LOCAL BOY WAS IN RECENT EARTHQUAKE

William Myers, Son of Chas. Myers, Tells of Army Adventure.

William A. Myers, former Pendleton high school student and son of Pendleton Charles Myers, had a thrilling experience during the earthquake in southern California. Young Myers is with the 21st Infantry down on the Mexican border.

My Dear Sister: Your most welcome letters reached me today and will now take time to answer them. I would have written sooner but as I hadn't heard from you, I thought you had moved or something and I wasn't sure of you getting it.

We are now having a hard time of it out in this miserable hole. We are right on the beach and the sand blows all over everything, but we go swimming every Sunday right out in the Pacific ocean. The water is pretty cold and doesn't taste very good but we get away out about 150 feet from the beach and ride the breakers in and some times when they start to break before we get in them we just dive through them and when the water is all past we find ourselves in about 15 inches of foam on the other side. It sure is great sport and you don't know how much you have missed by not going to a beach in the hot summer.

We had an honest to goodness earthquake here yesterday. It shook things up all the way from here to San Diego and it sure raised hell there from what I hear.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or purple, generally weak, tired and listless, one should take a spring tonic. One that will do the spring house-cleaning, an old-fashioned herbal remedy that was used by everybody nearly 60 years ago is still safe and same because it contains no alcohol or narcotic. It is made up of Blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce's Golden Medical Discovery.

I am sure glad to hear that everyone up there are doing their bit for 1918 and doing mine. I have bought three Liberty bonds myself. I will have them paid for by July 21 and then I can probably come home on a furlough if nothing happens in that time to keep me here. I sure wish you could come here and see me for you could sure have a good time besides seeing a lot of the country here. I have seen all of California now from north to south and if I ever get out of the army I am going to live here.

When I went to Los Angeles to see Uncle Charles I saw all the Sun-bait orange orchards. The trees were just loaded with ripe oranges and I went in and picked up 25 pounds of oranges off the ground and went up to the packing house to pay for them. The fellow I saw just threw them on the scales and said the bloss. They were lots better than the ones you buy up here for 25 a dozen for they were picked right on the trees.

Another thing that grows plentiful here is daisies. The people have daisy trees in their front yards for shade. These are the kind of trees they get those big pale leaf fans from and the blossoms are sure big too. The biggest of them are from 18 to 25 inches across.

I will have to close now and write Thomas a letter for I owe her one. I will send it in this envelope for I only have one stamp to my name.

From Your Loving Brother, WILLIAM A. MYERS, Co. F, 21st Infantry, Imperial Beach, Calif., Camp Lawrence J. Hoar.

Night Sticks for Prisoners Loading Ships in French Port. MARCH TO VICTORY

Courage is a matter of the blood. Without good red blood a man has a weak heart and poor nerve.

RED CROSS AUCTION.

(Continued from Page 1.) Selling: A. C. Cook and James Johnson, Jr., acted as clerks.

Hat brought \$25.

Many articles brought many times their market value. For instance one of the accessories consisted of the hat of Col. Kelly and sold for \$15.

her's coat. Mrs. William Shiner was carrying a green silk parasol and it was sold and resold, fetching more than \$200. The mass of lace contributed by "Red" Hamblin was bought in by Fred Judd at \$50.

The automobile contributed by E. F. Trumble was secured at a real bargain price by William Evans. Six sacks of wheat contributed by E. W. Collins, brought over \$200. The chickens, pigs, goats, horses and other livestock sold and resold. An automobile spot light that retails at \$7.50 sold twice for a total of \$15.50.

The audience stopped the sale about 5 in the evening and opened up again at 7:30. A few articles were sold in that hour from the corner of Main and West and, as the auctioneers followed the track, the police were on hand to park them in front of the auction stand.

All during the day the girls of the Honor Guard sang the Star Spangled Banner under the direction of Mrs. Harry Chambers, who, with a whole battery of brass instruments and pipe, sang the national anthem.

One of the gratifying surprises of the occasion was the appearance of the Weston band in uniform during the evening. Learning that the festival here was for the benefit of the society chapter and that of the Pendleton auxiliary, the band gave concert at the usual parade the street and played a number of selections at the scene of the auction. They were

repeatedly applauded by the crowd. The dance in the evening was a real happy Camp dance both from a standpoint of crowd and music. The big pavilion was packed and cowboys and showgirls were much in evidence. The dancers remained until midnight the floor being still crowded with the last dancers was played.

Success for the big occasion was due to the untiring efforts of Chairman Estes of the entertainment committee, composed of Roy Haley, Chas. Parkland, E. K. Thompson, L. E. Drake, Rev. J. E. Barber and George C. Dear, and the many sub-committees.

FOUR WILL LEAD GREATEST ARMY. General Foch will command the largest single army under one man in all history.

The French have under arms nearly 6,000,000 men. The English army in France is at least half that. Americans will very shortly have 1,500,000 men on the battlefield.

These will be 1,000,000 soldiers under General Foch on one front and moving in the same direction. Hindenburg does not have that many on any one line or in any one army.

Kaplan's largest army was 500,000 and he never had over 1,000,000 soldiers in uniform in his empire. Great Red 1,250,000 under his command during the last year of the Civil war.

Washington's largest army was 250,000.

Victor Meuzels did not have in any one army in the Franco-Prussian war a quarter of the troops now obeying the commands of Hindenburg.—Philadelphia Telegraph.

Simpson Has Talked To Over 7000 Voters

COOS BAY MAN CONFIDENT OF WINNING HERRERMAN NOMINATION.

In his personal canvass of the state for the republican nomination for governor Louis Simpson, who was here for a day yesterday, has met over 7000 people personally. Mr. Simpson carries a little register in his coat pocket and straps it every time he holds a conversation with a voter.

After completing a tour of Coos county Mr. Simpson left yesterday afternoon for Hesperia, going via Ford Hall. He is confident of winning the gubernatorial nomination.
