

NEWS NOTES OF PENDLETON

report blanks from M. S. Shrock, county agricultural agent, which they are to fill with an account of how many bushels and the number of acres threshed. The report will be sent to Mr. Shrock, who will send it to the Department of Agriculture, which is using this method of checking up on the amount of grain threshed. There are approximately 649 threshing machines in operation in the county and the report will be for the entire season, both for 1917 and 1918. The blanks are accompanied by an appeal from Mr. Shrock to the farmer for support in aiding the government, and a franked envelope will also be enclosed to facilitate a quick reply.

Will Attend Elks Convention.
J. H. Estes will leave tomorrow morning by auto for Portland to attend the convention of representatives of the Elks lodges of Oregon to convene in a few days. Mr. Estes is exalted ruler of the Pendleton lodge.

Cold Spring Wheat Mostly Harvested.
R. O. Barnhart, the well known South Cold Spring farmer, is in the city today. He reports the harvesting in his section largely completed, though there are a number of fields between his place and Pendleton that have only been partly cut and a few that have not been touched. On the whole he estimated there is more than 75 per cent of the crop in that part of the county harvested.

Women Needed as Drivers.
Twenty-five women for motor drivers in France are wanted from the Northwest division by the National Red Cross, says a letter from headquarters today to C. E. Roosevelt, secretary of the Umatilla County Red Cross, in which he was urged to do all possible in aiding the completion of the quota in eight or six months. The drivers will be used for Red Cross ambulances, for ambulances, drivers, between stations and Red Cross hospitals, and will also be used to a limited extent for Canton service. Transportation will be paid, and it is expected that the women will volunteer free of charge but if necessary 450 francs a month will be allowed outside of Paris and 600 francs in Paris.

Carl Engdahl Past Danger.
Carl Engdahl, of Helix, who has been ill for several weeks with a severe attack of typhoid, is improving slowly. Latest reports from St. Anthony's hospital say that Mr. Engdahl is past danger now and his condition is no longer critical.

Driving Combine.
H. S. Hixby, principal of the school at Nalla is in the city today. Mr. Hixby has been driving a combine harvester since the opening of harvest and is taking a rest because of the rain.

Will Teach in District No. 21.
Elnie M. Striver is here for the day. She is getting ready for the opening of school in district No. 21. Miss Striver taught in this district last year.

Frank Enbusk is Here.
Frank Enbusk, local high school boy who enlisted in the navy shortly before commencement time, is here on a furlough. He was for a time in Alaska waters.

Will Inspect Farm Record Books.
The farm record books recommended by M. S. Shrock, county agricultural agent, now in use by about 45 farmers in the county, will be looked over by Mr. Shrock this week. This is the first time the new record books have been used here, and he says he is very anxious to determine how successful the system has proved. The books reduce bookkeeping to its simplest form and provides a record of the profit and loss on the farm for the season.

Getting His Combine Ready.
George Stanger finished his harvesting several days ago, and put up his combine thinking that he has closed another successful season, and so he had for himself, but his neighbors have been held up with their harvest and now Mr. Stanger is getting the machine ready to help finish the harvest for Fancher Brothers. This is a neighborly act that will be greatly appreciated by the brothers, and with a few days dry weather they will have all their grain in.

Wants Divorce.
P. Grant Hamm has entered action in the circuit court asking a divorce from his wife, Mattie B. Hamm. The complaint says they were married at Blair, Wash., in September, 1906, and they have three minor children living. The plaintiff charges the wife with infidelity and desertion, alleging that in December, 1917, she left him taking the children, and was later found at Moscow, Ida. He also says the juvenile court of Wallawa county afterward took the children from defendant. Plaintiff asks for a decree of divorce and custody of the children. S. A. Lowell is attorney for plaintiff.

Will Send Out Report Blanks.
Threshing machine owners in Umatilla county will receive next Monday

Heavy Rain is Reported.
HEPPNER, Ore., Aug. 21.—Following almost a week of showery weather heavy rain visited Morrow county last night, lasting several hours and adding 1.26 inches. Frank Gilliam, local weather observer, reports that it was the heaviest steady rain the county has experienced in more than 20 years, and some damage was done to wheat stacks which were unfinished or opened for threshing. Much benefit will result by the fall pasture, however, and the summer fallow land.

Loss of Vitality is Lost of the Principles of Life.
Loss of vitality is lost of the principles of life, and is early indicated by failing appetite and diminishing endurance and strength. Hood's Sarsaparilla is the greatest vitality-builder—it acts on all the organs and functions, and builds up the whole system.

Convert Shot by Guard.
WALLA WALLA, Wash., Aug. 21.—While endeavoring to escape from the State Penitentiary about noon today Fred Johnson, better known as "Tiger" Johnson, was shot and killed by John Davidson, a guard. Davidson was exonerated by the coroner. Johnson was assisted by John Vandell, who murdered E. W. Olson, state industrial insurance commissioner.

Rent Hog is Under Fire.
TACOMA, Wash., Aug. 21.—Tacoma shipyard men are going right after the rent hog with the full approval of Charles M. Schwab, director of the United States Emergency Fleet Corporation, who has advised the workers to go ahead and get proof and he will help with the rest. "How to Get the Rent Hog" is the title of a bulletin posted at the shipyards as the first step in stamping out extortion. W. E. Ruemelin, service and conservation agent at the Wright shipyard, is author of the bulletin, which advises the men how to go about gathering evidence against those who would graft on renters.

