

# SOCIAL AND PERSONALS

Miss Mary Ritter, sister of Mrs. W. A. Storie of Pendleton, arrived last night from Portland. She was accompanied by Miss Blanche Mickey, and the two will visit Mrs. Storie. Both are teachers in the Portland schools and their vacation is occasioned by the Spanish influenza epidemic.

Miss Mabel Hemphill, who has been in St. Anthony's hospital the past four weeks owing to injuries received in an automobile accident, is able to return to her home at 813 Turner street.

In describing a charming wedding that of Miss Helen Smith of Wewahatchee, and Frank Van, of Portland, which occurred in the latter city last night, the Portland Oregonian says: "Following the ceremony a social reception was held and a wedding supper was served. The table was prettily adorned with roses in the mauve tones and fernery. Mrs. Paul Froelich presided at the coffee urn and Mrs. Vernon Cartwright served tea. Presiding at the punch table were Miss Marian Martin and Miss Madeline Burgess of Pendleton."

Mr. and Mrs. Clark Nelson returned last night from Chicago, Minneapolis and other middle west cities. They were met at Walla Walla by Mrs. Henry Collins and Mrs. E. J. Burke, and the party made the trip to Pendleton from Walla Walla by auto.

A meeting of the Current Literature Club scheduled for tomorrow has been indefinitely postponed until the removal of the influenza quarantine.

Miss Lillian Ware left yesterday for Athens to spend a few days there visiting relatives.

Mrs. J. E. Wilson is in the city from Helix today.

C. A. Bied of Walla Walla, is a Pendleton visitor today.

F. O. Spooner is in the city from Spokane.

W. H. Harthimor is here on business from Seattle. He is at Hotel Pendleton.

F. N. Lockwood, of Walla Walla, is a Pendleton visitor today.

C. F. Liebhart is here from Euhl, Idaho.

L. J. McIntyre is here from Milton today.

C. A. Frost of North Yakima, is in the city today.

Mr. and Mrs. Walter Woods of Dayton, Washington, were in Pendleton today.

Yesterday on their way to Long Beach, California, where they will spend the winter.

J. W. Owens is here from Walla Walla on business.

George Baer returned today from a vacation spent in Portland.

Wayne Blackard is in Pendleton for the day from Walla Walla.

Perry Simpson is a guest registered at the Hotel St. George from Ukiah.

J. C. Hayes is here today from Heppner.

J. F. Rehl is up from Hermiston looking after business matters.

George E. Blinn is a business visitor in Pendleton for the day from Hermiston.

Mr. and Mrs. D. A. Justus of Heppner, are visitors in Pendleton today, guests at the St. George.

R. H. Stanfield of Echo, was in Pendleton yesterday.

Harry Simpson, brother of Mrs. J. V. Tallman of Pendleton, arrived today from Beaumont, California, for a visit at the Tallman home.

## GOVERNOR BORROWS MONEY TO BUY AN EXTRA BOND

LOS ANGELES, Oct. 17.—Governor William D. Stephens yesterday purchased through Helen Keller, the famous blind, deaf and once mute woman, a \$1996 Liberty bond. To make this subscription, an additional one, the other executive of the state said he had to borrow the money.

"I think it the duty of every citizen to buy every dollar's worth of bonds in this 'Fourth Liberty Loan,' that he can in any way handle," declared the governor.

## DEAN WALKER LEAVES EUGENE

Charles "Shy" Huntington, Appointed to Succeed Graduate Manager.

EUGENE, Oct. 17.—Dean H. Walker, for more than a year, graduate manager of student activities at the University of Oregon, resigned yesterday and Charles ("Shy") Huntington, this year's football coach, has taken his place.

Walker has been ordered to Camp Zachary Taylor, Ky., to enter officers training camp.

## WITHDRAWAL ANNOUNCED

BERLIN, Oct. 17.—The war office today announced the German Flinders front has been withdrawn east of Thanncourt, Cookcamp and Ingelmann and behind Lille.

## WITH THE COLORS

News of Local Boys in the Service; Information for This Department Will be Appreciated.

## FROM ERNEST CROCKATT

Paul Callison has received from Ernest Crockatt, recently wounded at the front, the following very interesting letter telling of the fight in which he was hurt:

Hospital, England, 9-3-18.

Hello, Old Scout!

