Daily Chats With the Housewife

IN PLACE OF WHEAT.
(From the United States food admin-
istration.)
The allies realize it takes time for
a democratic nation such as America
to pull itself together and get into
war harness.

We cannot immediately send ship-
loads of aeroplanes, munitions and
trained men.

But we can immediately send the
allies shiploads of wheat. To save
wheat requires no machinery, no long
months of training. All that is ne-
cessary is the willingness to eat some-
thing else in its place for there are
hundreds of ways to disguise the
humble potato which can play such
a big part in winning the war if we
will only let it.

The following are but two out of
the hundreds:
Potato Peanut Loaf.
1 pint mashed potatoes.
1 cup ground peanuts or 1-2 cup
peanut butter.
2 teaspoons salt.
1-2 teaspoon pepper.
1-2 cup milk.
2 tablespoons fat.
2 eggs.

Beat the entire mixture together
and place in greased baking dish; set
in a second pan containing hot water
and bake in the oven until firm. Serve
with tomato sauce.

White Potato Custard Pie.
Two cups riced baked potato.
Four eggs, beaten slightly.
One cup sugar.
One-fourth cup fat.
One-fourth cup thin cream or top
milk.
Juice and rind of one lemon.
Mix in the order given. Beat hard
for five minutes. Pour into pans
lined with oatmeal pastry crust. Bake
in hot oven twenty to thirty minutes
or until custard is set. This makes
two pies. Cooked in the form of pat-
ties, this will make eight.

Left Over Potatoes.
There is no other vegetables for
which there are so many delightful
uses as for potato. It combines well
with other materials or it can be used
all by itself. Surely you are not fail-
ing to make use of this versatile vege-
table.

Stewed Potatoes.
Cut cold baked or boiled potatoes
into dice, put into a stew pan with
salt, a tiny bit of onion minced fine,
and milk enough to half cover the po-
tatoes. Set on the lack of the stove
and stew slowly, stirring with a fork
occasionally until all the milk it ta-
ken up. Season with fat and pepper
and serve.

Potatoes and Cheese.

OUTBURSTS OF EVERETT TRUE

When ready to use season them well
with salt pepper and melted fat. In
nate layers of potatoes, grated
cheese and white sauce (medium),
having sauce on top. Heat in the
oven and serve.

Potato Pudding.
1 1-4 cups mashed potatoes.
4 tablespoons fat.
2 eggs well beaten.
1-2 cup milk.
1-4 teaspoon salt.
1-2 lemon (juice and rind).
1 tablespoon sugar.
1-2 cup raisins and nut meats.
Add to the mashed potatoes the
fat, eggs, milk, lemon juice, grated
peel and sugar. Beat all ingredients
together and bake in greased dish
three-quarters of an hour or longer.
Serve with top milk.

Potato Puffs.
2 cups mash potatoes.
2 eggs.
1 cup grated cheese.
1-2 cup milk.
1 teaspoon salt.
Add the milk to the potato and
beat until thoroughly blended. Add
the beaten egg and salt, gradually
adding the grated cheese. Bake in
greased tins or ramekins in a slow
oven.

HOME CANNERS OUT FOR 1,500,000,000 QUARTS IN MAY

Three Thousand Trained
Demonstrators to Aid to
Nation's Goal.

WASHINGTON, D. C., June 25.—
The home-canning drive for 1,500,-
000,000 quarts of "put up" foods in
1918 is on! Three thousand home-
demonstration agents and leaders in
boys' and girls' club work in the Unit-
ed States department of agriculture
are ready to help the nation to this
goal. They have started out to teach
the nation to can and to do a good
job of it. In addition to this number
many thousands of volunteer leaders
are working with these extension
forces of the department on the sum-
mer campaign. Last year the home
canners put up $50,000,000 quarts, it
is estimated.

Leaders are being trained in the
department's laboratories. This work
will continue all summer and expert
demonstrators will be turned out to
carry the latest canning information
into the field. District meetings of
home-demonstration agents have just
been held in all the southern states
to plan the summer's work and for
special instruction in canning and
drying. These are being followed
by thorough county and community
organization and instruction. In the
north and west canning schools for
demonstrators are being conducted at
many of the state agricultural colleges
and in community centers.

Every canning-club group among
the boys' and girls' clubs in the North
and West is organizing a demonstra-
tion team of expert canners. These
teams will be uniformed and will give

demonstrations at public meetings in
their communities. Over thirty
thousand boys and girls will take part
in this work.
