

# Buy What You Need

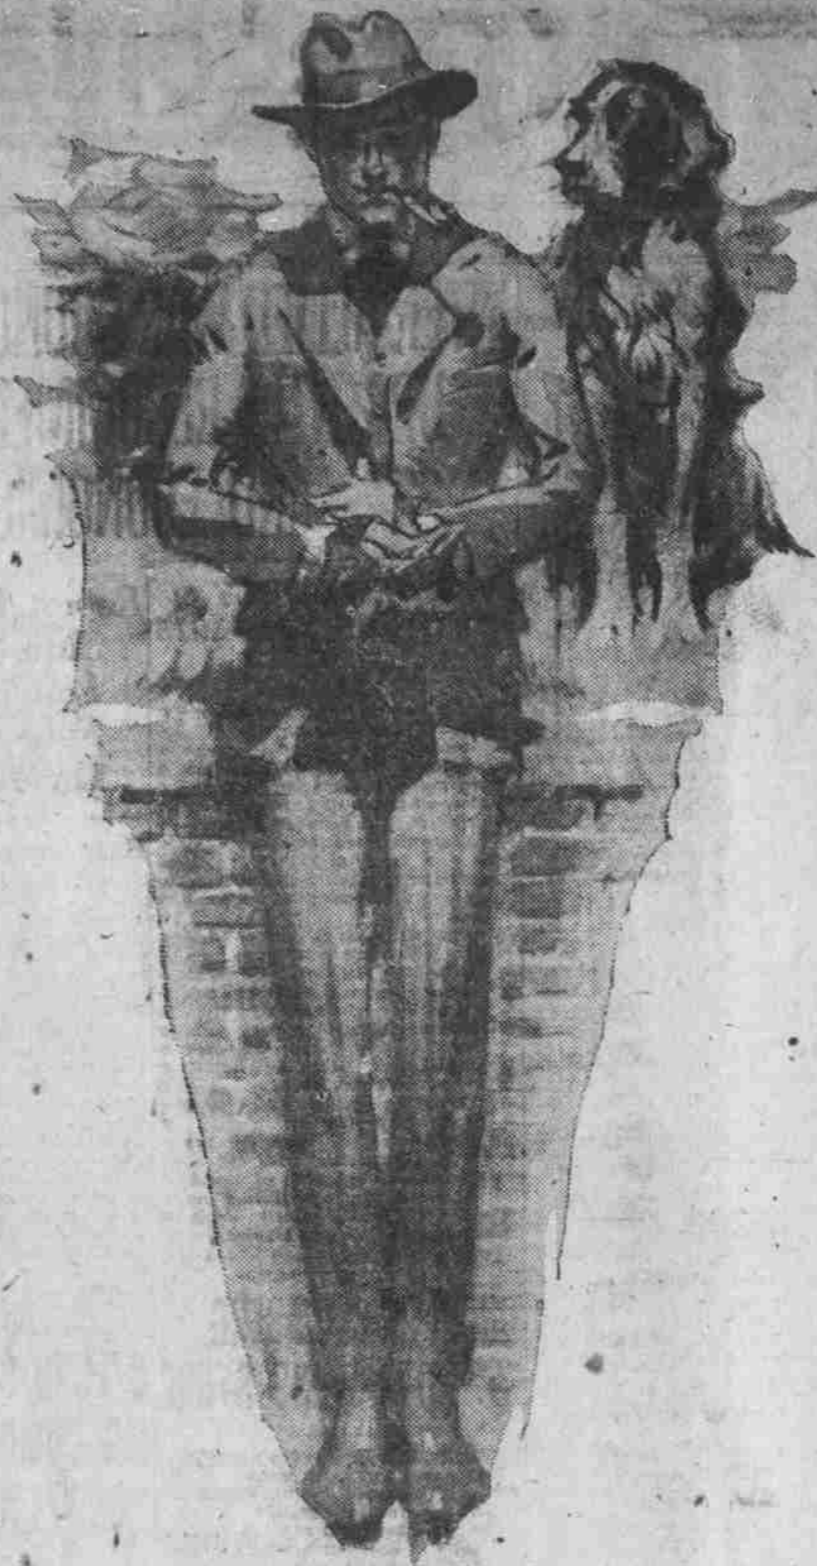

The difference between buying what you want, and what you need, is one form of economy.

If you merely want clothes and don't need them, you owe it to your country not to buy them. If you need clothes be sure that they're good ones.

# Hart Schaffner & Marx Clothes

That's only another way of saying be sure they're good clothes; the kind that wear so well you get more value for your money.

We have large stocks of these clothes and other merchandise; we bought them at prices much lower than they would cost now. If you need clothes, now is the time to buy them; you'll save money for yourself.

## CALL FOR SKILLED MEN TO VOLUNTEER

A call has been issued upon the state of Oregon and received by the local draft board for certain skilled men who are needed in the engineer corps. The call is only to white men who are physically qualified for military service.

No man who is needed to fill the July calls, already announced, will be allowed to volunteer for this service. Volunteers may be accepted from the 1918 class provided the registrant waives all time benefits for classification and examination.

Registrants qualified as previously described, will be permitted to volunteer until July 17th. All local boards will report to the department by telegraph on July 17th, the number of registrants who have presented themselves for listing under this call. If a sufficient number of volunteers are not secured, involuntary induction will be used.  
The following types of men are desired:

- Auto repairmen, axemen, blacksmiths, boatmen, bridge carpenters, cabinet makers, caulkers, concrete foremen, concrete workers, draftsmen, electricians, gas engineers, millinery businessmen, farmers, horse-shoers, lithographers, machinists, butlers, photographers, plumbers, powdermen, quarrymen, riggers, saddlers, shoemakers, surveyors, tailors, teamsters, telephone operators, timbermen and topographers.
- Drafts must understand thoroughly that registrants listed under this call are not to be inducted until orders are received as to allotments, and that no men needed to fill the July calls, already announced, shall be permitted to volunteer.
- Volunteers for this service shall not be released to the navy or marine corps, or to withdraw their application prior to August 1st.
- Those few square miles in France just gained by the Germans have cost more human blood than any other bit of land on this some-what blood-soaked earth. But it looks as if the blessed flower of liberty were to blossom from the soil of all Europe as a result of this and similar sacrifices.
