**Hermiston Sends Dressings.**  
Hermiston auxiliary of the Umatilla County Red Cross, is shipping daily to headquarters here a package of Red Cross surgical dressings. C. E. Roosevelt, secretary, says the dressings, which have been arriving for the past week, are considerable in number and excellently made.

**New Regulation for Recruits.**  
All men who enlist in the naval reserve will be sent directly to training stations after enlistment, says P. Swartz, recruiting officer with offices in the federal building. Heretofore the men have been sent to Portland and then home to await call. The new rule is for the purpose of eliminating all unnecessary delays.

**Was Not Released.**  
James Hillman Murphy of Salem, who attempted to enlist recently here as an apprentice seaman, was unable to secure his release from the Salem draft board where he was registered, and so was unable to enter. His application for release was just a day too late, as the Salem board had decided to place him in the quota. He will leave with the drafted men in August.

**Acknowledge Order.**  
C. E. Roosevelt, secretary of the Umatilla County Red Cross, received today notice from the Lamb Knitting Machine Co., Chicopee Falls, Massachusetts, that the company is shipping immediately the knitting machine ordered by the chapter recently. Mrs. Sutton has been employed on the Evening Tribune as a society reporter and her position will be filled by Miss Rita Ferguson of Pendleton.

**Did It Come by Aeroplane?**  
This morning the Peoples Warehouse received via American Express a case of fresh bread bearing the shippers name as from New York city. The bread was still hot, as was likewise the brain of the grocery manager when he examined the contents for the first time. While the store received much goods from New York it received no bread from the Eastern metropolis—and besides, the bread was hot. After careful investigation at the express company it was found to be a shipment sent out by a Pendleton bakery to one of their patrons in Umatilla. The bakery used a packing case in which a New York firm had shipped merchandise to the Peoples Warehouse but failed to erase the old marks and readdress the shipment.

**Has Nine China Pheasants.**  
J. E. Himes, of 218 Cosbie street, has nine eight-weeks old China pheasants, which he raised since they were about three days old, in a coop in his back yard. The little birds, together with three others and a mother bird, were found when a

mowing machine went over the nest on the Alice Crais ranch on the reservation. The mother bird and two of the small pheasants, just hatched, were killed by the mower and the Indian who was plowing, save the remaining ten tiny pheasants to a squaw who sold them to Mr. Himes for fifty cents. One of the birds died but the remaining nine are flourishing on a diet of green food, consisting mostly of lettuce and grass. Mr. Himes has planted a plot of clover which will be kept especially for the little pets.

**Undergoes Operation.**  
Mr. C. Frank Gilliland of Butter Creek underwent an operation yesterday at St. Anthony's hospital.

**C. H. Allen Estate Appraised.**  
The inventory and appraisal of the late C. H. Allen has been filed in the office of the county clerk by the appraisers, Ralph Cannon, E. E. Richards and William Ferguson. The value is placed at \$19,816.57.

**Estate Valued at \$1691.69.**  
J. Stevers, J. M. Hartman and C. M. White have made their report of inventory and appraisal of the estate of Walford F. Lindroth, deceased, giving the value at \$1691.69.

**New Appraisers Appointed.**  
The county court has appointed E. W. McComas and E. P. Marshall appraisers of the estate of John S. McLeod, deceased, in the place of G. M. Rice and J. N. Burgess previously appointed, owing to the failure of these gentlemen because of their absence from Pendleton to qualify.

**Sold \$114.50 Thrift and W. S. S.**  
Miss Lucy A. Jacobson at Rieth, has been recommended to the state school superintendent for admission to the junior rainbow regiment for her energy in selling thrift and war savings stamps. She is credited with \$114.50 in this work.

**Light Barley Crop.**  
Marion Jacob is harvesting a half section of barley that he figures is cutting out about five sacks to the acre. This is some short of the estimate he made before starting. Slow progress has been made so far because of rains the fore part of the week.

**Son Is Now in England.**  
Mr. and Mrs. C. E. Kennedy received word yesterday from their son, Corporal Vernon Kennedy, that he has been transferred from France to England. His work will be to train the new recruits there. Corporal Kennedy enlisted in the Oregon National Guard and is now a member of Company G, 182 Infantry.

Harris and Robert F. Alsworth. The people of Athens and vicinity have furnished quarters for the men, as well as mounts with barn and feed. The chief work will be the patrolling of wheat fields in search of fires.

**In Probate Court.**  
Esters were filed in the county court yesterday evening asking the probating of the estate of Jacob Federer and Jos. Anton Federer, brothers, who died in Switzerland in February and April, 1913, respectively. They both left estates in Umatilla county valued at approximately \$2500 each. A sister, Leona Federer, of Multnomah county, has applied for and been appointed administratrix of the estates. Will M. Peterson is acting as her attorney.

**Trusty Found at Walla Walla.**  
Cofey, the trusty that escaped from Deputy Sheriff Jake Marin early in the week, has been recaptured. He was taken up by the officers at Walla Walla and Sheriff T. D. Taylor and Deputy Marin went after him this morning. It had been the custom for several weeks to let Cofey carry the prisoners' meals from the restaurant and the other day when left for a few minutes by the deputy he took advantage of the opportunity to make his getaway. He is being held for the grand jury on a rape charge.

**UNREST GROWS AMONG GERMAN CRACK TROOPS**  
WITH THE AMERICAN ARMY ON THE MARNE, July 27.—German prisoners tell how badly they were shot up. Past experience has shown that too much dependence cannot be placed upon the theories about the morale of the Germans, yet one is struck with the great sign of growing
