**Road Is Now Good**

Since the bridge at Thorn Hollow has been completed and put in use the road leading north through the canyon has been repaired by the county court and is now in very good condition for travel. Superintendent Swartzlander says this piece of reser-

vation road is now in better condition than at any time during the past ten years. House Watson of Thorn Hollow had charge of the construction work.

**Here From Kamela**

John Hoffman and members of his section crew were in town Saturday from Kamela. Mr. Hoffman says the new double track relay is almost completed. The recent weather has been fine for the construction work.

**Indians Have Thresher**

The Indian Department at Washington has purchased a new threshing machine and tractor for the Indians of the Umatilla reservation. The outfit has been received and is now threshing the grain of Jim Barhart on Tutuilla creek. Allen Patawa, Al-

bert Minthorn, Charley Van Pelt and Philip Jones will use the machine this season. These Indians have about 400 acres of grain to thresh. Parsons Motanic, who farms several hundred acres, owns a combine harvester and has completed his harvest.

**Will Live in Freewater**

**Companies to Report**

Companies A and C and the staff officers of the Umatilla County Guard are requested to report this evening at 7 o'clock at the carnival grounds.

**Dr. Haylor Leaves**

**Pilot Rock Dance is Success**

The military ball given Saturday night at Pilot Rock by the members of Company D, of the Umatilla County Guard was a decided success, say Pendleton people who attended. Several auto parties went to the affair from neighboring towns.

**Gets \$10 or Five Days**

Charles Bennett, an Indian, being short the \$5 fine, started this morning on a five days' jail sentence in the city jail. He was arrested on a drunk charge, having imbibed too freely on what the police call a blend of bitters and extracts. It is said to be a combination with a kick to shame a mule.

**Will Give Information**

The Home Service section of the Red Cross, with offices on the second floor of the Federal building, received notification today from headquarters to be ready to give information concerning the non-arrival of missing in amount of checks sent to relatives of fighting men. The notification urged that such relatives use the Home Service bureau to save confusion.

**Another Case of Bitters and Extracts**

Sampson of old, after his haircut, had nothing on Sampson, the Indian, who was hauled to the city lockup in a truck yesterday morning by Chief of Police Roberts, when it comes to loss of physical strength. The Indian had matched his strength against a denotation of "extracts," a few drinks of which rendered him helpless. In police court this morning he heard those favorite words of Judge Fitzgerald's "10 or five days in jail." He has made his start on the latter.

### Boys' and Girls' Club Work

A. Campbell, field manager or instructor for boys' and girls' club work in Umatilla county, will devote September to this part of the educational work of the county. There seems to be a great lack of interest in this work among the boys and girls of Umatilla county. Out of a total of 125 enrolled in the club work last year but one has reported so far to W. E. Green county school superintendent. This was Veta Wattenburger of Helix, who has completed her work in serving food preparation, but there may be a number of others reporting before

the close of the year for this work next month. Mr. Green says that to get the best results from this department of work with the boys and girls there must be some kind of a follow up system, otherwise the children lose interest in their work.
