Stewart of Roseburg and Frank J. Lonsgrain of Portland. Klamauch Falls was chosen as the 1919 state convention city.

**\$10 TAX ON PROFESSIONS IN WAR BILL**  
WASHINGTON, Aug. 29.—Special taxes of \$10 a year on occupation of profession, except the war industry trades, farmers, teachers and ministers of the gospel, were written into the \$2,000,000,000 war revenue bill by the house ways and means committee. A similar tax was placed on any business with receipts of \$2000 a year or more with a levy of \$25 a year on wholesale houses with receipts of \$200,000 or more.

**Chamberlain's Cough Remedy.**  
This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scraby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

**Diarrhoea in Children.**  
For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic, Cholera and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appears.

Germany is making a new peace move. The State Department disclosed the yarn with the statement that nothing official has come here regarding peace.

In other high Government quarters the talk was frankly labeled German propaganda of an old, familiar type. Its purpose, officials said, was to cause a let down in American effort. The bores would have this nation relax under the thought that recent victories spell the end quickly and that the German is ready to quit now.

**Indiana Governor Will Recover From Automobile Injury**  
INDIANAPOLIS, Aug. 29.—Governor Goodrich, who was seriously injured in an automobile accident last night, is reported resting easy this morning. His condition is not so serious as first thought. He will recover.

**CZECHO-SLOVAKS IN DIRE STRAITS IN EAST SIBERIA**  
LONDON, Aug. 28.—The Czecho-Slovak position in Eastern Siberia is considered very serious, says even if the Allies were accorded regarding operations beyond Vladivostok—which they aren't—America is not convinced of their ability—a relieving force could not be got to Peking in time.

Negotiations with Washington are proceeding, but it seems to be thought here that the State Department's stand is not likely to be altered.

The only hope for the Czechs is that the Austro-German Bolshevik forces also are suffering from lack of food as the countries through which they are operating had already been denuded.

**Celebrate Strike Victory.**  
LONDON, Aug. 29.—Conductors and clerks of the tube trains celebrated yesterday as a holiday on the occasion of their victory in the 1918 general strike which lasted for 24 hours.

**BRITAIN DECIDES EACH DOMINION HAVE MINISTER**  
LONDON, Aug. 29.—According to the Times, the imperial war cabinet

has decided that each dominion of Great Britain shall be represented by a minister stationed permanently in London.

**GRIL 17, SENT TO HOME, SEEKS DEATH**  
OAKLAND, Aug. 28.—Emily Ferguson, 17, attempted suicide by taking poison today after being committed to the detention home. She will recover.

**ADMINISTRATION CHARGED WITH UNFAIR SECRECY**  
WASHINGTON, Aug. 28.—Republican senators yesterday charged the administration is trying to keep certain information from the American people and the war department is "seeking to run the war in executive session."

Torrential criticism resulted from an official order barring from foreign mails newspapers, letters and magazines containing "164" reports of the senate aircraft investigation committee published last week.

Leader said, "It is perfectly plain the administration expected to prevent criticism of the government, by having big newspapers which could printing their criticism rather than be barred from foreign mails."

**WILL IGNORE LAST MINUTE SURRENDER**

VANCOUVER, B. C., Aug. 28.—Germans who withdrew firing at American and Canadian soldiers as they advanced and then at the last minute throw up their hands on the "surrender" will not be taken prisoners, according to General Turner, who spoke at a Canadian army corps dinner in London last evening.

The general declared that the American forces decided when the Hun surrender after the advancing troops have reached 200 yards of the Germans they have no chance of being taken prisoners, but will be treated as if they had elected to die fighting.

According to the Times, the imperial war cabinet
