Germans Beat Yank To Death With Club

WITH THE AMERICAN ARMY IN FRANCE, Aug. 2.—He was one of those boys who was the life of the company, always cheerful and always making the rest grin just by reason of his presence.

One night he had to stand guard at an outpost alone, a dangerous place. About midnight he signaled the approach of a party of Germans. His comrades went out the dark trench but couldn't find him anywhere. They looked and looked, and then gave him up for lost, though they knew he'd never quit and he'd never be taken prisoner.

Next morning they found his body, beaten until it was almost unrecognizable. Beside it was a club, the end of which was wound with barbed wire, the weapon the barbarians had used to batter his body when they killed him.

Near him were the bodies of three Germans he had killed before they got him. In their haste to get away from the outrage the Germans had left these bodies.

There is one company of Americans that will never forgive Germany.

TRAFFIC COPS OF ARMY BUSY

BY FRANK J. TAYLOR
 (United Press Correspondent)

WITH THE AMERICAN ARMY AT THE FRONT, Aug. 2.—(By Mail)—"They're the traffic cops of the army, and darned good ones, too. There'll be no scarcity of traffic cops back in America when the M. P.'s get back."

The officer was alluding to the military police, the organization that keeps order in the army, prevents congestion on the roads, and does the work that other departments of the army do not do. The military police have taken an important place behind the lines.

The military police is a distinct organization, and is made up of picked men from various military units. As soon as a unit arrives in France, "the M. P.'s" are organized from it and for it. They are always known as "M. P.'s" in the army. Until he gets up to the front and sees things, the average man does not realize that there is as much traffic through some battered little town behind the lines as there is on Broadway, New York, or Market St., San Francisco, at least during certain hours. So the "M. P." has a big job on his hands as traffic cop. Often there are two streams of traffic, and he has a double job, to prevent congestion.

Usually there is an "M. P." at every cross road, to examine passes, and see that people who do not belong near the front never get there. When you enter a division area you are always met by an "M. P." who looks over your credentials, and gives you information about roads, dangers, and sees that you have your gas mask ready before you get in the "gas alert zone."

Huge "Show Window" To Display Jackies At Great Lakes, Ill.

GREAT LAKES, Ill., Aug. 2.—What is believed to be the largest "show window" in the world is that just completed here under the direction of Captain William A. Moffet. It is 1900 feet long and is to be used for exhibition purposes by Uncle Sam's finest man-o-war men.

It is the big open field between the electric railway and Camp Dewey and capable of furnishing enough room for 19,000 sailors at one time. Train passengers passing by are treated to a sight of battalions at drill and the strains of martial music are almost continuous from one or another of the many detachments of the great navy base.

145 YOUTHS ARRESTED
 TOLEDO, Aug. 2.—Attracted by the beautiful weather and record breaking races hundreds of youths made their way to the Fort Miami race track today only to find themselves in the grip of the law shortly after they arrived.

A general round-up of these youths by police and members of the American Patriotic League netted 145 young men. Included in the list were many of the "swipes" employed at the horse barns.

Youths from Detroit, Cleveland, Fort Wayne, Indianapolis and Columbus were included in the roundup.

VANDAL RUINS 300 TREES IN ORCHARD

SAN JOSE, Aug. 2.—An unidentified man, armed with an ax, either cut down or ruined by "rimming" their trunks, 300 young trees in an orchard near Santa Clara Saturday night. According to a complaint to the sheriff, William Holburn, the owner, estimated his loss at \$2500.

A prize fighter whose sole conversational asset is the terse phrase "Let's Go!" a chorus girl; a millionaire's son; a domineering old valet—these and many others make up the amusing cast of Charles Ray's newest Paramount picture, "The Family Skeleton" which is to be shown at the

Alta theater today. Sylvia Bremer plays the leading feminine role in support of Mr. Ray while clever Billy Elmer is the ex-prize fighter. Other players in the cast are Andrew Arbuckle, Otto Hoffman and Jack Dyer. Under the personal supervision of Thomas H. Ince himself, Victor L. Schertzinger directed the entire production.

Danish Girl Crosses Ocean To Wed Captain

BEAUMONT, Tex., Aug. 2.—Miss Marie Peterson traveled all the way from her home in Copenhagen, Denmark, to Beaumont to become the wife of Captain Julius Anderson, master of a cargo steamer that sails under the Danish flag. It was two years ago that Captain Anderson last visited Copenhagen and while there obtained the consent of his sweetheart, Miss Peterson to marry him. Their marriage was set for a later date on account of the war. Since that last trip to Copenhagen, Captain Anderson has sailed his vessel through the seven seas many times. He carried cargoes to and from English ports to Australia, and between other far removed parts of the world.

During all this time Miss Peterson waited patiently for the war to come to a close so that she could become the bride of her sea-roving lover. It was only at rare intervals that letters could be exchanged between the couple. Finally Captain Anderson determined that the separation should continue no longer. Upon reaching Liverpool from a long voyage a few weeks ago he sent a cablegram to Miss Peterson telling her to depart immediately for the United States and to meet him at Beaumont. She complied with the request and shortly after Captain Anderson's arrival here a few days ago his pretty Danish sweetheart came on from New York and they were immediately married by the Rev. W. J. Elmer.

In order that everything might be in regular form, Mrs. Anderson was signed on as mate of the steamer of which her husband is master. The day after the ceremony the vessel, loaded with lumber, took its departure from Beaumont for Manila, P. I., via the Panama Canal. It will be a long trip for Mrs. Anderson, but she is in good luck, for she entered upon the voyage in joyful mood.

WILSON WORKING ON ARMY VOTING PLAN

WASHINGTON, Aug. 2.—President Wilson and Secretary Baker are trying to evolve a plan to permit soldiers to vote.

Owing to the fact the voting machinery is provided by the States, the problem confronting the military au-

thorities to permit particularly Congressional election voting by the soldiers abroad is a most difficult one.

It is known however that the President is anxious to bring about a solution of the difficulty if possible. He has conferred with Secretary Baker several times on the point and some announcement as to the government's course is expected soon.

PRESS IN GERMANY IS LASHING PUBLIC TO DISPEL GLOOM

AMSTERDAM, July 31.—The impression that the Franco-American counter-offensive has made on the Germans at home is perhaps best illustrated by an article written by Deputy Traub of the Prussian Lower House in the *Franco-German* newspaper the *Taegliche Rundschau*. Traub fiercely lashes the croakers, "who dare doubt the official headquarters report of victory." He makes a desperate appeal for "more nerve" and "more faith," and blusters out:

"'Der alte Fritz' (Frederick the Great) walked the streets today and saw the people's faces he would say: 'Remember the Seven Years' War, when fortune was often dead against us. Why grumble because affairs on the Marne are not going as well as expected? Devil take you! You ought to be ashamed of yourselves!'"

PROSPECTIVE SOLDIER STUDIED HUN PROFANITY

BALT LAKE CITY, Aug. 2.—When the U. S. Marines march into Berlin there is going to be one Salt Lake representative peculiarly fitted to tell one William Hohenscholern just what Zion thinks of him.

For Cavendish W. Cannon, of this city, has enlisted in the Marine Corps. For several months prior to his enlistment, Cannon was studying German—but he insisted that his teacher school him in only one branch of the German language—profanity.

"I want to learn how to curse fluently in German," said Cannon when questioned concerning his peculiar studies. "So that I can tell Kaiser Bill and the rest of his gang just what I think of them. If I didn't know all the words in the German 'cuss dictionary' how could I do it?"
