SPOKANE, Aug. 28.—That the I. W. W. have started a comprehensive plan for a general strike to force the Government to free "policital pitsoners was disclosed here Thursday at the hearing of W. E. Hall, before United States Commissioner Dirks.

The testimonal to general strike to force and sought no cover, which is responsible for the large casualties.

First gainst Two. It is not reasonable to expect two weeks of outline to overcome the effect of fifty weeks of continement. Take Hood's weeks of continement. Take Hood's earner here from Chicago directly after the L. W. W. trials closed there and that he was commissioned to work for a general strike.

victed in Kansus City and Thomas CHRISTIAN SCIENTISTS AID ALL IN SERVICE

> centration Centers. (Boston Sunday Advertiser.) Christian Science camp welfare work is now being carried on in fortywelfare relatives. five army and navy camps in the United States under direction of the

welfare room attendants.

Cenducted at first independently, the camp welfare work has been merged with the war relief work which the Christian Scientists were doing in foreign countries before the United States entered the war. For both these nursues about one million both these purposes about dollars have been raised.

DOINGS OF THE DUFFS

The aim of the Christian Science camp workers is to be as helpful as possible to all the men in the camps the camps, has frequently been the means of changing a soldier's outlook from one of gloom to one of joy, and Science treatment.

Scientists, and particularly to give assistance which may not be available at the time or place through any of the other camp welfare agencies. A feature of this phase of the work is an arrangement for keeping soldiers and saftors in close touch with their relatives.

Quick Communication.

Christian Science services in hospital works work from medical nurses who had observed to be the beneficial effects of Christian Science treatment.

In or near numerous camps, the Christian Science committees have received by the relatives until their boy in camp should be prepared to forward money to them.

Quick Communication.

Realings Recorded.

Quick Communication, Indications that an "underground" is filled with uric acid.

Says, a well-known authority, who warms us to be constantly on guard stainst kidney trouble.

The kidneys do their utmost to free blood of this irritating acid, but become weak from the overwork, they get singgish; the eliminative tissues clog and thus the waste is restained in the blood to polson the ensure of the blood to polson the ensure of the committee of the state of the waste is restained in the blood to polson the ensure of the committee of the state of the waste is restained in the blood to polson the ensure of the committee of the first independently, the committee of the committee in the committee in the committee in the committee of the committee in cach state.
