FOUNTAIN OF YOUTH.
It is not a myth, but a reality and women may find it in perfect functional health. Women who want to grow old gracefully should guard against all organic weakness and depletions, and at the first symptoms of such conditions resort to Lydia E. Pinkham's Vegetable Compound, nature's own root and herb remedy, to restore health. For three generations women of America have depended upon this successful remedy and have found no other medicine to equal it.

KAISER DECLARES WAR DUE TO ALLIES' ENVY TO GERMANY

AMSTERDAM, Sept. 12.—Germany has no hatred, only honest wrath, the Kaiser said today in a speech to Krupp workers. "Germany's enemies began the war because they were envious of Germany's prosperity. Their envy became hatred when their calculations failed. Germany is only fighting for her existence and what fight the haters through."

FRENCH REPORTED AT ST. MIHIEL.

LONDON, Sept. 12.—North of St. Mihiel the Americans have captured Compiègne. It is learned here this evening. It is reported the Americans have reached the western outskirts of Demmartin-La Montagne. The French are reported in the western outskirts of St. Mihiel.

PRISONERS PILING UP.

The number of prisoners is probably large. Groups of 50 and 100 are passing through villages near the front. Many prisoners are from the tenth division, a crack organization which participated in the Marne offensive of July. The French are advancing on a 25 kilometer arc between the points of the American attack. They are starting the encirclement of St. Mihiel.

of a right angle beginning at Verdun then turning about 20 miles south to St. Mihiel and turning eastward 25 miles toward the German border. The Meuse and Moselle rivers are the boundaries of this 25 mile stretch.

May Surprise Hindenburg.

The country is hilly and heavily protected with artillery. Nevertheless Hindenburg may well have been forced by his search for manpower to have decided to relinquish eventually the St. Mihiel wedge. It is improbable he has completed his preparations so soon for this operation and the Americans may have caught him off guard by today's attack.

Good for Biliousness.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

Good for Biliousness.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly. Miss Emma Vanhook, Linn, Ohio."

Stomach Trouble and Constipation.
Those who are troubled with indigestion and constipation may find permanent relief by taking Chamberlain's Tablets. Roy E. King, Okanogan, N. Y., writes, "Chamberlain's Tablets cured me of a bad case of stomach trouble and constipation."
