

# NEWS NOTES OF PENDLETON

**Valley Auxiliary Contributes.**  
The Valley auxiliary of the United States Red Cross at Pendleton this morning sent down a check for \$55.44 which was netted at a recent entertainment there.

**Storekeeper Enlistments Close.**  
Recruiting Officer Swartz this morning received notice that enlistments as general storekeeper in the naval reserve had been closed.

**Spring Has Come.**  
According to the calendar today is the first day of spring. However, the same spring brand of weather which marks today has been prevalent here for several weeks.

**Building Permits Issued.**  
W. I. Gadow has been granted a permit to make an addition to his dwelling on Bush street at a cost of \$500. T. C. Mangold has taken out a permit to repair his dwelling at 319 Combs street and E. J. Murphy has taken out a permit to put in a new front to the Welch cigar store and the Snow & Simis offices at a cost of \$400.

**Bid On Logan Street.**  
A bid was received last night from the Warren Construction Co. for the improvement of Logan street from Jackson to Raley. The street committee was authorized to act to secure a new sidewalk along the school board's property on East Webb Street. These

matters and the reading of Chairman Phelps' report on the McPherson-Pendleton controversy constituted about all that came before the council last evening.

**First Trial Under New Law.**  
W. H. Robbins, who farms near Echo, is to be tried in the Echo Justice court tomorrow on a charge of violating the new stallion registration law. It is alleged that the state board refused to register his stallion on the grounds that it was diseased and that, regardless of the law, he has been using the stallion. The state authorities attach considerable significance to the case, inasmuch as it is the first brought under the new law, and even Governor Whitcomb has written District Attorney Keator to try the law out thoroughly.

**Pattern After Umatilla.**  
Other counties of the state are forming patriotic service organizations along the lines of the one recently formed in this county and are using the Umatilla county organization as a model. Recently Baker sent for the plan of organization used here and a day later R. A. Harris of Salem sent for a copy of the plan. In a letter received this morning by the secretary he congratulates Umatilla county upon "her foresight and good sense in getting at this problem in a business like way" and states that he expects to call upon the local organiza-

tion for further helping in organizing Marion county along similar lines.

**Surgical Dressing Class.**  
The Red Cross surgical dressing class will meet Friday afternoon at 2 o'clock with Mrs. L. L. Rogers in charge.

**W. O. W. Clerk Returns.**  
J. P. Walker clerk of the local camp of the W. O. W. returned last night from a two weeks business trip to Wasco and Portland.

**Switchman to Enlist.**  
R. L. Blake switchman at Reith left last night for Portland where he intends joining the railroad engineering corps of the army.

**New Bus Driver.**  
A. Donaldson has accepted a position as bus driver for the Hotel Pendleton. Mr. Donaldson formerly drove bus for the Hotel Pendleton when when horses were used instead of an automobile.

**To Attend K. of P. Meeting.**  
M. A. Ferguson, proprietor of the Golden Rule Hotel, left this morning for Hermiston. Mr. Ferguson intends to spend the day fishing in the reservoir and also to be present at the meeting of the Knights of Pathians tonight.

**Mrs. Milne Champion Knitter.**  
Mrs. William Milne of West Court street has probably qualified as the champion knitter of Pendleton. She has already knitted 25 sweaters and at the present time is completing a pair of socks a day besides keeping up her general housework.

**Tonkin To Southern Oregon.**  
District Game Warden George Tonkin has been sent by the state warden to southern Oregon again and the cases brought against Levi Eldridge and George Dune of Pilot Rock for the alleged shooting of an elk will be delayed until his return.

**Employment Office Busy.**  
Already some 50 men desiring work have been registered by Mr. Green at the government employment office in the Burroughs-Chambers office in the East Oregonian building. Of those registered 25 have been given positions. There is no shortage of labor here at this time, says Mr. Green and he does not look for a serious shortage during harvest.

