

NEWS NOTES OF PENDLETON

Moves Into Office.
W. D. Chamberlain, divisional deputy of the internal revenue department, moved today into his office on the second floor of the federal building. Mr. Chamberlain was formerly county clerk for Umatilla county and is well known here.

Catches 37 Sun Fish.
Fifteen of a catch of 37 sun fish are on display in the window of George Beer's hardware store. This is the second catch of this variety of fish caught at Coe dam, and the third catch ever made in the county. Up to his summer the fish have not been found here. They resemble gold fish in appearance. Though small, they are said to be good eating.

Passes Examination.
James John Jr., passed a successful examination yesterday at the camp at Williams College, Walla Walla under Captain Steel. Captain Steel will recommend Mr. John for entrance into officers' training camp at Camp Pike, Arkansas. The application made for entrance August 10. Carl Goodale and Harry Chambers expect to go to Walla Walla Saturday for examination by Captain Steel.

Goes to Funeral.
Mrs. W. C. Wade and Mr. and Mrs. M. E. Bartholomew of Milton were here yesterday to see Mrs. M. Harrington of McMillinville, who passed through on her way to Blockport, Missouri, in response to a telegram from her daughter, Mrs. Tompkins Wright, saying that her two sons aged 7 and 9, respectively, were drowned Monday evening while swimming. Mrs. Harrington goes to attend the funeral.

Joseph Dubols Dead.
Chief of Police Al Roberts received a telegram yesterday from C. E. Marasa, of Missoula, Montana, saying that Joseph Dubols, formerly of Pendleton, had died there and asking that information concerning relatives or friends be sent. Mr. Dubols, who was a shoemaker and sheep herder about 50 years old, left here a week ago suffering from lung trouble. Chief Roberts is at present looking for relatives and friends of the deceased.

Wins Two Prizes.
Emory Worthington, son of Mrs. H. O. Worthington of 400 West Court street, who is in the service and attending the Polytechnic school at San Francisco, recently attended a picnic in that city and won first prize in a 250 yard dash in which only men in uniform competed. He was lucky also in a prize drawing, capturing a case of beer which he sold for \$1. He is of the opinion that if he had been in Pendleton he might have made a fortune with the prize.

Gets Quick Reply.
The Home Service section of the Red Cross was the means recently of bringing to J. T. Brown news of his son, Clell G. Brown, of Company 119, Battalion 2, U. S. Marines. Mr. Brown had not heard from his son for several months and decided to make inquiries through the Home Service bureau, which telegraphed immediately to the Bureau of Communication at Washington, D. C. They sent a reply which said that Mr. Brown's son was well and safe. It is probable that the reason Mr. Brown had not received letters was because the boy is in some place from which it is hard to send mail.

Will Use Logged Off Lands.
E. F. Averill, of the United States Biological Survey, returned today from a trip to Olympia where he conferred with E. F. Benson of the commission of agriculture, Washington, concerning cooperation between the survey and the commission in making the logged off lands of western Oregon and Washington available as grazing lands for sheep. At present the commission is experimenting with the use of these lands, hitherto useless to the

state, for sheep grazing but as coyotes menace the safety of the herds, the survey will assist by sending expert trappers to go away with the coyotes. Fifty thousand sheep have been placed near Oring, Washington, and as they have been troubled by the coyotes, the activities of the survey's trappers will probably begin in this locality. It is the opinion of the commission that if the coyotes can be exterminated the use of the lands will prove to be a great success, as it will extend the amount of grazing ground and make use of land that has been idle for some time.

Dr. Boyden Goes to Camp Lewis.
Dr. Guy Boyden left today for Camp Lewis where he will take up his duties in the base hospital there. Dr. Boyden is now in uniform and is a first lieutenant. He has been practicing here for the past four years with his brother, Dr. Frank Boyden.

Sends in Donations.
The Umatilla County Red Cross received \$34.99 today from "Froewater Auxiliary," \$57.36 from Moschmidt auxiliary and \$29 from Hamilton auxiliary. As this is donated money it will be placed in the relief fund.

Will Meet With Pilot Rock Company.
Major Leo Drake of the Umatilla County Guard will leave this evening for Pilot Rock where he will meet with Company D in regard to general plans for the guard.

