Pendleton merchants are well pleased with the recommendation of the executive committee of the Patriotic Service League for the adoption of the closing hours published yesterday. A number have expressed a preference for opening later than 7

a. m. and it is thought at a meeting with the committee this afternoon it will be decided to open at 5:30 a half hour later than the request of the committee. It is also said that the cigar stores are also talking of the adoption of earlier closing hours, it may be the same hours as the merchants. If the majority of the cigar dealers are in favor of the proposition it is possible such an order will go into effect.

### MILLIONS IN CINDER BANKS

LONDON, England, Oct. 28.—Waste of two and a half million tons of coal annually in cinders is estimated and steps are being taken to save this fuel. London alone, it is asserted, wastes a half million tons. The annual saving which may be effected, it is estimated, is more than \$10,000,000. Aside from the saving in money, it is the labor which would be saved. It would take 11,005 miners a year to produce the amount of coal which in heat value is lost in heaps annually.

## HOHENLOLLERNS MUST NOT DELAY PEACE

Censorship Leniency Evidently Preparing Public Opinion.

GENEVA, Oct. 28.—Peace must not be delayed a single day on account of the Hohenzollerns. If they are an obstacle to it, declares the Volks Freund of Karlsruhe, which also is permitted to speak of the disappearance of the superstitious belief that the emperor was chosen by divine right.

The Schwabische Tagwacht says that "everybody is now convinced that the allies will not accord Germany a cheap peace, but if the glory and power of imperial Germany is the price, the German people are ready to pay."

- How is what they have found found most essential and useful?
- A safety razor, shaving brush and soap, tooth brush and paste, chewing gum, playing cards, package of cigarettes, and a can of tobacco. Towel, wash-rag, soap, hard candy or chocolate.
- Asked what he thought most important, a doctor here replied "Chewing gum." Often patients cannot smoke, especially gas cases, or eating is difficult. Gum does them lots of good."

## GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

HAIR STOPS FALLING OUT AND GETS THICK, WAVY, STRONG AND BEAUTIFUL.

Your hair becomes light, wavy, curly, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderline hair cleanse." Just try this—moisten a cloth with a little Danderline and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderline dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knornton's Danderline from any druggist or toilet counter for a few cents.

## RANK SEDITION LAID AT DOOR OF CAPTURED RUSS

His bail was fixed at \$20,000.

## The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire. There is a harassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.
