Why Buy Clothes at The Peoples Warehouse

Maybe you've asked yourself that question: Why The Peoples Warehouse, with all the other clothing stores in Pendleton.

If you haven't, we'll ask it for you; and then answer it.

This is the answer: YOU WANT TO BE SURE.

Buying clothes this fall is a much more important matter than ever before. There's an element of service to the country in the simple act of paying your money for a suit or overcoat. You want to be sure; and when you buy Hart Schaffner & Marx clothes you know; everybody does. There's a certainty of quality about them and it's guaranteed; all wool, fast dyes, fine tailoring and styles that don't waste fabrics.

SPECIAL VALUES AT \$45

This is a good price for you to pay, not for the money we get but for the quality you get. Hart Schaffner & Marx clothes at these figures offer unusual values. They are the kind of clothes that will save money for you and resources for the nation because you won't have to buy so often.

Here are new military styles for young men and conservative suits for business men, and smart overcoats; suits for every figure, no matter whether you are stout, extra tall, slender or extra stout.

SUITS \$20 TO \$70.

... WAIST SEAM MODELS FOR YOUNG MEN ...

This is the most popular idea of the year. Military models with seams at the waistline that go all the way around the coat, or only at the sides or in the back, slash pockets, military fronts. There are any number of designs that Hart Schaffner & Marx have produced for us. None of them use any unnecessary cloth, and that's important, too.

The new ideas in overcoats here; waist seam models, slippers, ulsters, dress coats, box coats; anything you want. We will be glad to show them.

OVERCOATS \$15 TO \$100.

VERNE BOYNTON IS FIRST SERGEANT

Verne Boynton, son of Mr. P. W. Boynton of this city writes to his parents that he is now first sergeant of a medical detachment in a replacement battalion. He says that he has been transferred so much that he has not heard from home for three months, and has had only one letter since leaving the states. Following is the letter:

Somewhere in France, Sept. 5, 1918.

My Dear Folks:

It's been several days since I wrote you. Part of the time I was in a place where no writing paper was to be had for love or money and the last few days I've been pretty busy. I'm a long way from where my last letter was mailed in the direction of the front but am still several kilometers from the front line.

I'm settled, I think for some time, and have a fairly good job as first sergeant of a medical detachment in a replacement battalion. Have comfortable quarters and I'm fairly well satisfied.

Sheldon Ulrich was in the camp when I first came. We had quite a visit and believe me, it was good to see someone from home. He hadn't had mail for a long time either, so neither of us were able to give the other much home news. Do you folks realize that it's been over three months I've had a letter from you and that I've had only one letter since I left the states? I know there "are lots of them somewhere in France and if I'm lucky maybe I'll get them sometime.

There isn't anything to write about and I'm busy, very busy, so I'll call this a letter and write a long one when I get time. Give my best regards to all my friends and kiss the little boys for me. Love to all.

SERGEANT W. V. BOYNTON, Medical Department, First Corps Replacement Battalion, American E. F., France.

IS IN NAVAL HOSPITAL

G. R. Daggert, local boy in the U. S. naval hospital at Seattle, writes that he has been made a first class private with increased pay. He is expecting to be sent to Washington, D. C., about October 15. Young Daggert is the son of Mr. and Mrs. A. L. Daggert of Pendleton.

HIT CLOSE TO HITNER

In a letter to his sister, Mrs. W. A. Storie, Roy W. Hitner, in France with the Red Cross forces, tells of work close to the front. Hitner is slated to return to America in November. His letter in part is as follows:

"The last two weeks things have been a little more lively with us. One of the regiments of our division took a French town which the Germans had held for four years and we had several killed and wounded, and a good number gassed. I was out in part of it and had the interesting experience of having big shells bursting all around us. One hit 50 feet from me but as I had the protection of a six foot trench the only damage was getting scared some.

"We have finally moved out of the trenches after three months in the most beautiful part of France. We are now in a large town several miles back of the line and will be here for about ten days after which we expect to be sent over to where hell has been popping."

BISHOP CURRIE DIES ON TRAIN

BALTIMORE, Oct. 1.—Bishop Charles William Currie of the Catholic church died on a train this evening when on his way from Waldorf, Md., to this city.

Bishop Currie had been in apparently good health and confirmed Sunday at Waldorf, southern Maryland. He was pastor of St. Mary's church at Washington, D. C., before being named bishop of Baltimore, Md., in 1917. He was long active in Indian mission work and was a member of the National Bureau of Catholic Indian Missions.

LOCAL BOYS TRAINING AT HILL MILITARY ACADEMY

PORTLAND, Oct. 1.—(Special)—

Several boys from the eastern part of the state are among the cadets entered at Hill Military Academy this summer. Jerry L. Davis of Pendleton; Willie Blaine of Harney Co.; Adolph Carl Hayden, formerly of Pendleton; and Edward Hayden, now of Echo, but who attended school in Pendleton, are among those who are taking a special interest in football and military drill which are the two big features, outside the academic work. The cadets are getting quite proficient in drill already and each day their trained officers have them out drilling and then the coach puts them for football. They will have a dance soon to give them a little social interest. The Hill dances are well chaperoned and delightful affairs.

CAMP COOKER MUST WEAR HIS UNIFORM

WASHINGTON, Oct. 1.—The secretary of war has authorized certain regulations having authorized the use of a special uniform for the camp cookers in the army.

"The medicines we have used Dr. Caldwell's Syrup Pepsin in the treatment of our children could not possibly be without a sociality for the children." (From a letter to Dr. Caldwell written by Mrs. Earl Cowell, Cement City, Mich.)

Children become constipated as readily as do their elders, and the result is equally distressing. Dr. Caldwell's Syrup Pepsin is ideal for children because of its pleasant taste, positive, yet gentle, action, and its freedom from opiates and narcotic drugs.

PLAN FOR RETURN OF U. S. SOLDIERS

Troops Not Expected to Favor Movement to Locate Them on Farm Lands.

ATLANTIC CITY, N. J., Sept. 26.—Speakers at the American Hospital association convention here declared returning soldiers would not be so favorable to "back to the soil" investments as is generally believed. The training, they said, would create a desire to enter commercial and technical work.

"It is a widely prevalent misconception that these men who have touched it in the open will never go back to inside work," declared T. K. Kildner, vocational secretary of the Invalids' committee of Canada. "Most of them have had enough of the soil to last them the rest of their lives."

Of the 23,000 soldiers sent back to Canada, he added, only 1400 had undergone major amputations and only 60 were blind. Canada is offering training in 200 occupations for such veterans, and America will give more than that, the speaker said.