About noon on September 2, I was hanging on the end of a Lewis machine gun giving Heine bursts of five at twenty-five yards. I had received your letter the night before in a dark fifty feet under ground and read it by a lighted rope dipped in my oil bottle. So when I was so peevishly employed it flashed on my ivory dome that I would give them one for you so I implored the magazine with good effect. Now at that time we were a mile beyond our objective and Heine's machine guns were rather thick so our platoon thought we would steal one on him. We had been advancing parallel with his general line of retreat but we found a communication trench running at right angles straight toward Berlin so down this trench we got bombing Fritz twenty feet ahead in the bay as they retreated. There were so many of them we had to take some prisoners whom we sent down the line to be picked up by the reserves.

About this time Heine made a stand by barricading the trench and playing on us with his machine gun. We soon found them on both sides and in front as we had come down the trench right into them. It was some hot all right. Thirty-two and only twenty left when I turned to call for another pan of ammunition about fifteen left when I called for a second pan and when I had finished my fourth "fifty" only eight of us remained.

Then something knocked me off the parapet and I really lost the gun. After loading a new magazine on the gun I climbed up and then our officer who had been wounded twice that morning told me to get down in the trench and get my shoulder dressed. That was the first I knew of being hit. The stretcher bearer found it was an explosive bullet wound inside so it went right down the line and after being cut open and jabbed and inoculated, etc., I landed in "Biggles" and good old England.

Two months will see me through, but I don't think I will see France until spring. I hear that only two hundred out of nine fifty in our battalion that "kicked off" last Monday are still in the game. I never saw a bunch of chaps stick closer and some of the boys will surely be decorated for their work.

I will stop for this time as my arm is sore and tired. Best wishes to you all.

Your old pal,  
E. L. CROCKATT,  
Pl. 2621892 E. L. Crockatt, 10th Cavalians, Army Post Office, London Eng.

## STEAMER LOST 30 DAYS AND IS THOUGHT SUNK

SAN FRANCISCO, Oct. 17.—The wooden San Gabriel, 500 gross tons, which left here Sept. 11 for La Paz, Lower California, with a general cargo, is thirty days overdue at her destination and has been given up as lost by officials of the Gulf Mail Steamship company. The vessel was commanded by Capt. Roger Allman and carried a crew of nineteen men.

Shipping off the Lower California coast suffered severely in a hurricane Sept. 11 and it is feared the San Gabriel foundered in the storm.

This old world will not rest easy until its vermillion appendix, irresponsible autocracy, has been removed.

William's concessions to democracy are likely to turn out to be only another scrap of paper.

## Can't Help But Admire Babies

Every Woman Cests Loving Glances at the Nestling Cuddled in its Bosom.

It is a joy and comfort to know that these little fellows of pain and other distress that we add to the world's suffering may be soothed. No woman need fear discomfort if she will fortify herself with the well known and time-tested remedy, Mother's Friend.

This is a most grateful, penetrating, external application that at once softens and makes pliable the abdominal muscles and relaxes the regular use of the muscles around the small strain when baby is born and pain and danger at the crisis is consequently less.

Women everywhere who have used this famous remedy, tell how they entirely avoided the excruciating pains of labor and the agonizing pains, and relate how they enjoyed entire freedom from the many distressing and disconcerting experiences usually incident to approaching motherhood.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom are suffering from nervousness, indigestion, constipation, and other ailments, and who find relief and comfort in its use.

Write the Bristol-Myers Co., 110 West 40th St., New York, N. Y., for their "Mother's Friend," an absolute and effective remedy, and in the meantime obtain a bottle of Mother's Friend from the druggist nearest you.

## OVER THERE WITH THE YANKS

BY J. R. GROVE

AIN'T it tough, after losing your way, when at last you find a little sign and you skid up and down the pole, and you light a dozen matches and at last you get up the pole and get a light going—and find this? Oh, it's a grand war, so 'tis.

## MOVABLE MOVIES NEAR FRONT NOW

(By United Press)

AT THE ITALIAN FRONT, Aug. 19.—(By Mail)—One of the problems with which the American Red Cross has dealt in the zone of war is the question of amusement for the soldiers who are sacrificing their lives for the cause of civilization.

The men who are sustaining and advancing the lines not only deserve recreation, but they absolutely require it in order to bear the nerve-strain of their grim task. This relaxation is furnished by rest-houses, canteens where American coffee and American jam are served, even in the rear vicinity of the front lines. But a more recent innovation under shell-fire is the moving picture show. This idea is fast becoming a reality through establishment of portable cinema machines, which can be carried around from one to another of the American Red Cross front-line canteens on an automobile, especially fitted for the purpose, giving entertainments at each stop. These cinematograph outfits will be placed on Ford chassis and completely equipped for their purpose.

