WHERE IT PAYS TO TRADE

"SEE OREGON FIRST" SHOULD BE SLOGAN

Portland Is Buried Under An Avalanche Of Prosperity.

The East Oregonian has requested me to briefly sketch the four from which myself, M. K. Long, and Mrs. H. A. Thompson and daughter have just returned. Responding, I will say that our outgoing itinerary included the towns of Blue Rock, Heppner, Condon, Fossil, Madras and Bend, terminating at Crater Lake, near the summit of the southern Oregon Cascade range of mountains.

From Crater Lake the return route was through Medford, Roseburg, Eugene, Salem, Oregon City, Portland, the Columbia Highway, The Dalles, Olex, Heppner, etc.

I have traveled much in previous years and believe that I have seen most of the beauty spots of the United States, but must confess that nowhere have I beheld anything to surpass the grandeur and variety of the natural handiwork of the Creator in our own fair state of Oregon.

No pen, painting or camera can do justice to the majestic and awe-inspiring panorama of Crater Lake. The pictures, photographs and illustrations of this famous spot convey the impression of a beautiful mirrored pond of some acres in extent, rimmed by hills of some few hundred feet altitude. In fact, the lake surface must include four or five square miles and the shore rim of the crater stands 1300 feet above the water, where a slight misadventure or one false step might precipitate the traveler heading down this precipice.

Fully 20 square miles are included in the lake and its exclusive environment. A beautiful driveway is in process of construction around the rim of the crater.

The inn at the lake is an imposing structure. It is clean, well ventilated, artistically planned; the prices not exorbitant.

As you pass from the lake, going west, the road leads by Anna spring, a rushing torrent of ice cold water which bursts from the side of the mountain. From time to time a turbulent per minute at a constant temperature of 33 degrees F.

There are three roads leading into and from the park. All are maintained within the park by the U. S. government and are in excellent condition. The registration fee for large autos is \$2.50, which, in our case, was collected at Blue Spring.

The Columbia Highway will be known as one of the greatest beauty drives in the world. There is no use to describe it. It cannot be adequately done. It must be seen to be appreciated. Its grand views of the Columbia gorge many hundreds of feet below; its lofty points, winding spirals through shady nooks; the beautiful canyons, countless springs, dropping ferns and rich vegetation excite ceaseless comment along the way. Hazel nuts ripen overhead and a glistering profusion of delicious wild blackberries and raspberries festoon the hillside and creep along the margins of the road.

"See Oregon First" is a slogan which is not assessed at anything near its real merit. We found the roads good; the fishing superb and much evidence of our increasing supply of wild game everywhere.

Portland is buried in an avalanche of prosperity. The public spirit of Portland and Multnomah county is shown in the magnificent section of road, paved highway up the Columbia river to the county line, without asking aid from any other source, cannot be too highly commended.

The crops inspected along the way were good to excellent. The only exception being about Medford where the dry season has damaged most of the wheat, Sherman and Morrow counties crops of grain are excellent wherever the farming has been thorough. An interesting incident of the trip was the narrow escape from losing our auto on a sinking scow, with about twenty others as we were being towed from Cascade Locks to The Dalles. The steamer was already loaded and could not make the auto on board. A flat boat was found and twenty cars loaded thereon. The scow leaked like a sieve and

soon began to settle. A rush for shore was made and the nose of the scow shored on the beach about a mile east of Stevenson. Just as the stern went aground, there was no damage.

H. R. GARFIELD.

CHURCHES

Baptist.
Bible school meets at 9:50; preaching, 11 o'clock. Subject, "Standard Lessons." There will be an evening service on account of the singing meeting at the Presbyterian church.

Church of the Redeemer.
Rev. Alfred Lockwood, pastor. 8 a. m., holy communion; 11, morning prayer and sermon. Subject of morning sermon, "Feeding the Multitude." The evening service will be the union service at the Presbyterian church.

