To drive a tank, handle the guns, and sweep over the enemy trenches, takes strong nerves, good rich blood, a good stomach, liver and kidneys. When the time comes, the man with red blood in his veins "is up and at it." He has iron nerves for hardships—an interest in his work grips him. That's the way you feel when you have taken a blood and nerve tonic, made up of Blood root, Golden Seal root, Stone root, Cherry bark, and rolled into a sugar-coated tablet and sold in sixty cent vials by almost all druggists for past fifty years as Dr. Pierce's Golden Medical Discovery. This tonic, in liquid or tablet form, is just what you need this spring to give you vim, vigor and vitality. At the lag end of a hard winter, no wonder you feel "run-down," big, out of sorts. Try this "Medical Discovery" of Dr. Pierce's. Don't wait! Today is the day to begin! A little "pop," and you laugh and live.

The best means to oil the machinery of the body, put tone into the liver, kidneys and circulatory system, is to first practice a good house-cleaning. I know of nothing better as a laxative than a vegetable pill made up of Maple leaves of Aloe and Jalap. This is commonly sold by all druggists as Dr. Pierce's Pleasant Pellets, and should be taken at least once a week to clear the twenty-five feet of intestines. You will thus clean the system—expel the poisons and keep well. None is the time to clean house. Give yourself a spring house cleaning.

PRIVATE PEAT--FIGHTER AND AUTHOR

Private Peat, fighter and author with an arm shattered to pieces by a German explosive bullet, has attracted the attention of President Wilson by his patriotic campaign in Washington and other points of the United States.

Rendered unfit for active service at the front and invalided home with a Canadian badge of honor on his breast, Peat immediately set about to write a book, which he called "Private Peat." He got the Bobbs-Merrill people in Indianapolis, to publish it and then started out on a patriotic lecture tour, which attracted so much attention that Dr. Carlfield, Fuel Administrator, has asked upon him to urge fuel conservation to a patient and patriotic public.

Private Peat's War Pictures. Peat, a wiry, little, black-eyed man in khaki, with his useless arm dangling by his side, is preaching the gospel of patriotic sacrifice. Umatilla Convict Captured After His Death Is Reported
SALEM, Ore., March 25.—"Hog" Woodward, who has the reputation of having been a prisoner in the penitentiaries of 10 or 15 states, and who last October was reported to have died suddenly at Pocatello, Idaho, was captured today at Reno, Nev., according to information received here. He acquired his sobriquet by a trick he is said to have perpetrated on the chaplain of the Walla Walla, Wash., penitentiary. Woodward told the chaplain he was a well-to-do farmer and persuaded him to undertake the sale of hogs which Woodward said he owned at a distant part of the state. The chaplain made the trip, but found the hogs were a myth. Woodward was committed in Oregon from Umatilla county for obtaining money by false pretenses.

Bethlehem Motor Truck

THE DOMINANT MOTOR TRUCK IN A MOTOR AGE

Bethlehem Dominance in an age of truck specialization cannot be due to one or two factors. The motor must be a dominant motor—the frames—the rear axles—the steering gear—the ignition—the cooling and oiling systems—each part must be and is, in a Bethlehem, a proven feature in itself.

There is no one "selling feature" in a Bethlehem—each integral part is in itself a proven, convincing selling point backed by the big Bethlehem organization, the third largest truck manufacturing plant in the United States.

Call, see these trucks and be convinced. We will give you big values.
