IDAHO SHERIFF IS ATTACKED BY I.W.W.

MOB OF 200 BEATS UP BENEWAH COUNTY OFFICER YESTERDAY.

Jail Delivery Threatened: Sheriff Knocked Down When Mob Learns Impresario Member Will Be Tried Elsewhere.

SAN FRANCISCO, March 16.—Troops are moving toward St. Maries, Idaho, to prevent further rioting in connection with the Nelson trial. General Murray, commanding the western division did not state how many troops and where they are from.

ST. MARIES, Idaho, March 16.—A mob of Industrial Workers of the World, estimated at 200, attacked Sheriff E. B. Nolan, of Benewah county, here today after they had learned that the prosecution had granted a change of venue in the trial of W. M. Nelson, a member of the Industrial Workers, who was to have been tried today on a charge of criminal syndicalism.

Sheriff Nolan was knocked down but not seriously wounded.

Jail to Be Stormed.

Members of the mob, it was said, had announced that they were going to storm the jail and release Nelson.

A riot call was sounded after the sheriff was attacked, and citizens of the town, mostly armed, surrounded them to surrender. They were taken to the court house and jail where they were put under guard. A few pistols were found on the men after they were arrested.

The charge of criminal syndicalism was preferred against Nelson by the prosecuting attorney under a law enacted by the legislature a year ago aimed at the advocate of sabotage. It was passed to meet a situation that was developing through the activities of the Industrial Workers of the World.

I. W. W. Are Released.

Nelson was taken to Coeur d'Alene this afternoon, where he is to be tried. The Industrial Workers and their sympathizers who were held in the court house and jail were released and many of them left here for their work in the woods.

Twenty-four men, said to be members of the I. W. W., went to Coeur d'Alene on the same boat as Nelson. The sheriff swore in 24 deputies late today to act in any emergency.

Sheepmen Are Organizing.

BEND, Ore., March 16.—Organization of the Central Oregon Sheepmen's Association is being effected this afternoon by woolraisers from all nearby counties. A banquet is a feature of the gathering.

Summer ranges, division of winter range between cattle and sheep interests and methods of handling stock will be among the subjects discussed.

All Day Rally Held.

EUGENE, Ore., March 16.—As a preliminary to the big Liberty Loan drive, scheduled for April 6, an all-day rally is being held here today, with prominent men from all parts of the coast speaking at the armory this afternoon. Through these speakers, Eugene people are learning in advance the reasons why the Third Liberty Loan must be supported, even if the individual must make a few sacrifices. The result is expected to be that the campaign here will put the county far beyond its allotment in the number of bonds sold.

"Days" for War Work.

PORTLAND, Ore., March 16.—Three "days" have been crowded into one here in the interests of war work. Today is "waste paper day," "Children's Thrift Day" and "Flower Day." Incidentally, the kids are earning all kinds of Thrift Stamps.

The collection of waste paper and

rag is an annual affair to reduce the city's fire risk. This year, all rags and paper brought to the fire station are being bought by the firemen with Thrift Stamps. The Conservation League, which is aiding with the paper and rag collection, also arranged to have children pick daffodils in exchange for Thrift Stamps. A clearing house which has been arranged where the children picking daffodils today can exchange the flowers for stamps, and committees selling the flowers to restaurants, offices and houses will have their supply base.

The "Thrift Stamp Idea" will be before the whole state stronger than ever during the next few days. Tomorrow will be "Thrift Sunday" in all churches and talks on the little aids to the nation in war time will be features of service.

Next week is designated as "Thrift Stamp week" by Governor Withycombe and an army of 10,000 volunteer workers will make a house to house canvass to enlist all in the army of small savers.

Farmers Are Meeting.

BEND, Ore., March 16.—The relation of the Deschutes county farmer to the Third Liberty Loan and questions concerning cooperation with the food administration's policy will be discussed at a meeting of farmers this evening, called by the Deschutes County Agricultural Council.

Attending Convention.

SALEM, March 16.—Delegates from all parts of the northwest are arriving today to attend the Laymen's Missionary Convention to be held three days, beginning tomorrow. Over 1000 delegates are expected.

The Portland Ministerial Federation will send a delegation. Sessions will be held afternoons and evenings, and speakers and workers of national prominence will participate.

May Sound Crazy To Huns But It's Code

BY J. W. PEGLER.

(United Press Staff Correspondent.) WITH THE AMERICAN EXPEDITIONARY ARMY, France, Feb. 1.—(By Mail)—"I'll be in Oregon at three. At four o'clock I'll be fixing up that ration question with Hindenburg in London. And if you want me after that I'll be over in Talahassee. Just ask for the kaiser."

Not a quotation from the savings of a mad-man—hot the dream of a super-pacifist in a space-annihilating aeroplane.

The foregoing conversation is just one end of a typical phone-talk on the front where everything is code and nobody's name is what it is.

The young divisional supply officer was about to leave on a round of the fighting points on the front. He was giving one of his subordinates instructions over the phone on how to reach him in case of need during the remainder of the afternoon.

"Oregon" is an artillery post a few kilometers from headquarters—not the western state where the apples come from. Hindenburg is a battalion commander whose right name may be Smith, and London is a dugout in the support line "up front." After that he was going to a brigade headquarters. On the phone he answers to the name of "the Kaiser."

It's simple if you have the key but a crazy confusion of far-flung places and irreconcilable names if you don't know what they're talking about.

