LIBERAL STRENGTH IN STOCK YARDS

PORTLAND, March 21.—Liberal strength continues in the cattle trade with limited arrivals at North Portland overnight and a liberal demand. The Pneumonia Season.
The damp, cold weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.—ADV.

INDIA'S SUN WORSHIPPERS.
Limited in number but mighty in influence are the Parsees, who hold the wealth of Bombay in the hollow of their hands and dwell in the loveliest mansions around the coast. They conform to European customs, and live as much like Europeans as it is possible for a colored race. They build hospitals and colleges after the European manner. Their women are not merely well educated but as free to travel and to

mix with men as the women are of an alien race. Yet these people, the Jews of India as they have been called, still worship the sun, and in their towers of silence lay out their dead to be devoured by the birds of the air.

The reason is that they refuse to defile the elements of earth, fire and water with dead bodies, and so deliver them up to be torn to pieces by the vultures.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
