DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or chest, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headaches, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter. Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs. The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism, other ailments, have hollow, thin, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

JOHNSON BARNHART WILL DO HIS BEST

LOCAL INDIAN BOY IN AIR SERVICE ON LONG ISLAND WRITES TO FATHER.

Sees Airplanes Go Scouting Out to Sea; One Fell But Driver Was Not Killed; Wants to See Little Child Who Is Sick at Wapato.

"I will do my very best," writes Johnson Barnhart, local Indian boy now in the service, to his father, William Barnhart. Young Barnhart is in the air service and his letter is as follows:

Naval Air Station, Fort Tilden, L. I., New York, March 28, 1918.

Received your letter today and was glad to hear from you and was glad to hear that everybody is well. I am not in Pelham Bay Park any more. I moved over here to the naval air station. I have been here just one week. This is a good place. They feed us well and let us go to town every week. They got balloons and airplanes here. They go up every day and scout out on the ocean. One airplane fell two hundred feet four days ago. Nobody was killed. The driver was hurt, that's all. He will be all right again pretty soon. I am doing guard duty here. I go out to night at 12 o'clock, and come off at 4 o'clock. I am getting along pretty good and the coming Monday I get two days off and they let me go to town for two days. I don't know how long I am here. I know that I am on guard steady. We guard night

and day so that means that I will be here over three months. So will you please send me the East Oregonian papers for one month. Go to the East Oregonian office and give them my address and they will do the rest. I like to read my home town papers. Will you please do this?

I got word from Wapato, Washington, that my little baby is sick. If I get another letter from there and if it states that she is still sick I am going to try to go home for a while so be prepared for my fare. I expect to hear from them in six days and I will wire you and you must act quick that is if they will let me go from here. If I wire you send the money by wire, that will come faster.

I only got one picture left now and I am sending it to you so Tom will have to wait for awhile. I wrote one letter to him but never got an answer from him. I got one letter from Ralph McBean and I am getting letters from one girl from Iowa (she is a white girl).

Well, I am still well and happy and have a pretty good time. I don't go to town much, only pay days. They are holding my money for my insurance and they sent part to my child and they take or keep \$15 on the books for me, so I don't get much money pay days, so I must thank you for the money you sent me.

Well, I guess I told you everything I know, so I must come to an end, for I got to write to this girl yet. I got a letter from her this morning. So goodbye, dad, and everybody in the house and all the friends.

JOHNSON W. BARNHART, Naval Air Station, Fort Tilden, L. I., New York.
