Mr. and Mrs. J. F. Robinson, Miss Thelma Thompson, Miss Daphne Swearingen, Miss Katherine Thompson, Miss Jane Murphy and Miss Harriett Johnson, of Portland, returned last night after spending four days at the summer home of Mr. and Mrs. Robinson near Blenheim Springs. The girls spent Sunday at the Springs.

Mr. and Mrs. Ralph Temple, Miss Vera Temple, Miss Elsie Fitzmaurice and Glenn Bean of Walla Walla returned last night from Blenheim Springs. Miss Temple was a guest during the week at a house party at the summer home of Mr. and Mrs. J. F. Robinson near Blenheim Springs. The rest of the party spent Sunday at the Springs.

Miss Myrtle Butler of Baker is the guest of Misses Grace and Edna Allen of 365 Coable street. The girls were formerly friends at Sumpter, Oregon.

A recent event for which W. C. T. U. members of Milton were hostesses was a reception and supper planned for the pleasure of the "Three Score" club, the guests being Milton and Freewater folk who are 70 years and over and the affair is of wide interest because of the presence of many well known pioneer W. C. T. U. members. Eighty invitations were issued, each bearing a unique invitation to the Christian church where a program and a dinner, too, you see, will pass the hours for you and me. The program included, after an address of welcome, many delightful musical numbers and readings and the party adjourned to enjoy the supper around tables forming a hollow square, in the center of which a smaller table supported an immense cluster of Shasta daisies, while Dorothy Perkins rose, decked the places and pink and white streamers fluttered from the electro-lier in the four corners of the square.

Ten of the guests were over 80 years of age and some were more than 90. The party included Mr. and Mrs. Aaron Miller, Mr. and Mrs. H. B. Lee, Mr. and Mrs. Rogers, Mr. and Mrs. Chase, Mr. and Mrs. Lalonde, Mr. and Mrs. Henry Exander, Mr. and Mrs. B. F. Nichols, Mr. and Mrs. O. C. Renker, Mr. and Mrs. Joe West, Mr.

## HUSBAND SAVES WIFE

### From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles ceased by that week. Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or 'the blues,' should accept Mrs. Robinson's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

halfed. If the Germans fail to win a strategic victory they probably will be unable to launch another major offensive this year. hen the balance will swing against them because American manpower in France is constantly growing. This means the offensive for Germany and defeat.

## AMERICANS LAUNCH COUNTER ATTACK

(Continued from page 1.)

(FILED FEIGUSON)  
AMERICANS, MARNE, July 15.—The Germans attacked the Americans about Vaux at 6 this morning following a heavy bombardment with gas and high explosive shells. The American artillery barraged. When this is called the situation is well in hand. The weather is ideal.

Simultaneously the enemy started a heavy bombardment in the dual Gemac region seven miles east of Chateau Thierry. While the fighting near Chateau Thierry progressed the Germans began the long range bombardment of Meaux, 25 miles southwest of Chateau Thierry on the road to Paris.

ARTILLERY HAD PREPARED.  
Despite recent heavy rains which prevented infantry action, artillery activity has been increasing during recent days. Artillery shells became more frequent and more intense. Our big guns pounded the German lines with unusual severity last night. Artillery activity has been limited but the Americans and British engaged in sharp fighting over German areas yesterday morning.

## LOCAL ATTACK IS 10 MILES.

The attack and bombardment extended over 10 mile front forming the apex to the huge German salient against Paris. Apparently this is the biggest enemy assault since the fighting occurring when the Americans entered the line here.

Vaux is the key to Chateau Thierry. Jaulgonne is the point where the Germans crossed the Marne for the first time since the war began and where the Americans hurled them back.

## FRANCE CHEERED ON BASTILLE ANNIVERSARY

Pendleton Folk Hear Messages of Cheer for Sister Republic.

France's independence day was fittingly observed in Pendleton yesterday with services at the Alta theater, the Pastime and at all the churches, including the union services in the evening. At the Alta theater Harry Chambers served as speaker and J. B. Gwinn spoke at the Pastime.

