

It Pays to Trade at Pendleton's Greatest Dept. Store

BECAUSE, it offers values not to be found elsewhere in Pendleton. Our immense early purchases make it possible for us to sell goods regularly, every day, for just about what they cost wholesale today, and in a great many cases we are actually selling merchandise for less than the present market price. That's something that the store that bought later can't afford to do. We are looking out for your interests and when you trade here you are helping yourselves to save on needed goods.

"Slenderizing" Suits

FOR WOMEN OF LARGER PROPORTIONS

The science of tailoring has evolved a system of measurements that makes it just as simple for larger women to be correctly dressed as for their sisters of smaller size.

In addition to fit, a peculiar method of emphasizing the long lines and minimizing all others has the effect of "slenderizing" the figure of women who would find it impossible to wear any other type of suit.

Style has not been sacrificed to any of the above features. The models in these stylish "stout" suits being just as attractive as our regular size models, with the same variety of colorings and fabrics. Our prices range from \$29.50 to \$50.00.

ECHO ENLISTED MAN GIVEN DANCING PARTY

Stites Leaves Soon for Service in Navy; Other News Told.

(East Oregonian Special.) ECHO, May 7.—A pleasant dancing party was given Monday evening at the home of Mr. and Mrs. O. L. Palmer in honor of Louis Stites, who has enlisted in the navy and expects to leave for service in June. A large number was present and all had a good time.

Mrs. R. H. Holmes, who has been visiting several weeks past in Walla Walla, is now in Echo for a short stay before going on to Raymond, Wash., for the summer. Mr. and Mrs. Holmes are stopping at the Hotel Echo.

Mrs. A. M. Aaron was called to Rainier, Oregon yesterday on account of the death of her mother, Mrs. Kirby, who passed away on Monday morning. Mrs. Aaron expects to be absent about a week.

Miss Zora Houser, who taught at Myrick station the past school year, is now at the home of her father, Zora Houser, of the Meadows. Jack Stanfield left yesterday for Eugene, where she will spend the Junior week-end at the University of Oregon. He will visit with friends in Portland on his return home.

Harry Little and wife of Walla Walla motored down to Echo yesterday on a business visit.

T. D. Matthews of Pendleton, is a business visitor here.

Maui Mikosel went to Pendleton last night, where he has a position in the Long Garage.

Mrs. Ellen Mooney left for Portland Tuesday after a visit with her sister, Mrs. James McLaughlin.

Mrs. Agnes Wigle left for her Portland home last Friday after an extended visit here with her many friends.

Carl Gilbert left Tuesday morning on a business trip to Huntington.

Humors Come to the Surface in the spring as in no other season. They don't run themselves all off that way, however, but mostly remain in the system. Hood's Serraparilla removes them, wards off danger, makes good health sure.

FREEWATER MAY DAY PLAY BRINGS \$64.50

Proceeds Go to Red Cross; Helix Correspondent Sends News.

(East Oregonian Special.) HELIX, May 7.—A light frost fell Monday.

Helix had no mail Saturday, owing to a freight wreck near King station. Plans have been made to open the flour mill Tuesday, May 14.

The May Day play given by the Freewater young people brought \$64.50 for Red Cross work.

School closes on May 17. The Baccalaureate sermon will be preached on Sunday next at the Christian church.

A mothers' meeting will be held on Mothers' Day at the Baptist church at 2:30 o'clock, led by Mrs. Lydia Albee.

A valuable horse belonging to Carl Engdahl recently died.

G. Kurrie has a new pair of Toledo scales in his meat market.

Miss Zella Follett, who is teaching in the McIntyre district east of town, was the week-end visitor of Mrs. Letha Albee. Miss Follett has two brothers in the army.

James Morrison, 16 year old son of Mayor M. L. Morrison, while cranking their car Sunday, broke one bone in his right forearm and dislocated another.

Mrs. D. D. Dale is home from a visit to Milton.

Mrs. R. Resler is home from a visit to Arlington.

Mrs. E. L. Norvell is visiting her parents, Rev. and Mrs. J. W. Stockton, at Freewater.

Mr. and Mrs. Roy Penland, Miss Sarah Montgomery and others attended the Baptist association meeting at the New Home church.

E. E. Gelst is home from Minneapolis.

The W. C. T. U. members sent out a shipment of arm slings Friday.

The Junior Endeavors spent Sunday picnicking at the August Kupers ranch two miles north of town.

The Christian Sunday school conducted a trip to Palestine—was won by the Pink side. The Blues will entertain all Sunday school members Sunday afternoon at the church and serve cake and ice cream.

L. Sargent of Attila was a Sunday visitor.

Mrs. L. O. Pierson of Burbank, Wash., was a guest at the Griswold home Sunday.

F. P. Barber, druggist, went to meet Mrs. Barber at Pendleton Monday evening. They will reside on Solar street, in the Bryan residence.

John T. Griswold of Pendleton, was home Sunday.

Mrs. Laura Lynn of Portland is visiting her sisters, Mrs. J. Kern and Mrs. J. E. E. King.

TRENCHES CHAMPION RAT KILLER IS HOME

SAN FRANCISCO Calif., May 7.—There is a wire-haired fox terrier at St. Francis, a British trench dog on the western front in France recently, which made the record kill of ninety

Do your own paint testing Get a small can of ordinary paint and a similar can of

Low's Another HIGH STANDARD LIQUID PAINT Apply the two side by side on the same kind of surface.

You'll see how much farther Low's STANDARD goes. Then figure how much less paint you'll need if you use Low's STANDARD. Ask for color card.

We advertise and offer war savings stamps for sale.

