GLOW WINS GAME FOR BUCKAROOS

PORTLAND, April 24.—The Portland Buckaroos made their initial appearance at the Vaughn-street ball park yesterday and immediately proceeded to wade into the good graces of the handful of fans present by administering an artistic coat of whitewash to the Vancouver soldiers, winning 8 to 0. The two Buckaroo pitchers in the khaki warriors down with two safe bingles. Carl Glow, the young right-hand pitcher from La Pine, Or., pitched six innings without allowing a hit or run. He looked and acted the part of a seasoned pitcher and was as cool as the pipes in George Parker's refrigerator. But one player reached second during the six innings Glow was on the mound. Glow fanned five of the opposition and issued one base on balls. He is credited with four assists and handled a throw from Fisher at first base in faultless shape, besides starting a fast double play in the first inning. Glow works the better he looks and if he continues to buffet the opposition as he did yesterday he will most likely open the championship season against Vancouver. Rapp Allows Two Hits. Rapp, southpaw, took up the burden for the Buckaroos in the seventh and retired the soldiers in jettime. Uncle Sam's warriors gathered their first safe bingle off Rapp in the seventh, when Kelly singled to center. Weigant's blow to the same spot in the ninth was the extent of the soldiers' collection of hits.

YOU Don't Have to Suffer

BACKACHE? Feeling tired? Shooting pains in sides? Ankles swollen? Joints stiff? Muscles sore? Do you feel bilious and out of sorts? Have you dark patches under your eyes? Do you feel that you are growing old? Are you annoyed at night with sleep disturbing bladder irregularities? Would you like to know of a good remedy for kidney trouble, the cause of most of these symptoms and ailments? The best good-health insurance known is to keep the kidneys and urinary tract in the proper condition to do their work of filtering and throwing out from the blood stream, uric acid and poisons that settle throughout the system when the kidneys fail in their work.

Foley Kidney Pills

will tone up and invigorate your kidneys. They banish backache and other symptoms of weak and disordered kidneys. They start you right toward good health. They soothe and heal the bladder and regulate the liver. Why suffer when such a well-known remedy can be had with so little effort? Mrs. Eric E. Kleran, Averill, Minnesota, writes: "I was at Fargo Spaulding for three weeks at one time and two weeks at another time for rheumatism and kidney trouble and got no relief. And so my return home I began using Foley Kidney Pills and found immediate relief and about a month completed the cure. I always have them on hand and use them when I feel any pain in my back." In two sizes, 50c and \$1.00. TALLMAN & CO.

MAY POOL ALLIED SHIPPING BUSINESS

WASHINGTON, April 25.—The pooling and operation by the inter-allied shipping board of all tonnage now operated by the United States, Great Britain, France and Italy is being jointly discussed by these nations. The distribution of tonnage as the war sweeps into the most desperate stage is becoming more and more a vital factor in the outcome. The differences of opinion whether food supplies, or men should have priority has caused vast confusion in recent months. The pool plans would bring the same coordination in the shipping situation that was brought on the eastern front by the appointment of General Foch as generalissimo of the allied troops.

Plan Resistance To Draft in Ireland

DUBLIN, April 25.—Throughout Ireland anti-conscriptionists are quietly but determinedly marshalling the resistance to draft. A joint meeting of the nationalists, Sinn Feiners and the Irish party is in session at the mansion house working a plan to coordinate the political, ecclesiastical and labor forces. Carson ordered the Ulsterites to reorganize their machinery and hold a meeting after the introduction of home rule.

Americans Commended For Saving British

DAYTON, Wash., April 25.—An automobile party including Glen Brown, Mrs. Lamb of Vancouver, Miss Compton of Walla Walla, Misses Hahn and Doris Romaine and Bonita Gilman escaped serious injury if not death in an automobile accident Friday evening when Mr. Brown's auto turned turtle, pinning them all under the car. Mrs. Lamb and Mr. Brown worked their way from under the car and constituted themselves a rescuing party to save the others. When they reached the car, the doctor looked them over and informed them that none of them were killed, although strenuous lifting on the car was almost as bad.

Sequel To Love For Doll

Maternal Instinct Greatly Developed by Teaching Children to Love their Dolls.

The little child's doll is mother to the most romantic fairy. And in the years that pass, the doll fades into the past as a June noose to evolve the most wonderful of all transformations. And now comes a more serious period when the joy of real motherhood should be as tranquil as the period of childhood. This is accomplished with a wonderful remedy known as Mother's Friend. An external application so penetrating in its nature as to thoroughly lubricate the myriad network of cords, tendons, nerves and sinews just beneath the skin of the abdomen. It relieves the tension, prevents tenderness and pain at the crisis and enables the abdomen to expand gently. The muscles contract naturally after baby arrives and the form is thus preserved. It should be applied daily, night and morning during the period of pregnancy. By regular use it enables the abdomen to expand without the usual strain when baby is born. Naturally, pain and danger at the crisis is less. You will find Mother's Friend on sale at every drug store. It is prepared only by the Standard Regulator Co., 100 East Big, Atlanta, Ga. They will send you an instructive "Motherhood Book" without charge. Write them to mail it to you. Do not hesitate for a single morning or night to use Mother's Friend. Obtain a bottle from your druggist today by all means, and then shortly yourself against pain and discomfort.

YANKEES HAVE CLOSE CALLS

One is Hurler From Trench But is Unhurt. WITH THE AMERICAN ARMY IN LORRAINE, April 24.—They used to figure that it took a thousand pounds of lead to kill a man. Now it probably takes ten thousand. A company from a Middle-Western state was holding a sector recently when a shell burst in the trench. One of the men was blown clear out of the trench. He landed thirty feet back in the open. Everyone thought he was done for. Then they saw him move, and within a few minutes he began to crawl back toward the trench. He was given a hand, and once back in the trench the mud was scooped from his ears and nose. His bunkies felt him all over. He didn't have a scratch. Within ten minutes he was back at his place in the line. In another trench a shell hit loose

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin is on Fire. There is a harassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source. The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle to-day at any drugstore, and you will see results from the right treatment. Write for expert medical advice, which you can get without cost, by addressing Medical Director, Dr. Swift Laboratory, Atlanta, Ga.

CHARLES M. SCHWAB

Charles M. Schwab, perhaps the greatest steel man in the United States, has been made director general of the Emergency Fleet Corporation by President Wilson, and it is said he has been given full power to force the construction of ships at a rapid rate. Mr. Schwab has given up the management of his famous Bethlehem steel plant to do the work for the government. He is the fifth man to have the direction of the shipping. Others quit because they did not have sufficient power to get results.
