ITALIAN BLOW IN ALPS IS EXPECTED

WASHINGTON, Aug. 15.—An Italian offensive in the Alps appears imminent, according to General Emilio Gugliemotti, military attache of the headquarters of the Italian supreme command.

The Italians are reported to have opened an intense artillery fire in the mountainous zone near the Swiss border along a front of approximately 25 miles. The sector is the highest of the entire battle line and has been practically free from fighting since the beginning of the war.

The Austro-Germans recently concentrated heavy infantry and artillery forces in the Trentino regions. The Alps are protecting the west flank of these forces. Military authorities here point out that a successful Italian thrust through the mountains would endanger the Trentino positions of the enemy and disrupt the plans for an Austrian mountain offensive.

The Italian attacks center against the enemy positions in the zone of Valtellina, on the Tonale and at the head waters of the Val Di Genova.

Alpine storm troops have taken Mount Montello and were reported as being advancing up Mount Alblino in the regions of the headwaters of the Val Di Genova. The battle line extends along the Austro-Italian frontier and stretches across several glaciers.

SOLDIERS' CLOTHES TO BE KEPT IN SHAPE

CAMP FREMONT, Aug. 14.—Brigadier General Joseph D. Litch, who is now in command of this division, has ordered that all the weekly inspection held here in the future all hats, shoes or any other articles of clothing or equipment which, in the judgment of

the inspecting officer, may be deemed in need of repair or cleaning be turned over to the conservation and reclamation officer for renovation. General Litch has directed that such articles be turned in for repair before they are worn beyond redemption.

Promotion to the grade of major has been given J. T. Westerman, until yesterday a captain, and in charge of the Development Battalion. He will retain his present assignment.

Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo. writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

Diarrhoea in Children.

For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appears.