Code is a safeguard against enemy "listening-in" sets. Telephonic invention has produced a machine which picks up distant phone conversations from the ground. If a Boche listening-post picked up that message the observer scanned his maps of the sector in vain for "London" and "Talahassee." And "Hindenburg"—there's only one Hindenburg and he isn't visiting London these days to consult on rationing problems. Every loyal Boche knows that. The idiotic Yankees must be mad.

Germany is also obtaining a slice of Sweden's place in the sun.

OUTBURSTS OF EVERETT TRUE

These Beautiful Spring-like Days

Are bringing out the newest Spring colors and styles in the Dresses and Suits. Easter is not very far away, and you surely will want your costume by that time. Our daily express is bringing to us directly from the New York markets the most individual styles and colors that can be found today. Could you drop in and permit us to show you through?

The Dresses are priced from \$5.90 to \$29.50 The Coats are priced from \$6.90 to \$37.50 The Suits are priced from \$14.75 to \$39.50

SON GIVEN TO MRS. DE SAULLES

Mother Made Legal Guardian of Boy Who Caused Murder.

NEW YORK, March 13.—Mrs. Blanca Errasia de Saullles, the Chilean heiress, who was acquitted of the murder of her former husband, John L. de Saullles, one time Yale athlete, was today by court decree made legal guardian of her son Jack.

It was because of a dispute over the possession of the boy that Mrs. de Saullles shot and killed her husband. The decree decides a legal contest between the mother and relatives of the boy's father. A trust company was made guardian of the boy's property.

CENTRAL POWERS WILL CONFER

Meeting to Be Held Immediately After Easter, Is Reported.

AMSTERDAM, March 13.—There will be a conference of sovereigns of the central powers and their allies, Turkey and Bulgaria, immediately after Easter, according to the Hungarian newspapers. The meeting will take place at Sofia or at Constantinople in consideration of the age of the sultan of Turkey, it is said.

F. W. D. MOTOR TRUCKS

Four Wheel Drive

3-Ton Capacity

SPECIFICATIONS

- Load Capacity—3 Ton. Chassis Weight in Pounds—6,200 pounds. Wheel Base—124 inches. Tread—56 inches. Turning Radius—24 feet 6 in. Speed—14 miles per hour. Tires—Make, optional. Front and rear 36x6. Wheels—Front and rear interchangeable, 36x6 S. A. E. Standard. Artillery type. Number of Cylinders—Four. Bore, 4 3/4. Stroke 5 1/2. Offset of Cylinders, 3-4 inch. Diameter of Crank Shaft on all Bearings—3 1/2 in. long. Front and Center Crank Shaft Bearings—3 1/2 inches long. Connecting Rod Bearing—3 1/2 inches. Diameter of Wrist Pins—1 3/16 inches. Diameter of Cam Shafts—1 1/2 inches. Length of Connecting Rod—12 inches. Drop of Motor from Supporting Arms to Center of Crank Shaft—3 inches. Length of Pistons—6 inches. Engine Governor—On manifold, regulated and set at 1,100 revolutions. Number of Piston Rings—3. Control—Handthrottle and lever. Diameter of all Valves, Intake and Exhaust—2 1/2 inches. Weight of Motor—580 pounds. Horse Power—A. L. A. M. rating 25.1. Cooling System—Centrifugal pump and radiator fan driven from pumpshaft. Radiator—Perflex type. Three point suspension. Radiator Capacity—8 gallons. Ignition—High tension magneto. Carburetor—Stromberg. Motor Lubrication—Force feed to all bearings and combined splash system. Gear Set—Shifting quadrant—own make. Location—on seat frame. Number of Speeds—Three speeds forward and one reverse. Transmission—Jaw clutch type—selective, gears always in mesh. Gear Ratio of the Transmission—1:1 on high, 2:1 on second, 4:1 on low and 4.13:1 on reverse. Gears—1 1/4 inch wide, 5 to 7 pitch. Total Gear Reduction—8.9:1 on high, 17.80:1 second, 35.60:1 low, 36.07:1 reverse. Sub-Transmission—Driven by silent chain on differential, which has a locking device. Springs—Alloy Steel. Front springs 2 1/2 inches wide, 45 1/2 inches long, semi-elliptic, platform spring in the rear. Side springs, 2 1/2 inches wide and 44 inches long. Cross springs, 2 1/2 inches wide, 40 1/4 inches long, semi-elliptic. Shifting Levers—Steering wheel irreversible. Gear shift location—on seat frame. Emergency brake location—on seat frame. Clutch and Foot Brake Pedal—Hele-Shaw Multiple Disc Clutch, consisting of steel and copper plates running in oil. Gasoline Capacity—20 gallons. Universal Joints—Full double universal joint between clutch and transmission and one universal joint on each end of driving shafts. Axles—Both axles full floating—front axle having patented ball and socket containing universal running constantly in oil. Brakes—External service foot brake on transmission shaft 10 inches diameter by 3 1/2 inches wide. External emergency brake 15 1/4 inches diameter by 2 3/4 inches wide. Bearings—All hub bearings interchangeable for all four wheels. Two bearings used to each wheel. Equipment—Complete set of tools. Toolbox, oil cans, horn, Hub-cap, motor and magneto wrenches. Two kerosene side lamps, one kerosene tall lamp. Painting—Chassis painted in lead color.
