REV. SNYDER TALKS TO P. H. S. STUDENTS

A rousing speech was given to the students of the High School this morning by Rev. J. E. Snyder, of the Presbyterian church, who told of his experiences during the time he was at Camp Lewis. He said that the watchword of the national army is "efficiency," and that when a man first comes into the training camp he is given a little book telling him how to be efficient.

He surprised his audience by telling them that 19 per cent of the drafted men of the army are physically unfit for service and that 90 per cent of those are unfit because of their own folly. In telling this, Mr. Snyder cited Willie Ritchie, a famous boxer, who came into the camp. He was green like the rest of the rookies, but because he was physically fit he was made a captain, with the charge of a number of men. In closing his speech, Mr. Snyder said, "Keep your mind pure and your soul can't help being pure."
