116 GRADUATE FROM OREGON UNIVERSITY

Two Umatilla County Girls in Senior Class; Few Boys in Class.

Miss Loretta Jerard of this city, and Miss Rothrock of Athena, are members of the 1918 graduating class at the University of Oregon today. Miss Jerard has majored in Latin and Miss Rothrock in German language.

War conditions have left deep impress on the senior class. Of 61 men in the class in the second term of last year, 28 are now in the military service. Perhaps a majority of the others are only waiting to finish their university work before entering some arm of the service.

As a parting gift to the university, the senior class has donated \$255 towards a \$4000 fund for the erection on the campus of a statue memorial of the university men who have offered themselves to the country's war service. The bronze statue will be carved free by Roswell Douch, instructor in drawing and modeling in the school of architecture, who has a widening reputation as a sculptor.

The commencement address was delivered at 10 a. m. today by William Allen White, Kansas publisher. The summer school will open June 24 and continue six weeks. Central features of the session will be the summer military camp which will give intensive military work on the campus during the first month of school, the daily lectures by educators or national note, and the gathering of the Presbyterian synod in connection with the summer school as usual.

600,000 TROOPS THROWN IN ATTACK

Austrians Attempting Capture of Western Venice Plain.

WITH THE ITALIAN ARMIES AFIELD, June 17.—Austrian pressure is continuing on the whole new battlefield between Asiago and the sea with the greatest force exerted on both sides of the Brenta river. The situation seems assured although it is still possible the line will flow backward to forward. The enemy, with 20 divisions, successfully passed the advanced area south of Montebelluna where they successfully crossed the Piave in considerable numbers. They are being gradually pushed backward towards the river. Italian reaction on the lower Piave came more quickly. The Austrians crossing the river at several points between Candelo and Sandomonipia were counter-attacked and driven back almost immediately.

ROME, June 17.—The Italian war office today announced that Austrian forces renewed their violent attack against the Italian-Franco-British forces in the Asiago and Grappa regions. Fiercest fighting is continuing along the Piave, where the enemy is attempting to establish a bridgehead. "We are tenaciously resisting and are holding the enemy."

600,000 ATTACK. PARIS, June 17.—The Petit Parisien declared 50 Austrian divisions, 600,000 men, were thrown into the attack on the Italian front, but the Italians were not surprised.

GREATEST EFFORT YET. MILAN, June 17.—The Corriere della Sera newspaper declared the Austrian effort is the greatest since the war's beginning. Their principal aim is to break through the Brenna valley by overwhelming the narrow French forces.

RESUME 1916 ATTACK. "It is a resumption of the 1916 offensive for conquest of the western Venice plain. This sector is under the same commander, General Conrad, with more men and material than before. New enemy divisions reaching Trentino from the eastern front have been distributed between Montebelluna and Asiago plateau and the Lagarino valley sectors. The eleventh Austrian army under General Schöndorfer occupied the line from Asiago to the Piave. The Austrians were carefully trained for the drive. They attacked with light equipment and then opened a storming formation protected by artificial fog. It is learned that one of the objectives is the plains southward of the mountains. They also intend to reach Treviso the first day, an advance of 19 miles.

NEW ANTI-SUB CRAFT WILL PATROL COAST

(CARL D. GROAT.) WASHINGTON, June 17.—Submarine patrol vessels resembling a cross between a Ford eagle boat and a destroyer will be built to meet the coastal U-boat danger, according to plans urged upon the navy department by Assistant Secretary Roosevelt. The craft would be 250 feet long with thin plates and high speed. The tonnage and engine power are withheld for military reasons. The cost is half that of a destroyer. It is constructed most quickly. Ford has been asked to speed up his eagle boats and has promised to do so.
