IF BACK HURTS BEGIN ON SALTS

FLASH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY.
No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and you are a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Favor British Plant To Guard New Lives

WASHINGTON, June 22—Employment of nurses to protect children is advocated in a statement issued today by the Children's Bureau of the department of labor, in connection with its campaign to save the lives of 100,000 children this year. Many parents have learned from

the measuring test, conducted as a part of the campaign, the special needs of children, which can be met by public nurses, the statement says. These nurses can do much to bring underweight children up to the average, and look after the well being of children undernourished. England has a nurse for every 500 births reported annually, enabling every mother to have immediate attention, which often means the saving of the child's life. As a result, England has a lower infant death rate than the United States. New Zealand which has made special efforts for qualified nurses, has a lower infant mortality rate than any other country.

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR IT BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. If morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
