THRIFT STAMPS TO GO WITH GASOLINE

TACOMA, Wash., Aug. 21.—Every motorist who purchases gasoline to the amount of \$1 or more in Tacoma this week will be asked and expected to buy at the same time one or more thrift stamps. All gasoline stations in the city today became agencies for the sale of the little kaiser-stamped under instructions from G. H. Richardson, local manager of the Standard Oil Company, in charge of the sale.

WORST NIGHT OF LIFE; HUN IDEA OF U. S. ATTACK

WITH THE AMERICAN ARMIES IN FRANCE, Aug. 22.—Lieutenant Almonds of the 2d Battalion, 48th Regiment, 28th Division, was a medical German who kept a diary of his career as an officer. Here are two entries from his diary:

"June 7.—In the night of the 6th and 7th we will relieve the front line. It must be a sad outfit which allows itself to be thrown out by the Americans.

"June 9.—The worst night of my life. It is a wonder that the fellows were all at their posts when the Americans attacked. The attack, thank God, was repulsed. God has mercifully preserved us."

It was after the next attack, apparently, that the lieutenant ceased keeping his diary.

ALIBED WORKMEN IN MEXICAN OIL FIELDS THREATEN TO FLEE

WASHINGTON, Aug. 22.—Skilled American and British workmen in Mexican oil fields are threatening to leave, alleging their lives are unsafe, representatives of the private oil interests declare.

State department officials had heard nothing of such a step recently, although for many months skilled workmen have been dissatisfied with their protection.

Exodus of these men would hold up the oil supply to the navies of England and the United States and would be a serious blow to war plans.

Bandits have recently robbed and murdered several white workers in the Tampico district and a number of payroll robberies have occurred, oil men here say. Foreigners are not permitted to carry arms for self defense.

COMB SAGE TEA INTO GRAY HAIR
DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 40 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a comb or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

More than 3,000 women and girls were on parade recently in the opening of the Red Cross drive in Madison county, Indiana. Only four men were in the parade. Two were bandmasters, one drove a float and another rode in an ambulance.

RUSSIAN FRONT RESTORATION IN 1919, BELIEF

Events Sweeping Country Back Into War, Arbogation of Treaty Expected.

END OF BOLSHEVIKI NEAR, INEVITABLE

Big Question is Who Will Succeed Present Government.

BY JOSEPH SHAPLEN
(United Press Staff Correspondent, who arrived today from Russia.)

NEW YORK, Aug. 22.—Events are sweeping Russia back into the war. There is every reason to hope now that next summer will bring restoration of the eastern front. The abrogation of the Brest-Litovsk peace treaty may be expected any moment.

That the end of the Bolsheviki is near has been pointed out repeatedly in United Press dispatches. I have never been so convinced of it as I am now. The big question was who would succeed them. Germany has felt the inevitable downfall of the Bolsheviki. The late Count Mirbach's principal work in Moscow was to prepare for the downfall of the Bolsheviki and the establishment of a government similar to that of Skoropadsky in the Ukraine.

German Plans Frustrated.
But Russia's passion for freedom and unity has frustrated the schemes of Germany. There will be no Skoropadsky government in Moscow. The constituent assembly, composed of an overwhelming majority of Social revolutionists and Socialists of the Menshevik groups, are coming back into power. Their first act will be an announcement to the world that the shameful Brest-Litovsk treaty no longer exists, that the revolutionary democracy of Russia does not recognize it. An open invitation to the allied governments to send an army into Russia to help reorganize her military forces for a renewed fight on Germany will follow.

Revolutionists Wait Chance.
The constituent assembly and the party of the Social revolutionists have already expressed themselves in no ambiguous terms on the matter. They are now waiting and working unceasingly to rev. back into power to make their action an official call to the allied governments in the name of the whole people of Russia.

The United States is the country most trusted of all the allies in Russia. American help is eagerly awaited. It will be embraced with enthusiasm. Bolsheviki is dead. It is bankrupt. It cut its own throat when it signed the Brest-Litovsk peace treaty and when it broke, not in peace but in the bourgeoisie, as with the revolutionary democracy itself. There may be unity and, co-operation between the bourgeoisie and the bank-

LIFT OFF CORNS!
DOESN'T HURT AT ALL AND COSTS ONLY FEW CENTS

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug.

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati scientist.

rupt Bolsheviki. There never can be any co-operation between the latter and the revolutionary democracy. And that means the vast majority of the people in Russia.

Anti-Him Feeling Grows.
There is more anti-German feeling today than there ever was. The murder of Count Mirbach, the representative of German imperialism in Russia, was as symbolic of the downfall of the brief way of Germany over Russia as was the assassination of Von Pieve of the inevitable downfall of czarism.

Russia is coming back into the war. She is coming back to fight for the establishment of a reunited independent republic of Russia, and the democracy of the world may prepare to welcome her back into the fight.

Hogs Sell Highest for Quality; Tops Nation's Markets

PORTLAND, Aug. 23.—North Portland had quite a fair run of supplies for the day, with the totals in

all lines in excess of the same day a week ago.

Strength was shown in the swine division, with sales again at \$24 for tops. With a weaker tone and lower prices in the Chicago market for the day—tops there selling at \$50—the local market, comparatively speaking, is the highest swine trade in the entire country of all the recognized livestock centers.

Sales in general were made at well maintained values.

Loss of Vitality is loss of the principle of life, and is early indicated by falling appetite and diminishing strength and endurance. Hood's Sarsaparilla is the greatest vitalizer—it acts on all the organs and functions, and builds up the whole system.

MORE HOSTILITY TO U. S. EXPECTED

WASHINGTON, Aug. 21.—Open hostility by the Bolsheviki government to other American consular representatives in Russia of the same character that resulted in Consul General Pools at Moscow demanding a safe conduct from the country, is looked for.

Officials here made no effort today to discount the bitter hostility of the Lenin-Trotsky regime. Mr. Pools and his staff are believed to be en route to Stockholm.

Officials say that in turning the affairs of the United States at Moscow over to the Swedish representative the consular general acted in an entirely proper manner.

It is expected here that Americans in every section of Russia which the Bolsheviki control will make their way either out of the country entirely or into the sections controlled by the government of the North and the Czech-Slovaks. So far there has been no interference with Americans anywhere, although there have been numerous arrests of British and French subjects.

The situation in and about Archangel, where the government of the North is in control, is reported here to be excellent from the viewpoint of the allied governments. The new control there is co-operating in every way with the allied diplomats and Ambassador David R. Francis is the chief adviser of the new officials.

The latest reports reaching diplomatic circles are that the army being formed there has been well armed and equipped with rifles and munitions that were stored at Vladivostok, and that it will prove a serious menace to any German-Finnish expeditionary force that may be sent against it.

In general the Russian situation is moving well, so far as the interests of the allies are concerned. Every day finds the influence of the Bolsheviki weakened, while in the Ukraine the anti-German feeling is becoming intense.

QUIT MEAL WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fall to filter the waste and poisons from the blood, then he gets sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in the urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful after-noon lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Catarrial Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure catarrhal deafness and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous membranes of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars Free. All Druggists.