At all the services the official message sent by the director of the Four Minute Men, was read. In part it says:

"Liberty has two birthdays, one in the new world and one in the old. One is marked by the anniversary of our Declaration of Independence on July Fourth, Seventeen Seventy Six; it is the birthday of a nation in the new western world, dedicated to the proposition that all men are created free and equal; its cradle was Independence Hall in Philadelphia. That nation has become a great people which has gathered in her ideals the souls of governing nations of the two Americas and now fights for the preservation of its life, that governments of the people, for the people and by the people shall not perish from the face of the earth."

"The second cradle of Liberty was amid the ruins of the Bastille in Paris on July Fourteenth, Seventeen Eighty Nine. The people of Paris destroyed this great medieval prison, the emblem of tyranny and oppression and autocratic government. They lighted the torch of liberty at its smouldering ruins and sent their armies forth from the first great European republic to carry this torch into a Europe governed by absolutism and cursed with privilege and inequality and injustice."

## Women Resent Having Traitors Kiss Flag

The following resolutions were adopted by the Degree of Honor at the Eastern Oregon District Convention held June 2 and 4 at Heppner:

Whereas, it has been the custom of late in this country to compel traitors, pro-Germans and enemy aliens to kiss our flag, and whereas, we the patriotic women of America feel that the said custom is an insult to our flag and that such traitors should not be allowed to pollute and profane our flag by the touch of their lips, but rather should they be compelled to kiss its shadow in the dust. Therefore, be it resolved, that we, the Degree of Honor, of Eastern Oregon in convention assembled, do on record an unalterable and opposed to the practice before described. And be it further resolved, that we will use our influence to oppose the same and voice our protest on every occasion.

Be it also further resolved, that these resolutions be presented to the National Convention and placed on the records of the local convention.

## SUGAR CERTIFICATE PLAN FOR MERCHANTS PUTS US ON RATION

(Continued from page 1.)

Bakers file a similar statement and are allowed for the current quarter 70 per cent of the amount they used during July, August and September of last year. Restaurants, hotels and cafes are allowed three pounds of sugar for every 90 meals served, which means three pounds per person per month. Families are limited to a like amount except that additional sugar may be secured for cannino purposes.

Before the retailer can replenish his sugar stock, he must have certificates from the county administrator to turn in to the wholesaler who uses the certificates to replenish his own stock from the refinery. Bakers and restaurant keepers cannot secure sugar either from wholesaler or retailer without presenting certificates.

This plan of apportioning out sugar was decided upon to meet an unexpected sugar shortage occasioned by the losses of beet sugar factories in Europe to the Germans, by crop shortages in certain countries by direct losses through submarines and by lack of shipping facilities for long voyages. To meet the situation a ration card for each family may eventually be used and as it is each family is limited to three pounds per person per month and is liable to prosecution for hoarding should more be received without special permit. Merchants must pledge themselves not to sell more than three pounds per person a month and violation of this pledge or of any regulation for the sale of foodstuffs may result in the refusal of the administration to issue permits to the offending firm.

## 25 MEN A DAY BEING SENT TO HARVEST WORK

N. Berkeley, federal employment agent at this place, states that last week he placed something over 100 farm workers. Fully 25 men a day are being placed in the harvest fields through the agency. "This is considered a very good record for the few days the government office has been open.

Workers are starting in to do the agency for the harvest men they need and men looking for work are also finding they have little trouble getting a job when they leave their names with the agent.

Regarding the labor situation in Umatilla county's harvest fields, Mr. Berkeley says he does not anticipate the work will be retained in the least by any shortage of labor. He thinks there will be a job for every man applying for work, and there will be no unemployment.

## J. F. COOK, NOW CAPTAIN OF CAVALRY, COMMANDS 411 MEN

(Continued from page 1.)

The result was extremely satisfactory and I got to go along with them as Capt. of the troop. Was allowed to take some men from the old 3rd Oregon to fill up so I have practically an Oregon outfit after all. I have 411 men, 64 motor vehicles and 127 horses in my troop proper besides the staff in look out for so you see I have quite a job on my hands. We have moved three times since joining these Hedges and are just on the verge of another one. At present we are stationed in a fair sized town only a short distance from the line and we have visits from the Reds quite often. For my birthday (the 11th) present I was treated to an air raid but no damage was done as the Dutchmen haven't the nerve to face the tanks. As soon as our barrage goes up they beat it for home.

The weather is fine over here at the present, but a couple of months ago

## You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure. If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will!

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleaned their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.