Presbyterian.
There will be the usual services at the Presbyterian church tomorrow morning. Sunday school, 10 a. m.; 11 a. m., public worship, sermon by the pastor. Subject, "The Four Square Life." 3 p. m., union services, all the Protestant churches of the city uniting. Rev. Gornall of the Methodist church will preach the sermon. Special music by the choir at both services.

Methodist.
Being too temporary is a sign of uncertainty. The long-suffered man, who subordinates momentary physical satisfaction by efforts of personal development for future utility is the human benefactor. Application: Church school at 10 a. m. Your presence is solicited and will be appreciated. Morning worship at 11 a. m. with special music and sermon. The pastor's morning theme will be "Unnamed as Korolenko, Servants." At the evening union service at the Presbyterian church the subject will be "The Church Inimic."

Timely Warning.
Don't wait until the last minute but act as soon as the first indication of a bilious attack appears, and you can usually ward it off. You have timely warning, as your appetite falls some hours before the attack appears and you keep on eating because it is meal time. Skip one meal and take a dose of Chamberlain's Tablets and the attack has as a rule been prevented and all the distressing symptoms avoided. Try it.

To the Public.
"I just want to say that we keep a bottle of Chamberlain's Colic and Diarrhoea Remedy on hand all the time, and find it excellent for bowel trouble," writes Mrs. H. P. Cook, Anderson, Ind.

Good Liment for Lameness.
"I have found Chamberlain's Liment a splendid remedy for lameness, soreness of the muscles and rheumatic pains," writes Mrs. J. W. Wallace, Mason, Mo. Mrs. Wallace says further that "it is the best liment we have ever had in the house."

OVER THE NORTHWEST

Mrs. Worsham Died at Baker.
BAKER, Ore., July 12.—Mrs. Priscilla Worsham, daughter of E. K. Worsham of Malheur City, died at the hospital here yesterday after a short illness following a recent operation. Deceased was forty-three years of age and had been a resident of Malheur county nearly all her life.

L. W. W. Gets One Year.
PORTLAND, Ore., July 12.—C. A.

Johnson, secretary of the local branch of the I. W. W., was sentenced to one year in the county jail today by Federal Judge Charles Wolverton. Johnson pleaded guilty to a charge of violating the espionage act by making statements reflecting on the government and the flag.

Harvesting Starting at Imbler.
LA GRANDE, Ore., July 12.—Harvesting has begun in a few of the fields in the Imbler and Burnside sections. While the work is not yet in full swing some of the grain has sufficiently matured to permit of a beginning. For some reason unexpected the grain is ripening at an earlier period than usual. The season appears to be from a week to ten days ahead of the average years.

Rats Eat \$200,000,000 In America Every Year

WASHINGTON, July 12.—A nationwide offensive against the American rat, house, barn, corn-bin, water-front and other varieties, is under way. It's not so much a personal matter, but that he is destroying some \$200,000,000 annually in food stuffs and property, not to mention the labor lost in replacing the wastage.

Already, Mississippi, West Virginia, Georgia, Maryland, Minnesota and Alabama, backed by six of United States government experts, are all in the fight; and pressure is under way to make the move national as a war measure.

Anti-rat literature may be had free from the agriculture department.

BOOKKEEPERS PROTECT THEIR EYESIGHT.

—Sawtelle eyeglasses and spectacles have helped more bookkeepers "make their balance" correct because of increased strength and accuracy of vision. Take care of your eyes, Mr. and Miss Bookkeeper.

DRUGGISTS WOULD BOYCOTT HUN DRUGS

SEATTLE, July 12.—Following their decision that American-made drugs were being produced in sufficient quantities to supply all demands the Washington State Pharmaceutical association, in convention here today, passed a resolution boycotting German-made drugs.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head, no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is easily more important, because the skin pores do not absorb impurities into the blood while the bowel pores do, says a well known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day a glass of hot water with a teaspoonful of Emsome phosphates from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of those vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you fell before your blood, nerves and muscles became saturated with an accretion of body poisons, begin this treatment and above all, keep it up, as soap and hot water act on the skin, cleansing, sweetening and purifying, so Emsome phosphates and hot water before breakfast, act on the stomach, liver, kidneys and bowels.
