ALL YELLOW CARDS TURNING INTO BLUE

(Continued from Page 1.)

a misunderstanding or misinterpretation of motives.

This method of "follow up" has proved wonderfully effective. Up to date every case that has been brought up to final consideration by loyalty committees has been settled satisfactorily. Some of the alleged slackers had refused to subscribe from personal or selfish reasons and some had failed as yet to realize their responsibilities. Others had refused through misunderstanding. All when the matter was presented to them in its true significance, have taken action to clear themselves of any stigma. At this time there are less than a dozen "yellow card" cases up for further consideration. Delay in turning them in has prevented their being brought to conclusion at this time but the organization hopes to make final determination within another week. Both the organization and publishers of the newspapers of the county are still ready to publish the names when fair and full consideration merits such an action. This sledge of publicity will govern in future drives as in the past campaign, but the committee wishes it known that it will not proceed hastily and upon snap-judgment.

Every person solicited during the Third Liberty Loan and who did not take a bond was not turned in on a yellow card. Many were financially unable to do so and made satisfactory showings to the solicitors. In order to give these persons an opportunity to "get in the blue," the league inaugurated a "moppers up" campaign by which persons of small income were given the opportunity to lend to the government through War Savings Stamps according to their ability. Full reports are not yet in from this campaign but the results so far indicate that Umatilla county has comparatively few citizens who are not measuring up to the standards of 100 per cent Americanism.

The Second Red Cross War Fund drive begins next Monday and all persons will be asked to contribute according to their ability. The majority will be rated but the committee expect to hold individual subscriptions to lower figures than prevailed in the first Red Cross war fund drive, in spite of the \$7000 increase in the county quota. The organization grants to everyone the privilege of appealing from the ratings given. A proper showing will result in a revised rating.

The solicitors are not making the campaign because they like the task but because they have been requested to do so as a matter of duty. Those solicited are urged to manifest the same spirit of co-operation in behalf of a most worthy cause.

What the Picture Theaters Have to Tell You.

ATHLETIC TRAINING SAVES MAN FROM INJURY

William Duncan, star and director of "Vengeance—and the Woman," the Greater Vitaphone serial now being presented at the Pastime Theatre, had his skill as an athlete put to its severest test in making a scene for the climax of the third episode of the picture. This is the place where Duncan, in the role of Blake is suspended from a tariat which he has curled about a boulder on a cliff side. Suspended in air, he is the target for the shots of a handt and whose leader orders his sharpshooters to cut the rope, a strand at a time with their bullets. Finally the last strand is torn and Blake drops into the chasm, hundreds of feet below.

In making this scene Duncan only dropped about fifteen feet actually, but his descent was so sudden only his agility as an athlete and his ability as an acrobat saved him from injury. Being primed for the drop Duncan, when the rope broke, threw himself backwards into the air, did a half somersault and landed on his hands. In the picture, however, there is all the thrill of a man being plunged hundreds of feet into space. The third episode of "Vengeance—and the Woman," will be a feature of the program at the Pastime Theatre today.

Alta Tuesday-Wednesday. The millions of admirers of stalwart William Farnum, the famous Fox Film star, may look forward with keen anticipation to "The Conqueror," a massive and thrilling William Fox photodramatic romance based on the life of one of America's frontier heroes, General Sam Houston of Texas, which will be seen at the Alta theater on Tuesday.

The first announcement of this big production carries with it the facts that it was directed by E. A. Walsh, producer of "The Honor System" and other Fox pictures of extraordinary merit, and that in the course of its production, "The Conqueror" made use of several thousand Indians, Mexicans and live stock; that the battle scenes, in which a hundred cannon were used, are fire-and-sword; that the love story is one of infinite charm and that the dramatic action builds to a climax calculated to make every spectator gasp for breath.

With these advance facts, one may indeed be prepared for a film sensation when the talented William Farnum steps into the screen in the role of the celebrated Texan hero. In the picture Houston is first shown as a diamond in the rough, living among the Cherokee Indians and indifferent to the call of his white brethren. But when he meets the Tennessee Rose, played by the lovely Jewel Carmen, Houston undergoes a complete reversal of form.

From that moment he is filled with unconquerable ambition and the picture carries him through the various steps in his career, from constable to governor and from governor to the general who repulses with the aid of his Cherokee friends, an army of Mexicans and saves the woman he loves from the hands of the renegade leader of the raiding Greasers.

Among the other members of the supporting cast are such famous Fox favorites as Charles Clary, J. A. Marcus, Carrie Clarke Ward, Robert Duncan, and Owen Jones. The principal Indian roles are played by the Sioux chiefs, William Eagle Shirt and Chief Birdhad.
