GOODNIGHT.
Kind friend and gentleman,
good night,
Our day is done; we reach our
parting place,
How swift have been the hours
and bright,
Since first my path was glad-
dened by your face.
Good night, and pleasant dreams
to you,
Whose spirit knew no base-
ness, greed or fear,
Brave heart and strong was
yours and true,
As any knight's who ever
lanced a spear.
God keep you till another day,
And may it be as gentle as
your smile,
Which somehow found from
Paradise its way
To cheer a comrade's heart
awhile.
I know that somewhere in the
skies
Pure, joyous souls, arrayed in
garments white
Have watched your ways with
eager eyes,
And now will gladly welcome
you, good-night.
—Wills Bruce Dowd.

LET POLITICS WAIT
INDIANA democrats who would like to see Wilson reelected in 1920 voice a sentiment that is very wide-

spread. However, it is not an issue over which the public need worry at this time. The time for nominating presidential candidates is still two years distant. In that time many things will happen. Let politics wait.
Should the war still be on at the time of the next election with the issue at all in doubt there will be likelihood of a contest between the forces who support the war and the element of disloyalty and discontent on the other. The real fight may be, not between democrats and republicans, but between patriots and disloyalists; between 100 per cent Americanism and the bolshevik forces.
It is useless to treat at this time of the 1920 election. The first business is to wage war and wage it with unity and all our strength. Keep politics to the background. If we get to quarreling over internal affairs we will play into the enemy's hands.

THE FINAL SCORE COUNTS

OUR European allies are obtaining from America something more than men, munitions, foodstuff and aircraft. They are also learning the American games, noticeably baseball.
Italy apparently is the most recent victim of the baseball germs. Football, as played in America, as well as the national game of this country, also has taken hold of the popular interest in Italy. The Gazzetta dello Sport, one of the most influential sport journals of that country, is raising a fund for the purchase of baseballs, bats and footballs and the distribution of prizes among the soldiers to stimulate competition. General Pennella, command-

er of the Second Italian army, in a letter to the Gazzetta dello Sport, says that football and baseball games are of inestimable value in the training for war. He praises the initiative of the Gazzetta dello Sport and says that he firmly believes that the stimulation of baseball and football competition among the various units of the Italian army will have the most gratifying and important results in maintaining the morale of the troops. General Pennella is especially pleased with baseball as an aid to training and the maintenance of the morale of the troops.

Let it be hoped that in learning the great American game the Italians will always remember that the game is never over until it is finished and that the final score is what counts.
There is need of practical minded, large calibre patriotic business men in the senate and Henry Ford answers these specifications. The nation needs more men of his type and fewer politicians.
We have been at war a little more than a year and have made gigantic progress but the Portland Oregonian says we are two years behind. It is hard to please them all.
Keep your eye on next Tuesday morning.

28 YEARS AGO

(From the East Oregonian for June 20, 1890.)
License to wed was issued today to W. W. Steward and Miss Rhoda Brassfield.
The force of men at W. J. Furnish's warehouse have nearly finished the work of baling wool, having baled over 300,000 pounds during the season.
Marshal French and Officer Culp filled another box car with tramps at the depot last evening, 15 head being shoved through the door of the car.
Agent Fisher of the Fulton elevator is in the city. He says that grain out of his way is better filled than for years. The rain and succeeding cool weather have been of untold benefit. Two hundred acres of George Shrum's wheat, which it was supposed would be worthless for grain, will go 50 bushels to the acre. Stage Gulch farmers complain, however, that grain in that neighborhood, notwithstanding the rain is not doing so well as it might. G. D. Peepler thinks he will get but 15 bushels to the acre.

'COMFORT' MAY SAIL WITH NAVAL CREW

WASHINGTON, June 20.—The hospital ship Comfort will sail from an American port for Europe either with a complete civilian crew, complying with the Hague conventions, or with a naval crew and all hospital marks removed.
This announcement was made today by Admiral Benson, chief of naval operations and acting secretary of the navy, when his attention was called to a protest by members of the Comfort's crew, who are sailors of the regular navy, against their displacement by civilians.
The navy has experienced difficulty in getting a full civilian crew for the vessel, which is required by the conventions. In the event that it is found impossible to get a civilian crew, the hospital markings will be removed from the vessel and she will be sent across along with other ships, manned by a naval crew.
The navy is making war in accordance with the rules of the game—"fighting clean"—as Admiral Benson puts it. This policy will be continued.
Admiral Benson said he was particularly struck while on the other side, with the absolutely clean fight which the allied navies are making, despite sea horrors and other brutalities.