Go on Tour of Inspection.
Captain H. E. Williams and Lieutenant J. W. Koecker of the Oregon Military Police, left last night for Helix and Athena on a tour of inspection of that vicinity.

Will Go to Pilot Rock.
Private Edward Statzer and Private Stewart Campbell of the Oregon Military Police will leave tomorrow for Pilot Rock where they will remain for some time on special duty. Their work will be to act as fire patrols and to watch out for I. W. W. activities.

J. D. Boyd to Take Command.
J. D. Boyd, captain of Company C of the Umatilla county guard, returned yesterday from his vacation and will take charge of his company at regular drill tonight. Captain Kenneth Goodale, who took charge in Captain Boyd's absence, will return to staff duty.

Attend Directors Meeting.
Those who attended directors meeting of the Umatilla County Red Cross today were Mrs. D. C. Sanderson, Froewater; Mrs. F. E. King, Pendleton; Mrs. A. H. Cox, Pendleton; Mrs. J. H. Cherry, of Umatilla; Mrs. C. H. Williams, Pendleton; Mrs. W. Cannon, Stanfield; Mrs. J. A. Waters, Meacham; Miss Elsie Denson, Meacham; Mrs. C. H. Marsh, Pendleton; Mrs. Charles Groulsh, Pendleton; Mrs. George Hartman, Pendleton; Mrs. J. H. Strohm, Hermiston; Chairman W. L. Thompson and Secretary C. E. Roosevelt.

Reuben Beckwith Succeeds.
Sergeant Reuben Beckwith, son of Mr. and Mrs. J. S. Beckwith, is now in attendance at a "Personnel school" at Camp Travis, Texas, and seems in line to attend the officers' training camp for quartermasters at Jacksonville, Florida. Only one man from his command was selected for attendance at the personnel school and hence Sergeant Beckwith was highly honored in being chosen. He is working from 5 o'clock in the morning until nearly midnight each day but says he enjoys the training nevertheless. In the event he is not commissioned in the quartermaster's department he asks for service in the aviation branch.

May Have Job on the Street.
Dudo Deathridge, the barber arrested Monday night by Officers Myers and Scheer, charged with wife

beating, is in the city jail for a 12 day sentence as the result of the trial yesterday afternoon, unless he should make a raise of the \$25 fine. Chief Al Roberts says he has offered the services of Deathridge to Street Commissioner Heathman for work on the streets.

Baby Boy Born.
Mr. and Mrs. C. J. Shrum are the parents of a seven pound boy born this morning at St. Anthony's hospital.

Has Tonsils Removed.
Mrs. H. D. Smithley had her tonsils removed today by a local physician. She is doing nicely at present.

Estate Appraised.
The Martha N. Sawelle, deceased, estate has been appraised at \$1420 by Chas. E. Bond, B. L. Burroughs, J. V. Tallman, appraisers.

Guardian Makes Report.
F. C. Searcey, guardian of Eva L. Searcey, a minor, has filed in the office of the county clerk his final report.

Dies at State Hospital.
Mrs. Harriet B. Bishop died today at the State Hospital of hemorrhage of the brain. Mrs. Bishop, who was 81 years of age, was committed from Umatilla county June 24, 1918. The body is at Folsom's undertaking parlors and will be shipped tomorrow to her husband, Phyl Bishop, of Dayton, Washington.

Hand Is Skinned.
Earnest Morris, proprietor of the Delta has a badly skinned and swollen hand as the result of an effort to assist a man who fell this morning when his horse slipped on the corner of Wash and Main streets. Mr. Morris' hand was struck by the horse, and a bicycle which Mr. Morris was riding was badly broken by the animal. The man remounted and rode away without telling Mr. Morris his name.

Sees Light Men.
Miss Marie Schuitz, who is employed in the Columbia Produce Company, returned today from a two weeks vacation spent at Seattle, and Tacoma. Miss Schuitz visited Camp Lewis and saw several Pendleton and Umatilla county men who are now in the service.

Funeral Is Held.
The funeral of W. Percy Kinman, who died yesterday at the age of 63, was held from the Folsom chapel this morning, the Knights of Pythias, of which the deceased was a member, were in charge of the burial and H. W. Ireland officiated. Mr. Kinman, who was born in Kentucky and came here three years ago, is survived by a wife, Lucy Beatrice Kinman.

