AMERICA.

O beautiful for patriot dream
That sees beyond the years
Thine alabaster cities gleam
Undimmed by human tears!
America! America!
God shed his grace on thee
And crown thy good with
brotherhood
From sea to shining sea
—Katherine Lee Bates.

LET US MEET THIS COMMON DUTY AND MEET IT RIGHT

THIS newspaper is in receipt of a letter signed "Soldier's wife" complaining that the men leaving for the national army camps are given more departing honors than are the enlisted men. The letter is not published because the identity of the writer was not made known.

The reason for the seeming favoritism referred to lies in the fact the draft men leave in large bodies and their departure is known in advance. This permits of making a showing for them. Whereas the enlisted men leave one at a time or at best but a few men in a squad. Many enlist in Portland. Under these circumstances it would be impracticable to honor the enlisted men in the same way the drafted men are honored, even though people might wish to show especial honor to the men who enlist.

Nevertheless there should be some way of showing courtesy

to those leaving for enlisted service. It would be appropriate if some official recognition could be given every enlisted man on his departure and if he could be given some sensible souvenir of the town.

Of even greater importance, however, is the matter of following up the men after they have left us, be they volunteers or drafted men. We should not confine our efforts to a good sendoff. The boys feel fine as they leave. They need little encouragement then. It is when they are across the pond or face hard work in some cantonment that they would like to hear from the old home folks. Lots of the men have no relatives here. They may have been newcomers and have few close friends or their friends may move away. These men should not be forgotten by Pendleton. They are giving us gallant service; they should have recognition in the form of letters and post cards from Pendleton and Umatilla county people. It matters not if the writers be personally acquainted with the boys or not. No soldier should be considered a stranger. In the lexicon of war there are but two kinds of people, friends and foes. So every American soldier is your friend and is entitled to be so regarded.

The first essential to a consistent, systematic plan of keeping in touch with our soldiers is to have their addresses. Through activity started by the East Oregonian such a list of addresses is now being provided. If friends and relatives of soldiers continue to send in their names to Mr. Chessman as they have been doing since the request for names and addresses was made the problem of maintaining a list will be solved.

With the names of the boys available to all it will then be possible to carry out a systematic correspondence scheme

to the end that all Umatilla county soldiers may be reached with frequency. We should do this. It is only fair to our soldiers and it is good for the morale of the army to let the boys know the home folks are keenly interested in them and that we are all ready to back them up to the limit.

We must do our duty by the boys as they leave and after they leave. It is business in which all should cooperate. If you see something that seems wrong, investigate and help make it right. If all will do this with intelligence and patriotism the time will soon come when no wife or sweetheart will complain their loved ones have been neglected here or in the field.

THE BEST INVESTMENT IN THE WORLD

FROM whatever angle it may be considered, an investment by an American citizen in Liberty Bonds or War Savings Stamps is the best investment in the world.

The money so invested goes to the government, which loans some of it to our allies; all of it is used in one way or another to maintain, support, arm, equip, and make victorious our armies and our allies in Europe. Surely no American money could be put to a better purpose. Here is an investment in the power and success of our country, an investment in the efficiency, strength, safety and success of our fighting men on sea and land.

We do not know what commercial and industrial conditions are to be when the war closes, but we do know that a Liberty Bond and other United States Government securities will be sound and secure. Every dollar loaned the Government by our people now is a dollar saved for the time when peace comes. With their savings invested in these sound securities, the American people will be well prepared to meet the problems that peace will bring. It is a species of insurance for that day.

After cheering soldiers as they leave for service don't neglect writing to them; keep sending words of cheer wherever they may go. You will be doing more good than you realize.

The Austrians are now thin enough about the ribs that it has been hard for the Italians to follow them in their retreat.

The faster they are called to service the better; millions of

"BAD BOYS," NEW NAME FOR YANKS

There are good days for all men to feel like they were part of the fire department.

The first drawn tomorrow will be the most fortunate.

28 YEARS AGO

(From the Daily East Oregonian June 26, 1890.)

D. W. Taylor and Miss Emma Frazier were united in marriage by Justice Bishop at 9 o'clock last evening. Congratulations, which were prematurely showered upon the couple upon their return from a recent visit to Walla Walla, are now in order.

Pendleton fishermen have fished so often and terrifically of late that Pilot Rock anglers are becoming envious. Will Stimson reports that he and A. S. Witten, during a 25 mile excursion on foot on Birch and McKay creeks, captured a few trout if not several, the largest measuring three inches in length. Who can beat it?