Urges Wasteful America To Profit by "Kultur"

COLUMBUS, O., June 20.—Warning the nation against the war time danger of fire, H. C. Brerley, speaking here today at the Patriotic Fire Prevention congress as the representative of the national board of fire underwriters, declared that there were 1500 fires every twenty-four hours in the United States with an attendant loss annually of \$250,000,000.
Mr. Brerley declared that the war was transforming the most careless and extravagant nation in the world into a thrifty people. He said that if we wanted to win this war we must prove ourselves as efficient as Germany, and that this efficiency meant that we must stop, among other things the tremendous annual waste caused by fire.
"I propose," said Mr. Brerley, "that we Americans collect a tremendous war indemnity from Germany. We shall collect it at once, without waiting to win the war. I wish to propose that we appropriate to our own use everything of value which can be found in the efficient, thrifty and conservative of German 'kultur.' I wish to suggest this as a matter of pure patriotism, as a means for immeasurably hastening our victory and as a permanent possession, whose value increases as time continues. And

Near Ready Markets

Practical Farmers from up and down the Pacific Coast pronounce Capay Rancho the best Farmland Buy in California

\$175.00 an acre, including electrically operated pumping plant on each 80 acres.
Superabundance of water for all requirements.
Choicest land in the famous Sacramento Valley.
Very accessible to splendid markets.
Soil is rich and adapted to profitable growing of almost any crop the state produces.

Although it is only a little more than a year since this great ranch was first subdivided and offered to the individual farmer, the greater portion of it has already been sold.
Charming farm homes have sprung up as if by magic, and progressive farmers from all over the Coast have moved in with their families, put in their crops, and are already reaping harvests far beyond their fondest expectations.

Successful Farmers Right From Your Community Have Invested CAPAY RANCHO—and Bought.

Mr. W. R. Love and Mr. W. R. Harden of Walla Walla each bought 60 acres on Capay Rancho on May 10th. Both gentlemen spent several days interviewing ranchers, covering every section of the valley before making final selection.
Mr. Love says, "The five essential points to be considered in a proposition like this are soil, water, climate for crops, transportation, and markets for disposing of crops. Every one of these points is as nearly perfection at Capay Rancho as any man could ask for. The land at the price is about half of what it would cost in the Walla Walla Valley, to say nothing of the extra advantages of roads, transportation and climate.
I don't see how a man could play a safer game than buying at Capay Rancho."
There is an opportunity here for you to provide a splendid future.
Capay Rancho is being sold to close an estate. Within a short time the last of this land will be gone. You will thank us for urging you to investigate now. Come to the office or clip and mail the coupon below.

- Specially adapted for alfalfa, grain of all kinds, prunes, oranges, lemons, almonds, English walnuts, peaches, apricots, olives, sugar beets, etc.
- Ideal for dairying, hog raising, turkeys and chickens.
- Delightful climate, virtually immune from frosts.
- Electricity on each farm.
- Good roads, good neighbors.
- Convenient to high schools, normal schools and grammar schools.

Wirt Brings News Western Front

LINCOLN L. WIRT, noted war correspondent, is coming to Chautauqua on the sixth night direct from the war zone. He will bring to our audiences the latest authentic information about Pershing and the American section of the line.

Member of Government Party
Dr. Wirt was a member of the Government Observation Party sent to the Western Front in the Spring of this year. He traveled under military escort and for the third time since the war began was in the actual fighting zones.

Chautauqua

The entire program is built for national service. The week will be filled with splendid lectures on national problems of vital interest. The musical program will include among other attractions, Thaviu's Exposition Band and the Old Soldier Fiddlers, featuring stirring national airs.

"PUTTING THE GRIN INTO THE FIGHT!"

Let's go, Herb. Naw, stick around, it'll soon be over! They're bringing them out, four at a time, now.

day voluntarily surrendered their summer vacations in the interest of greater production at the local plant. Apetition circulated among them was signed by nearly every person entitled to the usual two weeks off with pay.
MEXICANS KILL CAVALRY OFFICER
BROWNSVILLE, Tex., June 18.—Lieut. David J. Schalle, Sixteenth United States cavalry has been killed in an encounter with the Mexican troops on the Mexican side of the Ilo Grande.
Four men in Lieut. Schalle's party are held prisoner in Matamoros, but are expected to be delivered to United States authorities today.
The officer and his men had crossed the river to search for the body of a soldier who was drowned Sunday. In the darkness a Mexican patrol was encountered. Not knowing the reason for the presence of the American soldiers, the Mexican fired, killing Lieut. Schalle.
The Mexican commanding officer has given Col. H. J. Bloucm, district commander, assurance that the affair was due to a misunderstanding.

"Proven Entirely Satisfactory"
Only perfect satisfaction can account for the use of ZEROLENE by the majority of automobile owners.
Leading coast distributors also testify that it is "a most satisfactory motor oil."
They know from the records of their service departments—and we know from exhaustive tests—that ZEROLENE, correctly refined from selected California asphalt-base crudes, gives perfect lubrication with least carbon deposit. Get our lubrication chart showing the correct consistency for your car.
At dealers everywhere and Standard Oil Service Stations.