Films Promised.

The plan is still a new one, which is being perfected by the Military Affairs Department of the A. R. C. One equipment of this sort has already been purchased, consisting of an Astoria moving picture machine and supplementary material. Other outfits will follow. Films have been promised from various sources, and it is hoped to establish a regular supply of pictures. Perhaps there will not be a Broadway standard of perfection in these dugout movies, but it will be as near it as the workers can make it.

There is one American Red Cross lieutenant in charge of a rolling-munition at the Italian front who has already forestalled the plan for a portable moving picture exhibition by establishing his own private show at his front-line rest-house. Lieut. Walterbury has found a comparatively sheltered corner near his canteen, where he has installed a moving picture machine, temporarily loaned to him by the Italian military authorities. The constant guns and the occasional bursting of shells form a realistic orchestral accompaniment to the show. It is very popular with the Italian soldiers during their short hours of release from trench and battery service.

4000 INFLUENZA CASES TOTAL IN CALIFORNIA

SACRAMENTO, Oct. 17.—Spanish influenza reports received by the state board of health show the total number of cases in the state has reached the 4000 mark.

New cases reported for Friday were 1776, the largest number being 500 from Long Beach, 307 from Los Angeles, 105 from San Francisco, 114 from San Jose and 77 from Pasadena.

Fresno has been attacked by the epidemic, 72 cases being reported this morning.

Stockton, Sacramento, Santa Rosa and Ukiahville have not yet reported any cases.

There are no army figures available from Camp Fremont. Kearny reports 95 cases, Stanford campus 150 cases and Fort McDowell 45 cases.

## ANOTHER LUXEMBURG PRINCESS IS BETHROTHED

Charlotte, Sister of Grand Duchess Marie, to Wed Brother of Austrian Emperor.

PARIS, Oct. 17.—A dispatch from Luxembourg today announced the engagement of Princess Charlotte, eldest sister of Marie Adelaide, the reigning Grand Duchess, to Prince Louis of Bourbon-Parma, a brother of the Austrian Emperor. The Princess is twenty-two and the Prince twenty-two and a half.

Just as soap and hot water get on the skin, cleaning, sweetening and freshening, so limestone phosphate and hot water get on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood while the bowel

## REMOVAL OF BAN ON PRISON MADE GOODS SALE WILL BE ASKED

SALEM, Oct. 17.—Governor Wilby, came announced to the state board of control Monday afternoon that he intended to ask to next legislature to pass a law removing restrictions against the sale of prison made products during the period of the war.

This announcement came after R. R. Godin, secretary of the board, stated that John C. Porter wanted action toward fulfilling the terms of a contract made with him, whereby the state was to use convict labor in removing lumber from his lands.

The governor said he wished to have the legislature remove the prohibition against selling convict made goods that the convicts might work up the hard wood on the Porter place and sell it for fuel while the state would retain the fir wood for its institutions.

In the language of the cockpit, the central powers cannot stand the gaff. Uncle Sam is no quitter. Besides, the quitting is not good yet.

KING ALPHONSO—SPAIN

## As the sun of life sinks toward the west

Life has been said to consist of a constant succession of breakdowns and repairs. In old age, the former predominate. The body machine is more or less worn out. Digestion is less perfect, elimination of waste is increased in quantity, but reduced in efficiency.

Hence, constipation is particularly pernicious. Constipation means more than mere failure of the bowels to move regularly and thoroughly. It means stagnation of the contents of the intestine, increased fermentation, putrefaction and germ action, the production of irritating and poisonous substances, that are absorbed into the blood and carried all over the body.

This is always serious—in old age it is especially dangerous. Constipation cannot be cured by drugs at any age. It is especially harmful to an aged person to use pills, salts, and similar strong purges in order to force the bowels to act.

But The Nujol Treatment for Constipation is not only safe, it is in every way efficient. Nujol is not a drug, does not act like any drug. Nujol helps nature to re-establish easy, soft, thorough bowel evacuation—as "regular as clock-work."

Nujol softens and keeps properly moist the intestinal waste. Nujol makes it easy for the intestinal muscles to act, and prevents them from overwork. Nujol absorbs poisons and carries them out of the body.

Get Nujol from your druggist and take it according to directions.

**Warning:** NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.

## Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folk battle infernally now instead of leading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestine of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the billions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, cold, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water get on the skin, cleaning, sweetening and freshening, so limestone phosphate and hot water get on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood while the bowel

## Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; Haying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.
