### MOTION PICTURE NEWS

What the Picture Theaters Have to Tell You.

Alta Sunday-Monday; Emmy Wehlen Star of World Fame.

Emmy Wehlen, the beautiful and talented star of the Metro players, "The House of Gold," was the toast of all London when she made her theatrical debut in that city. Her youth and grace, combined with her wonderful voice and exceptional acting, made her future certain.

She first played in heavy dramatic roles, but her voice was of such rare quality that she was soon sought after by musical comedy managers and was induced to try this field in which she equaled her dramatic success. Her first appearance in America in the Mg London success, "Tonight's the Night," established fame in the States.

Her spontaneous success on the stage in this country soon brought Miss Wehlen under the eye of the Metro Pictures Corporation and when a tempting offer was made to her by this company to desert the stage for the screen, the beautiful actress consented. In this line of work, as on the stage, she has more than fulfilled what was expected of her talent and has appeared in many noted Metro productions, some of which are "The Shell Game," "The Outsider," "The Duchess of Doherty," "The Pretenders," and "Miss Robinson Crusoe."

Miss Wehlen was born in Vienna, but moved to England with her parents when she was a small child and lived in London, in which city she received her education.

Marguerite Clark in "Prunella" at the Pastime Theater.

A treat for "movie" lovers is in store at the Pastime theater next week when dainty Marguerite Clark will appear in a Paramount screen version of "Prunella," which will be remembered as her greatest stage success some years ago. A story of "Love in a Dutch Garden" as its authors, Granville Barker and Laurence Housman called it, the picture is even more beautiful than the stage version and under the expert direction of Maurice Tourneur, has become a most unusual production. The cast includes Jules Raucourt, who recently appeared in support of Pauline Frederick in "La Tozka," as the Pierrot who falls in love with Prunella and abducts her from the prison home of her aunt, only to desert her later. Now he finds that after all he cannot live without her and returns to her old home in the hope that she too will come. It is skillfully and charmingly shown in this new Marguerite Clark Paramount picture.

### NEW TRAINING SHIP IS READY

SAN FRANCISCO, July 27.—Another United States Shipping Board training ship went into commission here today and the plan of the board's recruiting service to turn 100 men a week from California into the merchant marine is one step nearer realization.

The new training ship is the Ocean Wave, which will be used as the receiving ship for the Iris, which went into commission here two weeks ago. The Ocean Wave is now tied up at the Army street wharf, where it will remain as long as novices are trained here for service on merchant ships.

Refitted at a cost of many thousands of dollars, the Iris will have accommodations for 250 volunteers of the sea. Before men accepted for the sea training are assigned to the Iris they will receive preliminary training aboard the Ocean Wave.

The Ocean Wave will be commanded by Captain J. N. Ansell. Captain Ansell was formerly master of the old army transport Meade, which is now being utilized by the Shipping Board's recruiting service on the Atlantic coast. Until his selection as master of the Ocean Wave he was inspector of hulls at San Diego.

WESTERN UNION INDICTED. NEW YORK, July 26.—The Western Union Telegraph Co. was indicted as a ball player in an offense.

Leon Cadore, who played baseball with the Brooklyn National League team, has won his commission as a lieutenant in the United States army. They say he is batting over .500.

### U. S. MEN CHEER SECOND SON OF KING GEORGE

LONDON, July 27.—Prince Albert the second son of King George, was given a rousing reception by American soldiers and sailors at the National Sporting Club last evening, the prince having gone there unannounced to witness the boxing bouts between American fighting men. He was not known until Sir Randolph Baker, organizer of weekly boxing exhibitions, prince having gone unannounced that the prince was present.

The crowd rose and cheered and called for a speech. The prince responded, expressing himself pleased at being able to attend what he said was a great and noble fight. More cheers greeted the speech and then the boxing was resumed.

Give all that is in your power without personal injury to yourself or family, toward winning the war.

### U. S. SOLDIERS "CANNON FODDER" HUN'S DELUSION

PARIS, July 27.—In praising the fighting qualities of the American troops, Colonel de Thomassin, a military writer in concluding his article on the battle situation today, says he can not resist the pleasure of quoting a passage concerning the Americans from semi-official Norddeutsche Allgemeine Zeitung. The German paper declared:

"These American soldiers are cannon fodder. They are incapable of standing up to our seasoned troops America has been powerless to train the forcibly enlisted men she has shipped to Europe."

The way the Americans treated a crack German division at Fossey, says Colonel de Thomassin, perhaps may give the German writer food for reflection.

### U. S. ADVANCES GASOLINE PRICE

NEW YORK, July 27.—To meet the increased railroad freight rates, the fuel administration has announced it would permit an advance of one-half cent a gallon in the wholesale tank wagon market price of gasoline, naphtha and refined oil. The retail price shall not be advanced more than the wholesale price.

SPURNS CHARITY FOR CRIPPLED SOLDIERS  
WASHINGTON, July 16.—The movement among private citizens for finding jobs for crippled soldiers is emphatically disapproved by the war department.

Surgeon General Gorgan declared today that the rehabilitation of the crippled men would be done thoroughly by the government and the slightest intimation that a crippled soldier was in any sense an object of charity should be discouraged.
