**RYAN FOR TREASURER**  
(Editorial in Portland Telegram, April 29, 1915)

Among the candidates for the nomination for state treasurer at the primary election May 17 is Judge Thomas R. Ryan. For seven years he has served Oregon as assistant state treasurer with exceptional efficiency. To him is largely due the present high standing of the treasury department. The national examiners have given the department credit for performing more work with less money than any other treasury of the Union, and also with having the best regulated and most efficient office.

Prior to his entering the state service Judge Ryan had eight years' experience as county judge of Clackamas county, the duties of which he performed with thoroughness, with good judgment and always with rare fidelity to the people whom he served. No man has a clearer public record.

Judge Ryan has superior business judgment, and as he will be a member of the state board of control if he is elected, he will be in a position to serve the state well in a strictly business capacity. His equipment for this kind of work, his industry and his well known integrity commend him to the republican voters of Oregon. They will make no mistake if they give him the nomination.—(Paid by J. A. Yeager, Pendleton.)

### BE PRETTY! TURN GRAY HAIR DARK

**THE GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR.**

Almost every one knows that Sage Tea and Sulphur, properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by moving the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

### IF BACKACHY OR KIDNEYS BOTHER

**EAT LESS MEAT ALSO TAKE GLASS OF SALT BEFORE EATING BREAKFAST.**

Uric acid in meat excites the kidneys they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat drink lots of water; also get from your pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before eating breakfast for a few days and your kidneys will then act fine. This famous salt, is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

### HEAVY RAIN BRINGS SLUMP IN CATTLE

**PORTLAND, May 3.**—Heavy slump in the price of off grade cattle was again reported in the yards as a result of the huge run of Monday, which carried off prices at that time. The slump is unusually severe in view of the fact that real good cattle are steady to firm, with former extreme record prices well maintained at North Portland.

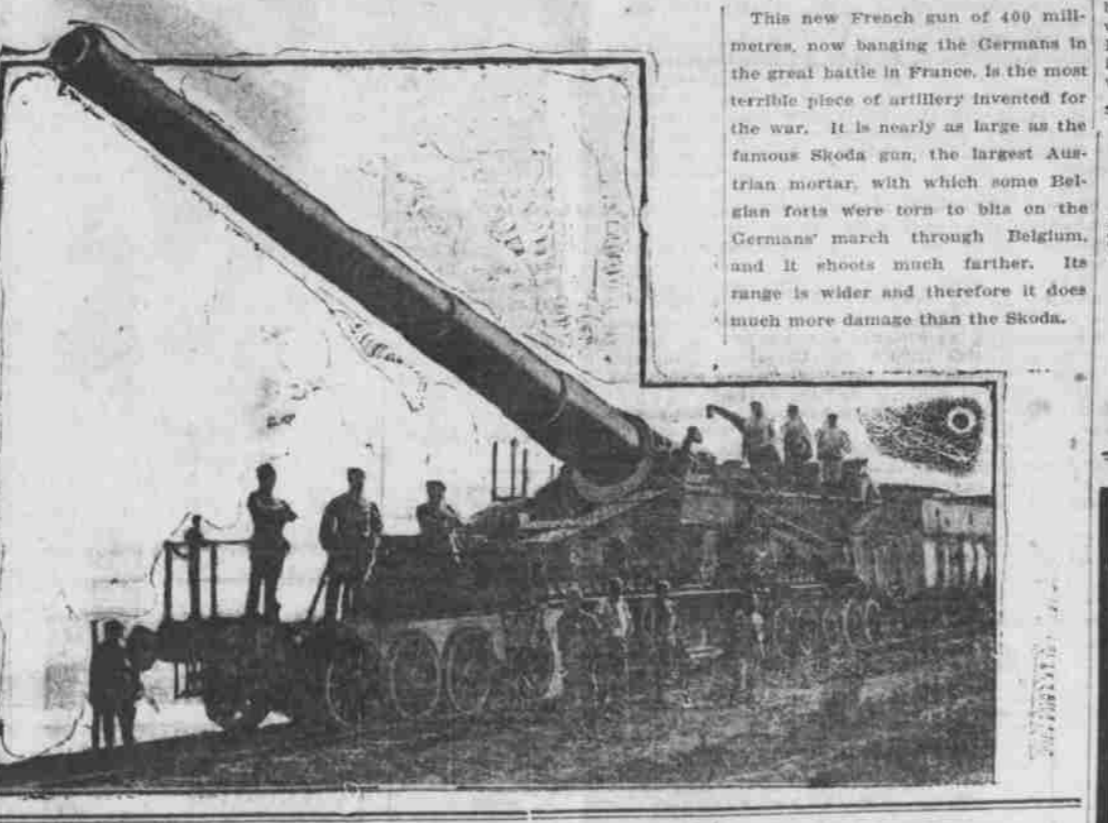

Killers continue to seek the extra good stuff of which there appears to be only a sprinkling of supplies available in this territory at this time. Just what caused the avalanche of poor half-starved stuff to enter the trade at the same moment is a mystery to all concerned. It has been many a day since North Portland was so completely snowed under such liberal offerings of the junk class.

Killers do not want this sort of stuff and if compelled to buy it after it enters the yards they are naturally going to bid extreme values. Holders of poor cattle had better keep their stuff at home until a more opportune time.

**General cattle range:**

**Swine Market is Lower.**  
Hog market showed a drop of 10 to 25 cents at North Portland for the last 24 hours with killers still sitting on the price lid. While only a very small run was shown in the yards over night local packers and butchers having a surplus on hand at the moment.

### MOST TERRIBLE GUN OF THE WAR MADE BY THE FRENCH

This new French gun of 400 millimetres, now banging the Germans in the great battle in France, is the most terrible piece of artillery invented for the war. It is nearly as large as the famous Skoda gun, the largest Austrian mortar, with which some Belgian forts were torn to bits on the Germans' march through Belgium, and it shoots much farther. Its range is wider and therefore it does much more damage than the Skoda.