**Many to Hermiston.**  
Several scores of local Pythians will be at Hermiston tonight for a big Knights of Pythias session there during which the work will be handled by the Pendleton team. The cars leave the Pendleton Abstract company's office at 5 o'clock and all desiring to go will be accommodated. Several cars have already left for Hermiston.

**Three More Delinquents.**  
Three more names have been added to the list of delinquents prepared by the local exemption board because of registrants to send in their questionnaires. They are Albert A. Gumm of Holdman, John L. Wall of Atholport, Ore. Two more names have been stricken off as it has been discovered that Cecil McDonald is enlisted in the navy and Florin Hauber in the army.

**Woman in Jail Sued.**  
Mrs. Edna Norton Gregory, the woman convicted of sending poisoned candy through the mail, was today sued by her husband, Carl Gregory, for divorce. They were married in Spokane in 1916. He not only cites her recent conviction but alleges she has threatened to kill him, has sought to have him arrested on false charges and has conducted herself as an immoral woman. Carter & Smythe are his attorneys.

**Ballplayer Arrives Here.**  
As the vanguard of the Portland ballplayers who are to train in Pendleton next month, Corbett Griggs, one of the catchers signed by McCredie, arrived in Pendleton this morning accompanied by his wife. He explained that he was just marking time until the opening of the season and decided he had just as well come on in ad-

**Building-up for the Spring Attack**  
at the front is a good deal like putting the body in condition for a campaign of the germs of grip, pneumonia or "Spring fever" here at home. At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips. The reason for this is that during the winter, shut up in their doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkets remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as a glyceric herb extract made from Golden Seal root, Blood and Stone root, Oregon grape root and Wild Cherry bark. This can be had in convenient, ready-to-use tablet form at all drug stores, sixty cents, and has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food. When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired feeling, the simple way to overcome these disorders is merely to obtain Dr. Pierce's Auric from your druggist. In tablets, sixty cents.

## CONTROVERSY IS PRODUCTIVE OF CLASSICAL JEM

Shades of the immortal Shakespeare! What is the art of fine writing coming to when a neighborhood controversy over a fence, a projected road and a manure pile can inspire such a prodigious person as the chairman of the street committee, who is more plumber than poet, to break out in such a classical report as he submitted last evening to the council over his signature. Take not our word for his character but read it yourself. This is the way it is inscribed on the records:

Report of the street committee on Pendleton vs. M'Pherson. O. H. Huff, intervener.  
To the City of Pendleton: Pursuant to directions from the mayor and common council, your street committee, that is what was left of it, the bucolic member being absent, the other permanently disabled by verbal bombardment, but the body and soul of the committee, consisting of the chairman, climbed to an eminence near the scene of recent hostilities at the junction of High and Aura streets and discreetly keeping at a safe distance, gazed down into the valley "where angels fear to tread" and everyone there like the hobshelver wears his hat.  
Your committee from this point of observation beheld the earth works

## GO NO FARTHER.

The Evidence Is At Your Door.

Pendleton proof is what you want and the statement of this highly respected resident will banish all doubt:  
G. W. Knight, retired farmer, 815 E. Court St., says: "For the past eight or ten years I was troubled by my back. Sometimes I had pains across my kidneys and in my loins and sides. At such times my kidneys bothered me and I had to get up often at night to pass the kidney secretions. The secretions were highly colored and contained a brick dust like sediment. Doan's Kidney Pills relieved the backache and the pains that had annoyed me and cleared up the kidney secretions." (Statement given May 17, 1910.)

On May 15, 1916, Mr. Knight said: "I gladly confirm every word of my former statement concerning my experience with Doan's Kidney Pills. Whenever I feel in need of a kidney medicine, I take Doan's Pills and they always do me good."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Knight had. Foster-Milburn Co., Mfgs. Buffalo, N. Y.

## FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). Always dependable. 20 and 60c jars; hospital size \$2.50.