Wall Paper, Glass and Picture Moulding, Painting and Paper Hanging.

THE EFFICIENT WOMAN

The foundation of efficiency lies in a robust, healthy constitution. When ill, weak and suffering from dragging-down pains, inflammatory and ulcerated conditions or displacement with consequent headache, nervousness and "the blues," no woman can be efficient or hardly a fit companion to live with. If every woman in this condition would only give that most successful of all root and herb remedies, Lydia E. Pinkham's Vegetable Compound, a trial, she would reach the goal of her ambition for personal efficiency.

COUNTY COMMISSIONER

From all the towns in the west end of the county, I have announced myself as a candidate for the office of County Commissioner on the Republican ticket, subject to the action of the voters at the Primary Election, May 17, 1918.

If nominated and elected I promise my best efforts for the whole county.

G. L. DUNNING, Stanfield, Oregon. (Paid Adv.)

Willys-Knight

Performance has proven the Knight sliding sleeve valve motor superior to all other types.

Superior in power, in flexibility, in quietness, in simplicity, in freedom from carbon troubles.

And the only motor that improves, instead of deteriorates with use.

That is why it is important that you should know the advantages of the Knight Motor.

FARM NOTES BY THE COUNTY AGENT

In order to get the latest information from the most successful stockmen of the county, your county agriculturalist attended an itinerant conference in Union county last week.

Stockmen from Union, Baker and Wallowa counties, county agriculturalists from four other counties and representatives of the Oregon Agricultural College and U. S. forest service, constituted the party.

Sunday was spent at the Eastern Oregon Experiment station at Union where exhaustive experiments in steer feeding were studied. Much valuable information from this source will be published later.

Monday was spent on the range of Senator Walter Pierce where the carrying capacity has been increased 50 per cent since certain methods of rotation and reseedling have been practiced. Representatives of the U. S. forest service explained the grazing regulations in effect on the national forests.

The last day was spent on a half dozen of the most successful stock farms of Union county. On the farm of Chas. Playe over 100 head of cattle and horses were wintered on products of a wheat ranch. Forty-five acres of corn and a lot of 40-fold wheat straw was fed and the stock came through in fine shape. Early spring pasturing of winter wheat was also practiced. The 45 acres of corn was part of a large field the remainder of which was in summer fallow. From present indications that part which was in corn will produce about the same as the summer fallow. Accurate tests will be made at harvest time.

The use of the silo was investigated on a number of farms. W. J. Townley, one of Oregon's pioneer Short-horn breeders says 45 acres will furnish as much feed in the form of silage as 80 acres in the form of hay. He chafes weedy patches that would not make good hay. His success with silage from peas and barley, and Theo Koekritz's success with silage from sweet clover was of interest to those from localities where corn can not be successfully grown.

Floyd McKennon says he gets better results with sheep from a ton of alfalfa hay and a ton of silage than from two tons of alfalfa hay. In other words silage costing from \$4 to \$6 to produce is worth for the purpose of balancing rations as much as \$12 hay.

The lambing shed of McKennon and Coolidge where a 120 per cent crop of lambs was produced this year was also inspected.

During the month of June a similar trip is planned which will be devoted to wheat farming. Wheat farms of Umattila Morrow, Gilliam and Sherman counties will be visited. A day or two will be spent at the More experiment station where more valuable information on dry farming is obtainable than at any other station in the west.

BOOTLEGGERS HAVE WAR ALL THEIR OWN

MEMPHIS, Tenn., May 8.—Booze smugglers and whiskey runners in Memphis vicinity have become real "bad men." They have been furnishing the United States marshals with many thrills and the odds are that a quantity of hot lead will be spilled in the very near future.

Although but a year ago, the bootleggers never dreamed of fighting United States marshals (many go armed with automatic shotguns, far shooting rifles and revolvers of heavy caliber. They have been forced to do it in defense of their lives.

Week by week the gangsters who sell booze have become more dangerous. They have developed into a class of dare-devils, far more dangerous to hunt than the buccolic moonshiner in his mountain lair.

Of the booze-running gangs, two are especially dangerous. One of these operate by use of "stick-up" tactics. On two notable instances this gang impersonated United States marshals and bagged large quantities of booze from other bootleggers.

How Reds Run Ship.

TOKIO, May 8.—How Bolshevikism controls Russia even on the high seas is illustrated in the case of the Russian steamer Nicolai Belosmeton, which is controlled by a seaman's committee of five men, with whom the captain concurs on all matters of ship discipline. The steamer operates at present between Singapore and Hongkong, but it touches Manila to place two seamen in the hospital there. When the men were pronounced too ill to work, the seamen's committee demanded that the ship be taken out of its course to Manila. The captain concurred. The skipper has nothing to do with the ship except direct navigation and arrange cargo. As a result the vessel has not called at a Russian port in five months.

GERMANS PRAY U. S. WILL WIN

Only Relief Offered by Victorious America, Says Hamburger.

TOPEKA, Kan., May 7.—Governor Simon Hamburger of Utah, a German-born American declared here today that "the people of Germany, millions of them, are hoping and praying that America will win the war."

"The real people of Germany, the slaves of autocracy, are bound down by iron rails. The only relief offered them comes from America—America victorious in this great conflict," he said.

What Guarantee of Service do YOU Get with YOUR Car?

When parts are needed can you get them "in town" immediately or do you have to send away?

When repairs are needed can you get the work done by mechanics who are familiar with your make of car? Is there an established agency for YOUR car here that you have confidence in to carry out its "sales promise"?

Think these points over, then investigate.

We keep it out of the shop and on the road.