William H. Daughtrey, foreman of Dixie ranch, is in the city.

A lady who resides near Pendleton, in filling out a census blank, put down her husband as a lunatic. She told the census enumerator that he was at present paying an electric bill by pushing a wheelbarrow 25 miles, and she didn't expect him home for a week.

Thomas Fitz Gornly, Esq., is over from Port Townsend for the purpose of removing his family to that city.

FRENCH ACE SOARING OVER GREAT LAKES

MONTREAL, June 26.—Lieutenant Plachaire, the French "ace," who had been assisting in French patriotic work here, left in his airplane for Cleveland at 11:30 this morning. He planned to follow Lakes Ontario and Erie and expected to make the trip in less than four hours.

AMERICANS FURTHER IMPROVE POSITIONS

WASHINGTON, June 24.—Pershing today reported that American troops northwest of Chateau Thierry Saturday further improved their positions although harassed by enemy fire. He said the Americans repulsed a raid in Voignes.

EX-MAYOR OF NEW YORK NOW SUCCESSFUL AVIATOR

Manufactured Only by Standard Oil Company (Indiana) Chicago, U. S. A.

After five months of study and practice, former Mayor John Purroy Mitchell of New York City, who was defeated for re-election in November, has become an army aviator who can perform all the regular stunts in the air. The progress he has made at the field in southern California is said to be unusual. He is anxious to see to the western front.

Socialists Are Out Against Indemnities

MILWAUKEE, Wis., June 22.—The socialist party in Wisconsin is on record today as favoring "an early, general, lasting and democratic peace, without forced annexations or punitive indemnities and with the right of all nationalities to determine their own destiny."

This attitude was embodied in a plank of the party's state platform adopted in convention here yesterday. Emil Seidel, former socialist mayor of Milwaukee, was nominated for governor. Former Congressman Victor Berger, recently a candidate for the senate on a "100 per cent for peace" platform, was a moving spirit in the convention.

Germany To Benefit By New Russia Pact

LONDON, June 24.—The bolsheviks are about to conclude a commercial pact with Germany which will subject Russia to further exploitation, says a Moscow dispatch. The bolshevik commerce commissioner declared the soviets are compelled to conclude a foreign loan to meet Russia's debts to Germany. The interest will be paid in materials.

TWO HURBIES TOO MANY.

When First Returns Wife Shuns Both of 'Em.

SAN FRANCISCO, June 24.—A husband's return a la Enoch Arden, albeit with a different sort of outcome, has so upset the life of Mrs. Anna H. Moore that whereas she found she had two husbands instead of the more conventional one, she has decided to get rid of both.

In 1909 her first husband, Wiley A. Moore, disappeared and later she heard he had been killed. In 1914 she married Langford L. Moore—no relation to the first spouse—and lived with him until a few days ago, when Wiley did a "come back."

The wife obtained an annulment from Langford and announced that she would bring divorce action against Wiley. She declared she had no intention of ever remarrying either.

Minor Operations Net Prisoners for British

LONDON, June 24.—Haig today reported successful minor operations in Flanders and other British front points. "Many Germans were killed and 50 prisoners taken south of Meteren," he said.

LOSERS FROM submarine attacks in dramatic waters continue to diminish, and Germans is not trying to show us "consideration" either.

We ought to assist and not to force Nature
—Voltaire, 1694—

"Mamma, don't give me Castor Oil"

Such is a familiar entreaty of childhood. All children hate castor oil. Crown people themselves won't take it. No child minds Stanolax—it is tasteless, odorless, colorless. So it's not like a medicine. Stanolax is not a cathartic, laden with habit-forming drugs. It does not stimulate the intestines to abnormal action. Stanolax is a lubricant. It softens the bowel content, and oils and soothes the intestinal walls and makes elimination easy. By this gentle but certain method, all toxic poisons are carried away. Thus auto-intoxication is prevented. By the use of Stanolax one prevents chronic Constipation, with all its resultant ills.

Stanolax represents the new-day way—as opposed to harsh purgatives. The natural way as opposed to violent treatments. Drug-laden cathartics afford only temporary relief. Stanolax, taken regularly, say a teaspoon at bed time, will keep the intestinal tract clean and ever ready to function properly. Your druggist has Stanolax. Buy one bottle. It will convince you that old cathartics are needless.

Manufactured Only by Standard Oil Company (Indiana) Chicago, U. S. A.
