Pastime Today

To have a brother and sister-in-law who are being tried by a government secret service men as counter-revolutionists, to live with them, travel with them and yet to know nothing of their operations, is the state of blissful ignorance in which moves Judith Halston. Nor does she become aware that anything is wrong until a series of strange circumstances, fraught with romance and adventure brings enlightenment. Her awakening is prefaced by a fall from her horse, which leaves her beside a lonely road in a Virginia forest, with a sprained ankle, with night approaching and a storm about ready to break. By the merest chance she is found by Boone Pendleton, who carries her to his hunting cabin where the storm keeps her for three days. A detective arrives on the scene and Judith receives the first intimation that her brother is not traveling the straight and narrow path. From here, the story of "The Girl by the Roadside," by Varick Vanard, develops action with kaleidoscopic variety and rapidly. The novel has been adapted to the screen by Bluebird photoplays and will be seen in the film version at the Pastime theatre today with Violet Mersereau in the leading role.

This Bluebird screen star has made

numerous visits here by proxy. But it is declared that more people will meet her during her forthcoming stay than ever before. Since her last trip she has added considerably to the number of her local admirers, many of whom recently visited New York and saw her pictures in some of the largest and most exclusive houses in the Eastern metropolis. For a school girl still deep in her teens, Miss Myers has been a regular seven league boat sort of traveler, that is by proxy.

BRITAIN DEFIES SUBS BY HUGE TRANSPORTATION

LONDON, June 20.—The work done by the British admiralty during the three and a half years of war is shown in the fact that despite German submarines, 17,000,000 passengers have been carried in military transports backward and forward to the various theaters of war. The number of animals conveyed exceeds 2,000,000. The number of vehicles carried was more than 400,000, and the quantity of stores transported was in excess of \$7,000,000 tons. In addition, considerable assistance in transport has been given by British ships to other allied powers. The British admiralty has carried nearly 1,000,000 tons of stores for the Italian government and, also, about 3,500,000 tons of coal for Italy in requisitioned steamers.

Timely Warning. Don't wait until the last minute but act as soon as the first indication of a bilious attack appear, and you can usually ward it off. You have timely warning as your appetite fails some hours before the attack appears and you keep on eating because it is meal time. Skip one meal and take a dose of Chamberlain's Tablets and the attack can as a rule be prevented and all the distressing symptoms avoided. Try it.

To the Public. "I just want to say that we keep a bottle of Chamberlain's Colic and Diarrhoea Remedy on hand all the time, and find it excellent for bowel trouble," writes Mrs. H. P. Cook, Anderson, Ind.

Good Liniment for Lameness. "I have found Chamberlain's Liniment a splendid remedy for lameness, soreness of the muscles and rheumatic pains," writes Mrs. J. W. Wallace, Macon, Mo. Mrs. Wallace says further that "it is the best liniment I have ever had in the house."
