Other News of Interest.

(East Oregonian Special.) UKIAH, March 14.—After snowing at intervals all day Sunday, the weather has turned off like a spring with beautiful warm days, but cold nights.

Miss Esther Mark of Pendleton arrived Saturday evening and went out to the Blackburn ranch, where she began teaching school Monday morning in the Blackburn district. Mrs. Francis Herbert left Thursday morning for Walla Walla for a visit with her daughter, Mary E. the oldest, who is a registered nurse and a graduate of the Seattle general hospital, 1913. It is subject to call April 1st, and Mrs. Herbert goes to visit her before she leaves, and Mr. Herbert follows later.

A letter from Clair Sturdivant to his parents, a few days ago states that he is not coming home now as he did not get his furlough as he expected. Jack Sturdivant who has been in Pendleton nearly all winter, returned home Thursday to look after his interests here.

Ice has formed on the ponds from four to six inches thick and several are taking advantage of it and are filling their ice houses, as there is no ice on the creek, something unknown here. Those putting up ice are Herman St. Clair, J. H. Laurance, J. P. Huston, the creamery and Abe Martin.

Mr. and Mrs. J. H. Moore were in town Friday trading. Mrs. Doris Barrett was in town Thursday on business.

Charley Hynd made a business trip to Pendleton and back this week.

Sherman Hale left a few days ago for Portland for a short visit. R. C. Sturdivant, who has been with his sons Glen of Idaho, and Gale of La Grande, since before the holidays returned Tuesday evening, and left at once for the Sturdivant Bros. ranch.

Mr. and Mrs. Frank Martin who have lived in town during the winter to be near the school, will leave for their ranch in a few days.

Messie and sons arrived Thursday evening with one hundred head of cattle which they were wintering out near Pendleton.

Sanford Chilson of Bridge Creek was in town Friday on business. Miss Annes Mettles was in town Friday shopping.

Monroe Taylor was taken suddenly ill Friday evening with a severe attack of lumbago. He was taken to the home of Rev. Herbert where everything possible is being done to relieve him.

School report for last month. Roll of honor: 5th grade—Vesta Kirk, Irene Kirk, Blanch Bolin.

4th grade—Leo Ledgerwood, 6th grade—Geneva Huston, Florence Neam, Edward Neam. 4th grade—Nellie Anderson, Grace Peterson.

2nd grade—Sheldon Laurance. 1st grade—Norma May Short. A Junior Red Cross will be organized in Ukiah on the near future, which will give the children a chance to do their bit in the war work.

OUR COUNTRY

Columbia, our fathers found thy land. A wilderness in all its savage wild; Glad, yet forbidding sight! How little knew that worn and weary land Thy troublous way ahead, though never defiled. Who strive for freedom may not be beguiled. Firm champions of the right!

America, the vision broadens wide, And liberty extends from sea to sea; God's freemen blazed the trail! Ah, glorious land where freemen may abide; Whate'er befall, our hopes are set on thee; Our lives are folded in thy destiny; Thou greatest country, Hall!

The Stars and Stripes are floating o'er the land; They wave a challenge in the deep; And despotism ends! That treasonous flag, though modeled by God's hand, Would not more firmly stand for world wide peace, Enforcing right by might for all our race; Our flag unfolds our friends!

United States, thou bond of power vast, Uplift for the strength to do the right; All nations look to thee! Thy future is foretold in thy past; As thou has borne the God of freedom's light, Still marching on establish right for might; Make safe our liberty! JESSIE M. WISE, Boise, Idaho.

Who wants to set missile to these words and make a national song of it? Try it and send me at Boise.

A Bilious Attack. When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. —Adv.

WAR HAS PURGED DANCING OF HUGS "Heart to heart" dancing—redolent of the Barbary coast—has been purged by the god of war—Old Man Mars—according to Louis H. Chaff, who formerly danced for the recent

Stops Indigestion, Dyspepsia, Heartburn, Gasés, Sourness and Stomach Distress

Eat "Pape's Diapepsin" like Candy— Makes Upset Stomachs feel fine Large 50 cent case. Any drug store. Relief in five minutes! Time it!

Czar Nicholas. Chaff is an interpretative dancer who has found the profession lucrative enough to build a ten-story studio building opposite Carnegie hall devoted to highbrow Terpsichorean endeavor.

"The bunny hug, the greasy wiggle and other barnyard dances will never be revived," says Chaff. "The true spirit of the dance has received an impetus by the sobering thought of war on the people. The trend will be upward. American dances were becoming vulgar. The catch as catch can steps of the cabarets would eventually have killed dancing." —New York Herald.

Two lumps of sugar to one cup of coffee seems to be the immortal ratio adopted by all the commercial eating places without the aid or consent of any other agency.

Eczema Wash

A touch of D. D. D. to any eczema sore or itching eruption and you'll be able to rest and sleep once more. Think—just a touch! Is it worth trying? Get a trial bottle today. Your money back if the first bottle does not relieve you.

