The Kopper Kettle

THINK OF IT!

This is the greatest ROUND-UP we ever had — When the World Series was a mere burlesque of what it use to be—when so many of our boys are off rounding up the Huns—when we are over the top with our quota in every drive, we can still put over the ROUND-UP as it has never been done before.

---BECAUSE IT IS FOR THE RED CROSS

AND THINK OF THIS:--

Lots of Pendleton people have just a little more NOW because they have cut down their automobile expense. They did it by using DIAMONDS —by getting MORE MILES FOR LESS MONEY. Every tire the big DIAMOND factories can make is demanded by a SATISFIED USER.

When you want Tires it is best to see us because we sell

Diamond Tires
