

# NEWS NOTES OF PENDLETON

**\$11,150 in Bonds.**  
Up to last evening O. W. H. & N. employees at Pendleton and Itzeh had

subscribed for liberty bonds to the extent of \$11,150. For the entire O. W. H. & N. Co., with 1593 employees, a total bond subscription of \$113,400 was made up to the evening of the 11th.

**Funeral of Chas. Eppinger.**  
The funeral of Charles Eppinger, former Pendletonian who died suddenly in Baker, will be held this afternoon in that city. The services

will be held under the auspices of Baker Lodge No. 47, A. F. & A. M., on instructions from the Pendleton lodge of which he was a member. R. Alexander and daughters, Mrs. M. Doid of Herndon and Mrs. H. W. Collins of this city, are attending the funeral.

**Matoney is Honored.**  
J. W. Matoney was chosen yesterday as a delegate to the Presbyterian general assembly to meet at Columbus, Ohio, May 6. He is planning to attend.

**Estate is Probated.**  
Doral Etta Carter has been appointed administratrix of the estate of James Thomas Carter, Sr., who died in Walla Walla April 2, leaving an estate valued at \$4850.

**Passed for Limited Service.**  
James Omahundro has been examined in Ventura, California, and accepted for partial or limited service in the army, according to word sent the local draft board.

**Reception for Dr. Plamondon.**  
La Grande has arranged a reception for Dr. J. D. Plamondon, first lieutenant of the La Grande hospital unit who has been invalided home following an attack of bronchial pneumonia in France. The reception is to be held next Monday evening. Dr. Plamondon brought personal messages to the families of the La Grande boys in France.

**Was Witness in Spokane.**  
Dean Shull has returned from Spokane where he was a witness in the damage suit of Testoe vs. O. W. H. & N. The jury disagreed for the third time and Mr. Shull has been notified that the case will be tried again. While in Spokane last Sunday, Shull shot with the Spokane trapshooters. The birds are much easier to hit there than here, he states, the machine hurling them much slower.

**Check Up Lists Tonight.**  
Precinct chairmen and team captains are requested to turn in their Liberty Loan lists this evening at the Commercial association any time after 7 o'clock and to report on all those who did not subscribe through them for bonds. This action is being taken in order to clear the way for the follow-up committees.

**Ruppe Baby Dies in Alberta.**  
Word was received in Pendleton this afternoon of the death Friday morning of little Norman Ruppe, the three months' old son of Mr. and Mrs. Herbert Ruppe, of Calgary, Alberta. He had been ill four weeks and death was due to meningitis. This was the second son the Ruppes have lost recently.

**Ashworth for Commissioner.**  
J. M. Ashworth of Weston, who has twice before sought the republican nomination for commissioner is out again after the job. His declaration of candidacy was filed today. Printed after his name on the ballot he wants these words, "square deal for all parts of county and for all roads in county." Lon Williams of Milton is also a candidate though he has not yet filed.

**C. F. Christlanson Dies.**  
Word has been received here that C. F. Christlanson, formerly a resident of Pendleton, dropped dead in Butte, Montana, recently. Mr. Christlanson worked in Pendleton 15 or 20 years ago as a printer on both the East Oregonian and Tribune. One daughter, Mrs. Herbert Ruppe of Alberta, was raised here by Mr. and Mrs. Tom Means and was known as Mary Means. Another daughter, Anna, and a son, Arthur, live in Seattle.

**Delinquent Must Go.**  
The local draft board has received instructions from the adjutant general that Norman Willie Cain of this county is to be considered in default for failing to file his questionnaire and for failure to report to the adjutant general's office and is to be examined at once as to his physical qualifications. Unless he can make a satisfactory showing, he will probably be inducted into the service at once. He was in Los Angeles when the questionnaires were sent out and claims he never received his. He is now working near Pendleton.

**Colored Women Fight Over Man.**  
The eternal flange, this time a colored one, popped up again in police court this morning when Iola Andrews and Maggie Mosely, both colored, were placed on trial for fighting, the offense having taken place early in March. The object of their contention was a colored man, Mister Green, by name. From the story they told, Mister Green escorted Mrs. Mosely to a restaurant in the State Hotel building one rainy night in March. Miss Andrews was sitting at another table and the ticks Mister Green made eyes at her. His straying attentions brought forth a gentle remonstrance from the lady at his side who reminded him of the impoliteness of making eyes at one lady while acting as escort to another. The remonstrance was overheard by Miss Andrews and she waited outside for the other. On the appearance of the latter hot words ensued and the hot words led to an exchange of blows. Mister Green was kept busy trying to separate the women who fought over him and he succeeded in forcing them apart. They met again out in the street and renewed the battle. In court this morning Mrs. Mosely denied she had any proprietary rights to Mister Green and the testimony was that Miss Andrews had declared she had "walked on better men." The latter was fined \$10 and the former \$15.

## ARGENTINE NOT AGAINST AMERICA

(ROY HOWARD.)  
BUENOS AIRES, April 12.—"Argentine is not indifferent towards the international confederation raging, nor must her course be considered unsympathetic and cold toward the United States. The difficulties of her situation are doubtless not fully understood in the United States. No misjudgment of past developments should cause a hasty judgement of Argentina's future policy, to her disadvantage."  
This is the sincere, straightforward statement of President Irigoyen. It is the first of the kind ever given and disproves that he is unfriendly toward the United States.  
"It is quite evident to us that Argentina's position as a neutral is misunderstood. When Germany apologized for her affronts, Argentina could not so far forget the regard of individual opinion and sentiments."  
"This is no time to discuss our course in case of further affronts. Argentina's position is similar to that of the United States following the Sussex sinking. The United States certainly is not blind to Argentina's warm feeling."  
"He said the United States' selfishness and humanitarianism is appreciated when actions are squared with words." (Copyrighted.)

## Kaiser Advises Carl To Show Ruthlessness

AMSTERDAM, April 12.—A dispatch from Vienna says the kaiser today telegraphed Emperor Carl: "Accept my heartiest thanks for your statement repudiating the French premier's assertion and let me hasten to assure you I have never doubted but that you've made our cause yours."  
"Outcomes, unable to prevail honestly, resort to the lowest and most sordid methods. It is our duty to grapple ruthlessly and beat them in all the war's theaters."
