**BIOLOGICAL SURVEY WORKS BIG SAVING**  
(Continued from page 1.)  
INGTON, D. C., who is in charge of economic investigations for the bureau. He arrived in Pendleton this morning for a visit at the local office of the survey and to discuss plans of work for the coming year with the local predatory animal force.

**do to with birds and animals and their relation to agriculture. Just at this time all efforts are being put forth to save grain crops and livestock from the ravages of noxious rodents and predatory animals.**

**To give some idea of the possibilities and importance of this work he called attention to the fact that if all the prairie dogs could be exterminated throughout their range the forage thereby saved would maintain a million more sheep than the ranges now maintain. This is in addition to the great saving to agricultural crops.**

**In cooperation with the state of North Dakota, the bureau has carried on an intensive campaign against rodents during the past year in that state. More than 14,000,000 acres were covered, 34,000 farmers participated and saved about \$1,000,000 worth of grain.**

**Similar campaigns, though not on quite so large a scale, have been carried on in other states. Approximately \$2,500,000 worth of grain were saved in Montana and a million dollars worth of grain was saved in the state of Idaho. It is hoped that during the coming year it will be possible to extend the cooperative campaigns to other states in which ro-**

The campaign of the Fourth Liberty Loan is in progress. The result of the loan will be watched with keen interest in Europe not only by our associates in war against the Teutonic powers but by our enemies. It will be regarded by them as a measure of the American peoples support of the war.

The loan will be a test of the loyalty and willingness of the United States to make sacrifices compared with the willingness of our soldiers to do their part.

There must and will be no failure by the people to measure up to the courage and devotion of our men in Europe. Many of them have given up their lives; shall we at home withhold our money? Shall we spare our dollars while they spare not their lives? Buy Bonds NOW.

## You Can't Rub It Away; Rheumatism is in the Blood

### Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, ointments and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease.

S. S. S. has never had an equal as a blood purifier and source of suffering may that it has cleared the blood of Rheumatism, and removed all traces of the disease from their system.

Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.