Seattle, Aug. 21.—Sale of the entire fleet of the Pacific Coast Steamship Company for a sum given as \$4,000,000, to the Pacific Steamship Company, of which H. P. Alexander is president, is reported, according to advices received in local marine circles today. The deal, it is said, will be consummated at a meeting in New York soon.

Simple diet is best for many diseases.
bring many diseases
—Pills 61-115

Tasteless, Colorless, Odorless

Constipation comes from imperfect elimination.
The original cause, of course, is over-eating, worry, insufficient exercise, concentrated foods and other modern evils.

The best way to help Nature lubricate the intestines is by using Stanolax.

Stanolax has none of the disagreeable features of old-time remedies. Stanolax is not a cathartic. It contains no harsh nor habit-forming drugs. It is entirely mechanical in action.

A child or an invalid may take it—for there is not the slightest physical strain—no violent reaction—no weakening.

STANOLAX FOR CONSTIPATION!

STANOLAX is for Sale in Pendleton by THE PENDLETON DRUG COMPANY

On Third Trip Across.
Ralph Hargett, who is a member of the navy and well known in Pendleton, is at present on his third trip across the ocean.

Will Attend Meeting.
E. J. Burke expects to leave next Monday for Portland to attend a meeting of the wool valuation committee. He says that latest reports show that wool is moving as fast as can be expected under existing circumstances.

Drilling in Rain.
Harry Chambers, who is at Eugene attending the University of Oregon summer camp, says that the heavy rain and stormy weather there does not stop the drilling, and all field work continues as before, in spite of muddy grounds.

Has Injured Arm.
Fred Reese has a bandaged left arm as the result of an accident which happened recently on his farm north of town. The accident occurred when the arm was struck while Mr. Reese was repairing an engine. While not serious, the injury is causing him some pain.

Discards Crutches.
Raymond Reese, the nine year old son of Mrs. G. E. Reese who was injured some time ago by a fall from a tree, has discarded his crutches and is now walking with only a slight lameness. He was in a wheel chair for several weeks.

Has Tonsils Removed.
Miss Alberta Cavendar, who was a member of the high school faculty here last year and who will arrive soon to take up her duties again, is recovering at her home in Portland after having her tonsils removed at the Good Samaritan Hospital.

Is New Employee.
Miss Lillian Ware, formerly employed in the First National Bank, is a new employee in the office of the Pacific Grain Co. on Court street. Miss Ware is fully recovered from an attack of small pox from which she suffered for two weeks.

Home Service Section Busy.
The Home Service Section of the Red Cross, with local offices on the second floor of the Federal building, is kept busy with inquiries from relatives of men in the service. Allotments

and insurance are frequently the source of inquiry, but that at present most of the questions asked are concerning mail, sent to men over seas. During the absence of Mrs. George Hartman at Seaside, and Miss Beth Smith at Long Beach, Miss Laura Jerard is in charge.

Resigns as Local Leader.
Miss Evelyn Sommarville today resigned her position as local leader of the Pendleton branch of the Girls' Honor Guard. Miss Sommarville gives as her reason the fact that she is unable to give all her time to the duties of the office and therefore feels it necessary to resign. Mrs. Harry Chambers, vice-leader of the guard, will act as leader until election of officers in the second week in September. Mrs. Chambers has charge also of the comfort kits for the Red Cross.

Echo Women Show Interest.
Echo women are very much interested in the new sugarless canning, says Miss Lorene Parker, home demonstration agent for this county, who conducted a demonstration there yesterday which was attended. Mrs. C. W. Conners of Stafield had charge of the publicity for that place, and a number of women attended from there. After the jelly-making course was completed a general discussion of canning followed, including vegetables, fish and meats. Miss Parker is in Pilot Rock this afternoon conducting a similar demonstration.

Boys Are Vaccinated.
A letter received today by Manuel Friedley from his son, Enoch Friedley, who left recently for Portland to enter Benson Polytechnic school, says that all the men from this county have been vaccinated and will be in quarantine for 21 days. He says that he and Johnny Lorenzen are at present doing blacksmithing work while Henry Rhode is employed as a carpenter. He mentions meeting two Baker boys, First Sergeant Frances and Corporal Landreth, who are instructors, and who were on the Baker high school football team when Enoch played for Pendleton.

Leaves for Glacier Park.
L. J. Goldman of the United States Biological Survey left today for Glacier national park, where he will organize the work of the survey for the

Advance Fall Styles

Here you will find the clothes you need for Fall.

We have made a careful study of what men wear in the country, for business in the city, and when they are roughing it. Perhaps we can be of assistance to you. Anyway, we have the clothes and furnishings you will want. Put us to the test. Come in and see.

The Wright Auxiliary Transmission

We invite all Ford owners to call and investigate this transmission which gives the Ford two additional speeds; an intermediate and an extra low (or extra high gear optional). Let us put it on your Ford. Use it ten days, and if you are not absolutely satisfied, bring it back and we will remove it free of charge. It won't cost you a cent to try it ten days. We feel certain a trial means a sale, otherwise we could not afford to make such an offer.

QUALITY SERVICE

Buy Winter Apparel Now!

Suits and Coats at a saving of 20 to 30 Per Cent

These are unusual times—war times—and market conditions are, in many instances just the opposite of what they would be normally. In the past you expected to pay higher prices at the beginning of the season when the new merchandise was first brought out, but this season lower prices will prevail at the beginning of the season. There is a marked scarcity of materials of the better kind, and you will profit by choosing Winter Suits and Coats now.