TALLMAN & CO.

If Backache or Kidneys Bother

Eat less meat, also take glass of Salts before eating breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll feel a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; Salts here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drug stores here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

EYES OF OUR MEN GOUGED OUT

(Continued from Page 1.) The accident in the confusion of an air raid. He said:

THAT DULL ACHING.

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Read this statement:

Mrs. L. J. Stover, 2214 W. Webb St., Pendleton, says: "I have found Doan's Kidney Pills to be all that is required of them for backache and other kidney trouble. About a year ago I had a dull pain across my kidneys and at times I could hardly keep going, as my back felt so weak and sore. After I had taken one box of Doan's Kidney Pills that awful misery in my back left entirely and I was able to get around as well as ever."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stover had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

"Twelve infantrymen went out on a night patrol. They failed to return. When their bodies were not visible on no man's land next day every one concluded that they had been taken prisoner.

"They had been taken prisoner all right. And they came back to us the next night. When dawn came, following the night after their disappearance, they were lying out in front of our trenches.

"Every man had his eyes gouged out. Their bodies were terribly mutilated. In several cases the hands and legs were gone.

"About this time I was assigned to a dressing station just behind the lines. One night a chap simply riddled with bullet fragments came through our hands. He had been bombed by a German officer in an American uniform in his own trench.

"The Germans came over the top at night perhaps intending to mingle with the men. This soldier saw the impostor come over. When he accosted him, the German let fly with a bomb. I wish you could have seen the American afterward—you never would have believed that he got well in spite of it.

"As for that German, he never got back to his own lines. What the rest of our men did to him was a shame. He was shortly one of the deadest Germans that this war has produced."

Ships Escaped U-Boats. Private Skyles thought he could describe trench life until he tried it. Then he gave it up, declaring that "if I told you how bad it really is you'd think I was stringing you." But he admitted that the Americans didn't seem to mind it at all.

Many of the ships in which the wounded were brought home were fired on by German submarines. This brought back to Walter M. Jones of Glen Cove, L. I. of the old 42nd, how-

ever, according to his fellow patient, Sgt. William H. Zimmerman, who is learning to get about without his eyes he lost in a motorcar smash behind the lines. He said:

"Jones was suffering from real shell-shock. He lost the power of speech and hearing. And he stayed dead and dumb until our transport left the other side. He was on the same ship as myself.

"A German submarine started strafing us. Jones was a few feet away from one of the ship's guns. When it suddenly went off he found himself with tongue and ears as fine as ever. That's the luck of war."

Jones was shocked by a German 45-centimeter shell which fell fifteen feet away. When he revived, he was in a field hospital with five shrapnel bullets in his right leg. He thinks that the two lieutenants, Allen and Riley, who were with him, were killed outright.

Army Hospital No. 1, most modern of military hospitals, has now about 846 patients, according to Col. Duval. Of the 258 men who arrived from France, approximately 170 have been sent to other hospitals. Sixty more, after a brief stay at the institution, were granted a permanent discharge for physical disability.

"A moderate number of men are suffering from mental disorders," Col. Duval said. "Only one case of actual shell shock has been encountered. At present the number of actual bullet wound cases in the hospital is reduced to the following: Two blinded, one with loss of arm, one with loss of leg above the knee, and one shrapnel case."

"The men are extraordinarily cheerful. There is never a word of complaint. That is probably what helps them get well so fast."

The laxity of medical boards in bringing the national guard and oth-

er contingents to war strength has resulted in many men unfit for service reaching the trenches. It was learned. These soldiers appeared to be in the best of health until they reached the actual scene of action. Then shell explosions knocked their nerves to pieces, continued excitement accentuated every physical defect and constant dampness developed tuberculosis.

Several wards were filled with white-faced soldiers whose lungs had given way in the dampness of trenches and billets. Many of these cases were suffering from mild tuberculosis when they left America, it was said, yesterday they played cards in their rooms as cheerfully as the mountie's carriers next door. The carriers, it may be explained, were sent back from France not because of ill health, but because of their faculty for spreading disease germs to which they themselves were immune.

New Methods of Diagnosis. Because of the number of tuberculosis cases, a new method of diagnosing this disease has been evolved by army doctors. It was learned. This diagnosis takes only two minutes and is almost infallible. It is merely a matter of using a special stethoscope and tapping certain portions of the body with the fingers to detect symptoms.

"They're all heroes," explained one officer. In one ward Private Darwin Kraigs, first of Pershing's forces to receive the Croix de Guerre, is learning to get about again with only one eye. He stayed at his listening post despite the German shell which tore his face to rags. In a nearby room is Sgt. John S. Wiles of Rush, N. Y., blinded in an automobile accident while rushing ammunition to the front. Private Byrne of the regular army had his arm and part of his side torn away by a German shell.
