REPRISAL

THE allies will be justified if they promise punishment in case the retreating Huns destroy towns in Belgium and northern France. The Kaiser's men have wrought horror enough to the people of the invaded territory. For them to destroy cities and homes in their retreat reveals a spirit of pure depravity that cannot be tolerated. Such work can be of no military value. Its only result will be the further impoverishment of a land that has already been subjected to the greatest outrages and injustices.

What punishment should be meted out to the Germans for such wanton devastation is not easy to say. The retaliation, however, should be upon the government and the army officers, including the Kaiser, who are responsible, not upon German civilians.

Many believe that as a first step towards dealing with the Kaiser it would be very appropriate to hang him.

THE FOURTH LOAN IS THE FIGHTING LOAN

AS the campaign for the Fourth Liberty Loan is conducted the American Army in France moves on toward Berlin. Under our own leaders the great American Army has won a notable victory.

The Fourth Loan must be a great success. The Fourth Liberty Loan is a fighting loan.

When our soldiers on the battle front are braving death, each one offering to make the supreme sacrifice for his country and the great cause, we who remain safely at home surely should give them every support, should make every sacrifice to strengthen them. If we can not fight ourselves we can make our dollars fight.

It is a great cause for which America is engaged in this war; it is a great struggle in which the very hope of the world is bound up that is being waged in Europe and on the high seas. It is an honor to have a part in it and all Americans, all of their lives, will be proud of the part they had in it or ashamed of their failure to do their part.

The Fourth Loan is a fighting loan. Every subscriber to the Loan strikes a blow for

Women to Enter Ministry.

EUGENE, Oct. 4.—The enrollment of students at the Eugene Bible College is approximately the same as it was at this time last year, according to figures given out by President E. C. Sanderson. There are 25 students enrolled in the Bible college proper and about 120 in all departments of the college. The proportion of women in attendance has been greatly increased as a result of the war.

Merchant Badly Injured.

LA GRANDE, Oct. 4.—While attempting to help Grover Grinnett harvest his grain, Claude Seranton, prominent merchant of this city, was run over by a combine and severely hurt.

Nothing Will Be Saved.

TACOMA, Oct. 4.—Red Cross sweaters and other knitted goods for soldiers are to be issued through the quartermaster's department, according to instructions received here today from Washington. The new plan will make these goods articles of issue to the soldiers the same as clothing they receive from the government.

Logger Fasts 84 Hours.

ABERDEEN, Wash., Oct. 4.—Fred Loeffler, a logger who was one of the men who, while fighting fire in the Matlock district, had to flee for his life, had a terrible experience in getting out of the fire and smoke-covered district after he became separated from the other men who escaped. Loeffler, to save his life, followed the Wynoochee river and at many points was forced to wade some places almost to his shoulders to get away from the fire and smoke. He reached the headquarters of the Wynoochee, near the canyon, after being without food for 84 hours.

Huntington Has Cloudburst.

BAKER, Or., Oct. 4.—A cloudburst this afternoon did several thousand dollars' damage at Huntington and vicinity, inundated the railroad tracks at one point between Huntington and Snake river, halting railroad traffic indefinitely, and washed out numerous highways and small bridges.

Highway Work Will Wait.

EUGENE, Or., Oct. 4.—The state highway commission has canceled advertisements for the construction of 1918 feet of macadam surfacing on the Pacific highway from the Lane-Douglas county line north. A letter received in Eugene from Herbert Nunn, state highway engineer, states the action is taken because the United States highway council has refused permission for the purchase of cement, reinforcing steel, gravel and sand for the construction of the viaduct over the Southern Pacific tracks at Divide.

Loyalty Court Brands Two.

SALEM, Oct. 4.—The first session of the Loyalty court held here, with leading business men sitting as members to pass on the ability of local men to subscribe for the Liberty loan, brought about a resolution declaring that B. F. Ramp and C. W. Smith have failed to purchase the amount of bonds the court believes they should have purchased. Ramp is the socialist candidate for governor, and it is declared he has purchased no bonds at all, while Smith has bought of the third and fourth issues, but in a sum which the court deemed insignificant in proportion to his means.

Interstate Fair Draws.

PRINEVILLE, Or., Oct. 4.—Three thousand people attended the second day of Oregon's interstate fair. Showers yesterday morning put the track in fine condition and a large crowd of Indians, in full regalia, paraded before the grandstand. Canutt won the bucking contest. The cowboy race was won by Miss Clark, of Prineville. Hal (onward) was first in the three-hat trotting.

Hard Colds—People whose blood is pure are not nearly so likely to take hard colds as are others. Hood's Sarsaparilla makes the blood pure; and this great medicine recovers the system after a cold as no other medicine does. Take Hood's.

CODE ON STAMPS; U. S. HOLDS ALIEN

NEW YORK, Sept. 24.—Purchase by Joseph Wagner, German-born, of 143 worth of postage stamps in August on a \$12 a week salary as a jewelry polisher, has led to a federal inquiry as to whether he has used stamps for code purposes in communicating information to points outside the country. Wagner was arrested Saturday for a minor offense and was detained in jail today after being

Protect and Beautify with LOWE BROTHERS HIGH STANDARD PAINTS

These paints of proven performance show their quality by their looks, life and wear. Results have proved their certain economy.

High STANDARD saves money now and next time. It saves money "now" because a gallon covers more surface than a gallon of cheaper paint. You will need fewer gallons of High STANDARD. It spreads easier enabling your painter to do a better job in less time.

It saves money "next time" because High STANDARD is a long-wearing paint. You don't need to paint so often. And when after years of service it has gradually worn away, it leaves a good surface for repainting. This means saving of time and material.