Call for 10 Men.
A call has been received for ten men as volunteers "who have some aptitude for mechanical work, to report to the commanding officer at the Benson Polytechnic institute at Portland, August 15. They will receive instruction in auto mechanics, blacksmithing, carpentering, electrical mechanics and sheet metal working. Regulations of any class will be accepted for this service, providing they meet other requirements. Two men have already been accepted for the call. They are Eugene R. Lyman and John W. Evans.

EXECUTION OF NICHOLAS DESCRIBED IN BERLIN

LONDON, July 21.—Details of the execution of former czar Nicholas in the Bolsheviks, appearing in Berlin papers, declare Nicholas was awakened at five in the morning and informed he would be killed in four hours. He remained calm, conferred with the priest and wrote letters but at 9 he had collapsed in his chair. Enroute to the execution he fell exhausted. When he arrived at the execution spot he was unable to stand. He leaned weakly against a post and raised his hands as though to speak, but the rifles spoke, drowning his voice and he fell dead.

HINDENBURG'S ALABI DOES NOT MENTION PRESENCE U.S. TROOPS

WASHINGTON, July 21.—French cables state that every German paper yesterday published Hindenburg's alibi for the Marne failure in his drive toward Paris. The communique did not mention the Americans on the Marne. He promised a decisive blow against the Anglo-French soon. It said a retreat of a dozen kilometers is being sufficient and the results were asked not to lose confidence in Hindenburg.

Hindenburg said: "The phylogony which the struggle presents on the Rheims-Solsons front and in Champagne in consequence of the German attack and Anglo-French counter-attack have led to the necessity of postponing for some time the decisive blow."

"A new line for subsequent operations and proceedings for displacements and strategic regroupings had to be created."

"It is not thought necessary for Hindenburg to withdraw as far as the Veale."

AIMS OF FRENCH ARE SUMMED UP

WASHINGTON, July 21.—Former French War Minister Millerand, reviewing the war, summed up the French war aims in "Truslan" military journal as follows: "Truslan military aims must be destroyed."

"He said this means restoring Alsace-Lorraine, the freedom of Roumania, Transylvania from Hungary, restoring Belgium and Serbia, the establishment of an independent Czechoslovak state and a free Poland."

"The new world does not cross the Atlantic, accomplishing daily miracles at which we are astonished and grateful witnesses, to content itself with a hasty and delusive peace fraught with disaster to all."

ALLIED SHIP FIRES ON U. S. SUBMARINE

WASHINGTON, July 21.—Mistakenly evidently for the German submarine which has been operating off the north Atlantic coast, an American submarine of the latest type was fired upon and slightly damaged by an armed vessel in New England waters last Tuesday. No one aboard the submarine was injured and the craft has reached port safely. The navy department's announcement today did not reveal the identity or nationality of the armed vessel but it was understood that it was an allied transport. Unofficial reports were that the submarine had been running submerged and had come to the surface near the armed ship. The latter opened fire and had scored one hit before the American craft made known its identity. The shell penetrated the outer hull of the submarine but did not explode. Had the shell exploded after entering the outer hull it was said, the submarine probably would have been destroyed. As it was the inner hull evidently was not damaged and the submarine will be ready for service again as soon as the damaged outer hull plates can be replaced.

FORMER CONSUL AT BOSTON HELD AS ENEMY ALIEN

BOSTON, July 20.—Oswald Kunhardt formerly German and Austrian consul in this city, was arrested Wednesday as an alien enemy at his home in Manchester and brought here. Federal officers refused to confirm or deny a report that the arrest was connected with submarine activity off the coast.

It was admitted the arrest was connected with submarine activity.

considered of more than ordinary importance and that the Kunhardt's apartments in Manchester were searched. No statement was made as to what evidence was discovered. At the office of Judd Dewey, assistant United States district attorney in this city, it was said Kunhardt would probably be interned.

Up to the time this country entered the war Kunhardt was a member of the Tennis and Racquet club, one of the most exclusive organizations of Back Bay society. He represented the Berlin Golfing works, which controlled a large part of the business in German dyes in this country. After the declaration of war Mr. Kunhardt resigned from the Tennis and Racquet club. He continued to consume dyes for a time, representing Austria until relations were severed.
