## NO MAJOR OBJECTIVE IN LINE OF PRESENT GERMAN CAMPAIGN

(D. W. T. MASON.)  
NEW YORK, March 22.—If the German move west of Cambrai means a major offensive German general staff have selected the very era where a break of the allied line would count the least for Germany. The district behind the British positions was voluntarily abandoned by Hindenburg a year ago because he did not consider it worth the number of men the defense required. If he now attempts to recapture it, he is apparently the severest critic of his own strategy. No major objective is in the line of the present German movement. The direction taken is not toward Paris and quite outside the region of the direct road to Calais. It may be a defensive move, however, to prevent the British menace to Cambrai as the result of last fall's thrust.

## Hi-Jinks Carnival at High School Tonight

The students of the High School will put on a Hi-Jinks carnival in the auditorium tonight at 7:30. This show has been talked of by the students ever since it was first proposed and the more they wonder what stunts are going to be pulled off, the less information they acquire, for everything is kept secret.

There will be six acts of high class vaudeville and two reels of pictures on the program. A feature of the entertainment will be Lowell Stockman with his colored comedians. Following the show, a public dance will be given in the library hall by two students. It was formerly announced that a dance would be given in the high school gymnasium but Superintendent E. E. Young has asked the students not to give any more dances in the high school this year.

WON'T BREAK CONTRACTS.  
SALEM, March 22.—Oregon hop-growers wrote the attorney general asking if there is anyway long contracts with the New York German breweries can be cancelled so they can raise grain for the allies. It is alleged the Germans refuse to break contracts made before the war.

NON-PARTISAN LEAGUE HEARING.  
ST. PAUL, March 22.—Federal tariff commissioner Keats is enroute to Washington to report on the non-partisan league to the information committee. He told leaders he'll absolve the league, charging disloyalty charges are political.

SALARIES ARE INCREASED.  
WASHINGTON, March 22.—The house this afternoon voted to increase all postal employes salaries from five to 25 per cent.

GENERAL MENTIONED IN CASE OF THE LIPPERTS

General Thomas Crane, retired, has been mentioned in connection with the case of Henry H. Lippert and his son, Ralph of Chicago, who paid him to look after contracts they had with the government. General Crane says he did nothing which had not the sanction of the war department, and that he was told that since he was out of the service he had a legal right to accept employment from others.

### Are Here Told the Best Remedy for Their Troubles.

Freeport, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GORDON, 223 Napoleon St., Freeport, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. LUCAS LAMLA, Box 197, North Haven, Conn.

## LOWE BROTHERS HIGH STANDARD PAINTS

These paints of proven performance show their quality by their looks, life and wear. Results have proved their certain economy.

HIGH STANDARD saves money now and next time. It saves money "now" because a gallon covers more surface than a gallon of cheaper paint. You will need fewer gallons of HIGH STANDARD. It spreads easier enabling your painter to do a better job in less time.

It saves money "next time" because HIGH STANDARD is a long-wearing paint. You don't need to paint so often. And gradually worn away, it leaves a good surface for repainting. This means saving of time and material.

## EVERY MAN IN THE SERVICE NEEDS BOOKS

We have not forgotten that our men who are going to war are human beings. We do not want them to be entirely without home-like influences. The Library War Service of the American Library Association has erected Camp Libraries at thirty-four training camps, has furnished trained library service and is circulating books throughout the camps by means of branch libraries in Y. M. C. A. and K. of C. huts and Y. W. C. A. hostess houses. Its service is also extending to naval bases and ships, and dispatch offices are maintained at important embarkation points. Books are put on transports for use of the men on the voyage and are taken off at the end of the voyage and turned over to the Y. M. C. A. and K. of C. secretaries, to chaplains and Red Cross units for further circulation among the men "over there."

Several hundred thousand books have been placed in libraries by gift or purchase. As the army increases, more books are needed. For every man in service there should be a book in service all the time. A big nationwide Book Drive is being conducted this week and every person is invited to contribute books from his private collection to be sent to our soldiers and sailors. Books taken to the County Library marked with the donor's name, will be welcomed.

In almost every home there are books purchased recently, or standard volumes still popular, which are seldom referred to. They should be put to use in these free circulating libraries for soldiers and sailors. Gift books should be selected with care, for they are to serve virile, impressionable young manhood.

All sorts of books are in demand at the libraries. Non-fiction is called for as much as fiction. The libraries
